and Its Adjacent Districts**

By Hsu Ginn-tze

**青康藏高原及毗連地区
西文文献目录**

徐近之編

科學出版社

SCIENCE PRESS, PEKING

1958

內 容 提 要

本目录收罗已有西文关于西藏、青海及西康(今昌都地区与四川西部)的著作,共罗列了5,000余种西文有关世界最大高地的文献。

第一編是分类目录,計有总类(包括历史、地理)、地質、岩石、古生物、地形、冰川、气候、动物、植物、宗教、文学等方面。其不能按此分类者,則按地区,如西藏、青海、帕米尔、克什米尔、珠穆朗瑪峯、尼泊尔等类,是最便于檢查的。

第二編是著者目录,將第一編各分类合起来再排列,凡不知著作屬何类的,祇須知道著者,一查便得。

第三編是俄文有关本区的文献目录(未分类),主要俄文的著作均已罗列,此类目录不仅是研究本区自然科学各方面必需的参考書,同时还是搞历史、宗教、文学等方面必备的工具書。

前 言

近年来編者因編写青康藏地区自然地理,接触到若干有关西文图书,外国方面許多人在本区进行探测調查已有一百多年,前人所編書目很不全面,許多同志認為有另編的必要,因此就着手彙編这个文献目录。

收編工作是 1954 年 9 月开始的,1955 年 1 月基本完成,初稿 6 月打字結束,后經中国科学院圖書館提出許多宝貴的意見,又加以修訂;再稿于 1956 年 12 月成功。若干文献的收集止于 1957 年底。本篇主要包括英、德、法、意、荷五种文字的文献,也有少数波蘭、匈牙利、捷克、瑞典、丹麦、拉丁等文写成的。由于国内参考書刊不全,俄文部分收集得很不完备,未加分类,所以单独另列。

目录收集文献的范围是以整个亞洲的最大高地为对象的。換句話說,本書是为了研究自然区,所以搜录的文献也就不可能完全符合于行政区划。内容計分三編:第一編是分类目录,按所見到的文献性質分做 26 类;第二編是著者目录,將俄文以外的文献全数按著者編排;第三編是俄文有关本区文献。本目录合計有不同文献 5,000 余种。估計此数已佔西文此类文献的絕大部分。

編者除利用中国科学院藏書外,曾到北京圖書館、北京大学、北京师范大学、南京大学、华东师范大学、明复圖書館、徐家汇天主堂大書房等处,并利用了前亞洲文会的藏書,虽然如此,仍不免有所遺漏。

最后編者要感謝中国科学院地理研究所張永昌同志,全部打字工作、第二編的彙編、参考用到西文杂志目录的編成、以及著者名字簡縮的統一等,都是他的劳动成果。至于目录中如有錯誤,均由本人負責。

此項目录的編成,主要是赵松乔同志的建議,特致感謝。

又編者已照中国科学院圖書館意見改訂此稿,改訂后系以分类目录为首要,列为第一編。这样,对于研究参考較便,編者也应在 此 郑重致謝。

徐近之謹識于南京九华山

1957 年

Foreword

For the past three years, the compiler has made an extensive study of the literature on the physical geography of the greatest highlands of Asia, comprising Tibet, Chamdo, Chinghai and Western Szechwan, formerly known as Sikang (Kam). The present bibliography is its outcome.

In the systematic search of the literature concerned, the compiler found to his disappointment that publications on the subject in the various libraries he visited are quite insufficient so far as foreign periodicals and their back-numbers are concerned. The present work can therefore hardly claim to be complete. However, as there are more than 5,000 entries in the bibliography, the compiler presumes that they represent four-fifths, possibly a little more, of the published literature on the subject practically to the end of 1957.

The compiler is indebted to Mr. Y. C. Chang who worked with much care and untiring efforts in preparing the author index and reading the materials. It is also the compiler's duty to express his gratitude to the staffs of the Library of Academia Sinica, Peking, from whom he drew much benefit in the arrangement of the index. Last, but not the least, thanks are due to his colleagues of the Institute, in particular to such as Dr. Chao Sung-chao, for their kind encouragement to the publication of this bibliography.

Hsu Ginn-tze
