Talk Time

闲聊

Scene 1

场景1

Mario and Lisa are good friends. They spend most of their time together usually learning new things but also enjoying life.

Today, Mario is reading <u>The South China Morning</u> <u>Post</u> while drinking some coffee. Lisa comes over to his apartment. She is wearing sports clothes.

MARIO: Did you read the latest news about the **economy**?

LISA: No, I've been at the gym all morning. Any more <u>WTO</u> news?

MARIO: Yes. Under the WTO deal, foreign banks can give **loans** to **mainlanders**.

LISA: But China doesn't have a credit rating system yet.

economy

经济 loan 贷款 mainlander 中国大陆居民 credit rating 信用评估

线使世界转起来

MARIO: The People's Bank of China recently launched a

scheme to set up a credit system. Shanghai will

pilot the scheme.

LISA: Shanghai is the best choice because of its banking

and legal framework.

MARIO: Setting up a good system will be difficult, but

having a database of the credit standings will

help banks to do business.

LISA: That's great. Everyone is

working hard at what they do

best.

(Mario puts the newspaper on the table.)

MARIO: What do you do best?

LISA: You should know. I've told you

many times.

MARIO: Aerobics?

LISA: You're not very funny. Don't

become a comedian.

场景1

马里奥和莉萨是好朋友,他们常在一起花时间学习新的东西 和消遣。

今天马里奥边喝咖啡边读《南华早报》。莉萨身穿运动服来 到他的住处。

马里奥: 你读过最新的经济新闻了吗?

莉 萨: 没有,我一上午都在体育馆。世贸组织有什么新消息

吗?

马里奥: 有,根据世贸组织的协定,外国银行可以向大陆居民

提供贷款。

莉 萨: 但是,中国还没有完备的信用评估制度。

马里奥: 中国人民银行近期已实施一个建立信用制度的计划,

上海将率先实施这个计划。

莉 萨: 因为上海有良好的金融和法律环境。所以这是最好的

选择。

马里奥: 建立一个好的金融运行体系是不容易的,不过有一个

信用状况数据库就能帮助银行开展业务。

莉 萨: 太好了。大家都在努力把工作做得最好。

马里奥: (把报纸放在桌上) 你做什么最在行?

莉 萨: 你应该知道,我跟你说过好多次了。

马里奥: 健美操吗?

莉 萨: 这话一点也不好笑,你别想当喜剧大师。

I miss my credit card.

Quick Info 快讯

Forecast for Asia

The Asia-Pacific Economic Cooperation (APEC) released their annual economic forecast during the first quarter of 1999.

The end to the downward spiral for many economies is approaching. Growth will return very slowly to the Pacific region. There is still a small risk of global recession. The region should reach 1.9% growth in 1999 and rise to 2.8% in 2000. It depends on the effectiveness of Japan's recuperation. A slowdown in the US will affect the region as a whole, predicted the APEC.

This independent organization is made up of academic, government and business members from 23 economies.

亚洲经济预测

亚洲太平洋经济合作组织在 1999 年的第一季度宣布了他们对本年度经济形势的预测。

各国经济的下降已接近尽头,亚洲及太平洋地区的经济将缓慢地恢复增长,而全球经济衰退的危险虽然不大,但依然存在。亚太地区经济 1999 年的增长应达到 1.9%,2000 年应达到 2.8%。这将取决于日本经济恢复的力度。亚太经合组织预计,美国经济的减缓将会影响整个亚太地区。

这个独立的组织是由 23 个国家和地区的学者、政府部门、和贸易方面的人士组成的。

Scene 2

场景 2

Angela Chen is an **Economist** at the <u>Hongkong and Shanghai Banking Corporation</u>. Mario, Lisa, and Angela are talking about the economy.

ANGELA: The unemployment

rate has risen a half percent. I think more job

losses are coming.

LISA: Mario, how is the sit-

uation at Motorola?

MARIO: Our products are facing

strong competition from Nokia. I'm afraid that I might lose my job. What's happening to the

economy, Angela?

ANGELA: There is a loss of confidence from the fall of the

Asian markets.

MARIO: You mean, I can't keep my MasterCard any

more?

线使世界转起来

LISA: Best not to worry. Getting laid off is good for

the economy. It makes the remaining workers

more efficient.

ANGELA: The **mobile** industry is highly **competitive**. It is hurting many companies **financially**. **Cutting**

jobs is one way to cut costs.

LISA: At the **macroeconomic** level, life will be better

for everyone.

MARIO: But, at the microe-

conomic level, my best friend Charlie was laid off this morning. They told him it was a matter of **economics**. Fewer em-

ployees maximize profits.

ANGELA: That's the name of the game.

LISA: Maybe you should talk to

some other companies.

MARIO: I'm one step ahead of you.

I recently applied to that new <u>Joint Venture Com-</u> <u>pany</u> in Pudong. With a little luck, I can apply for a Visa card in a few

months.

场景2

安吉拉·陈是汇丰银行的经济学家。她和马里奥、莉萨在讨 论经济问题。

安吉拉: 失业率上升了 0.5%, 我想越来越多的人会失业。

莉 萨: 马里奥,摩托罗拉的情况怎样?

马里奥: 我们的产品面临诺基亚的激烈竞争。恐怕我会被解雇。

经济到底怎么了,安吉拉?

安吉拉: 由于亚洲市场的衰落, 人们失去了信心。

马里奥: 你的意思是说,我保不住我的万事达信用卡了?

莉 萨: 也别担心。下岗对经济有好处,能让在岗的人工作效率

更高。

安吉拉: 移动手机业竞争很激烈,在财务上对很多公司都有冲

击。裁员是降低成本的一个办法。

莉 萨: 从宏观经济上讲,人们的生活总会越来越好。

马里奥: 回到微观经济上来吧。我的好朋友查利今天上午也下岗

了。别人告诉他这是经济学问题,人员减少了才会最大

限度地增加利润。

安吉拉: 这是问题的关键。

莉 萨: 你还是跟其他公司谈谈吧。

马里奥: 我已先行一步了。最近我去浦东一家新的合资企业应

聘。运气好的话,过几个月我就能申请 Visa 卡了。
