在编辑这些作文的过程中,我们惊喜地发现:世纪之交的中学生与以前是大不相同了!他们的英语流利、娴熟,他们有惊人的睿智的头脑,他们有宽广的知识面,他们有超过成人的深刻的感悟力……他们的文章涉及当今世界的方方面面:环境保护、克隆技术、宇宙探秘、电脑网络、未来生活、海外见闻、中西文化、APEC会议、中国入世(WTO)、中国申奥成功、抢救文化遗产、9·11恐怖事件等等,等等。小作者们是用自己的心在写,是用自己饱满的热情在写,字里行间流露出强烈的责任感,对祖国、对世界的使命感。有的作者不但提出了问题,还提出了解决的具体办法。他们的文章揭示了人生、社会、科学等深刻主题,给读者以很大启迪。

他们的英文流利、地道,文章结构清楚、用词贴切、句式多样。他们能运用比喻、排比等多种修辞手法,文章读起来自然、流畅,说服力强。不少文章绝不比大学生的逊色!他们是茁壮成长的幼苗,是祖国的明天!

Chinese Spring Festival

When I was a child, like many other children, Chinese Spring Festival was my favorite holiday. At that time, the Festival was full of happiness and expectation.

I remember that I spent the Spring Festival in Guangzhou for the first time. Someone said: "People in Guangzhou are those who really bring spring to their homes." And I quite agreed with it. So before that Spring Festival, father went to the market and bought some plants back. It was a little orange tree, I had never seen it before, so I looked at it with great interest. I asked Dad if I could have some. Dad laughed, and told me this kind of oranges was not for eating, but for its symbolic meaning, it could bring us good luck. Dad also bought some color lights to make the orange tree more beautiful. Then he put it near the window. We lived in a small room, and it was not as big as the house we now live in. But when my family and I saw the colorful tree, we all felt warm and nice. We enjoyed it very much.

Having a wonderful dinner on the Spring Festival eve is my family's tradition, and this wasn't changed. So before that Spring Festival eve, we listed some food which is our favorite on a piece of paper, then my parents spent several hours preparing it. At the dinner table, we cheered, gave good wishes to each other, tasted the food, said "how delicious they are", which made Mum—the cook satisfied. The unusual dinner lasted one hour. Then we sat down enjoying the programs on TV together. We laughed, made jokes with each other. How peaceful it was! When 12 o'clock arrived, we all went out, saying "Happy Chinese Spring Festival" to everyone. We were all cheerful.

As time went by, Chinese Spring Festival is less exiting, although we put more and more color lights around the room. We still bought orange tree every year, and our house is more and more beautiful. I just think something was missing. People now don't like having dinner at home on the Spring Festival eve. They have dinner at a great restaurant, and they keep on giving and receiving lucky money, and the money is more and more. But I think all these things are not important. The most important thing is that people whom you care about can stay together and enjoy the happy time with you.

中国人总是将春节与传统、家庭联系在一起。“Chinese Spring Festival”却尝试在一个处于转型期的时候,对传统的改变的一种忧虑。这在一个学生那里还是难得的。作为一个初涉英文写作的中学生,作者试图用简朴的语言,顺畅地表达自己的意思,

描述心中的感受。这篇文章给我们的启示是：在还没有完全掌握一些复杂难懂的英语生词时，不要生搬硬套，改用普通熟悉的词语。此文用词用得好，是一篇好文章。

A Lesson from My Exchange Programme

Last summer holidays, I went to Britain on an exchange programme, during which I stayed in a British family and lived together with them for about two weeks. During my stay in Britain, I visited quite a lot of famous scenic spots. The magnificent architecture and the ancient culture there left me a deep impression. The main task of the exchange, however, was to have lessons with the English students so that we could have some idea of the difference in education between the two countries.

The college that I visited has a lot of similarities as the high schools in China. After the students graduate, they will take part in the E-level, which is the entrance exam of the university. In the college, you can choose several subjects that you are interested in, which include compulsory courses and optional courses. Each day you have to take the textbooks or papers of the subjects you will have with you to attend classes since you won't have a certain class-
