编者说明

一、《上海浦东新区统计年鉴——2001》是一部集浦东新区资料于一体的大型工具书

全书通过大量的统计数据,以中英文对照的形式记录了浦东新区开发开放以来社会经济发展的历程,全面展示了2000年浦东新区在基础开发和功能开发并举的新阶段中,在经济、科技、重点开发小区和社会各方面的发展变化。年鉴为各级领导、理论研究和实际工作者,以及国内外各界关心上海浦东开发开放的人士了解浦东、研究浦东、参与浦东开发建设提供了案头工具。

二、全书内容分为综合、开发、产业、专题四大篇,内含综合、人口和劳动力、城市建设和公用事业、人民生活、固定资产投资、开发小区、要素市场、招商引资、工业、建筑业、国内商业和餐饮业、房地产业、金融业、对外贸易和旅游业、科技、教育、文化、体育、卫生、农业等十六章和浦东开发十周年、2000年浦东新区经济和社会发展综述、第五次全国人口普查上海市浦东新区主要数据公报和浦东新区经济社会环境科技协调发展研究报告等六篇专题调查资料。每章首页都附有统计指标提要 and 统计图。

三、资料中所使用的度量衡单位均采用国际统一指标计量单位。

四、本年鉴部分数据合计数或相对数由于取舍不同,产生的计算误差均未作机械调整。

五、本年鉴中有关工业、金融、保险、房地产开发等生产经营活动的主要指标,以及相应的职工人数和工资指标是按企业注册地口径统计的。

六、浦东新区在行政管理体制上于1995年11月撤乡建镇,实行镇管村体制。因此,本年鉴中有关“镇”和“镇及镇以上工业”等指标含义与全国的“乡”和“乡及乡以上工业”等指标的含义相同。

七、本年鉴中的符号使用说明:“#”表示某一指标的其中主要项;“…”表示数据不足本表最小计量单位数;“空格”表示该项统计指标数据不详或无该项数据。

八、《上海浦东新区统计年鉴》公开出版以来,受到国内外广大读者的爱护和支持,对此我们深表谢意,竭诚欢迎读者继续对本年鉴的不足之处给予批评和指正。

此外,本年鉴的编制还得到上海市统计局、上海市电信局、上海证券交易所、外高桥管理委员会等单位的大力支持,在此一并表示谢意。

11/12/01

EDITOR'S NOTE

Statistical Yearbook of Shanghai Pudong New Area (PNA) — 2001 is a large, comprehensive reference book. With great amount of data and in both Chinese and English versions, it records recent years' social, economic development in PNA. It describes the changes in economy, science and technology, major development zones in PNA's new stage of growth both in infrastructure and functional developments in 2000. It is a desktop tool - book meant for leaders at all levels, theorists, practitioners, and people at home and abroad who are interested in PNA, want to do research work on Pudong and intend to participate in its development and its construction.

The book falls into four parts: General Survey, Development, Industry, and Miscellaneous. They are broken down into 16 Chapters: 1. General Survey; 2. Population and Workforce; 3. Urban Construction and Public Utilities; 4. People's Living Standards; 5. Investment in Fixed Assets; 6. Development Zones; 7. Factor Markets; 8. Business Promotion and Foreign Funds Attraction; 9. Industry; 10. Construction; 11. Domestic Commerce and Catering Trade; 12. Real Estate; 13. Finance and Banking; 14. Foreign Trade and Tourism; 15. Science and Technology, Education, Culture, Sports and Public Health; 16. Agriculture. In addition, there are six Surveys including: A Review of the Ten Years' Development in PNA, Social and Economic Development of Shanghai Pudong New Area in 2000, Major Statistics of PNA from the Fifth National Census, and Research on Coordinated Growth of Economic, Social, Environmental, Scientific and Technological Aspects in PNA. For each Chapter, there are Summary of Statistical Indicators and related Charts at the beginning.

The units of measurement in this book are consistent with international standards.

No adjustment has been made to correct the deviations of some of the figures in the Yearbook caused by different methods used in rounding.

The major indicators on industry, banking, insurance and the corresponding number of employees and wages refer only to enterprises that have registered in PNA.

In November 1995, PNA rescinded township system and adopted town system. Villages are supervised by towns in the town system. Therefore, in this book, the meanings of "town" and "town and town - above industry" are the same as "township" and "township and township - above industry" in other Chinese statistical books.

Notations used in the Yearbook: "*" indicates the major item; "..." indicates the figure which is too small to be measured by the smallest unit in the table; "-" indicates the data unavailable.

The publication of Pudong New Area Statistical Yearbook has received great attention. Our gratitude and appreciation go to all the readers who have offered their comments. We welcome and are open to more comments and suggestions from our readers when presenting this new edition.

In particular, we thank Shanghai Statistics Bureau, Shanghai Telecommunication Bureau, Shanghai Stock Exchange and Waigaoqiao Administration Commission for their great support in the compilation of this Yearbook.
