## Synopsis of *Eragon*, Book One of Inheritance

Eragon—a fifteen-year-old farmboy—is shocked when a polished blue stone appears before him in the range of mountains known as the Spine. Eragon takes the stone to the farm where he lives with his uncle, Garrow, and his cousin, Roran. Garrow and his late wife, Marian, have raised Eragon. Nothing is known of his father; his mother, Selena, was Garrow's sister and has not been seen since Eragon's birth.

xiii

Later, the stone cracks open and a baby dragon emerges. When Eragon touches her, a silvery mark appears on his palm, and an irrevocable bond is forged between their minds, making Eragon one of the legendary Dragon Riders.

The Dragon Riders were created thousands of years earlier in the aftermath of the elves' great war with the dragons, in order to ensure that hostilities would never again afflict their two races. The Riders became peacekeepers,

educators, healers, natural philosophers, and the greatest of spellweavers—since being joined with a dragon makes one a magician. Under their guidance and protection, the land enjoyed a golden age.

When humans arrived in Alagaësia, they too were added to this elite order. After many years of peace, the monstrous and warlike Urgals killed the dragon of a young human Rider named Galbatorix. Driven mad by the loss and by his elders' refusal to provide him with another dragon, Galbatorix set out to topple the Riders.

xiv      He stole another dragon—whom he named Shruikan and forced to serve him through certain black spells—and gathered around himself a group of thirteen traitors: the Forsworn. With the help of those cruel disciples, Galbatorix threw down the Riders; killed their leader, Vrael; and declared himself king over Alagaësia. In this, Galbatorix was only partly successful, for the elves and dwarves remain autonomous in their secret haunts, and some humans have established an independent country, Surda, in the south of Alagaësia. A stalemate has existed between these factions for twenty years, preceded by eighty years of open conflict brought about by the destruction of the Riders.

It is into this fragile political situation, then, that Eragon is thrust. He fears he is in mortal danger—it is common knowledge that Galbatorix

killed every Rider who would not swear loyalty to him—and so Eragon hides the dragon from his family as he raises her. During this time, Eragon names the creature Saphira, after a dragon mentioned by the village storyteller, Brom. Soon Roran leaves the farm for a job that will allow him to earn enough money to marry Katrina, the butcher's daughter.

When Saphira stands taller than Eragon, two menacing, beetle-like strangers called the Ra'zac arrive in Carvahall, searching for the stone that was her egg. Frightened, Saphira kidnaps Eragon and flies into the Spine. Eragon manages to convince her to turn back, but by then his home has been obliterated by the Ra'zac. Eragon finds Garrow in the wreckage, tortured and badly wounded.

xv

Garrow dies soon afterward, and Eragon vows to track down and kill the Ra'zac. Eragon is accosted by Brom, who knows of Saphira's existence and asks to accompany Eragon for reasons of his own. After Eragon agrees, Brom gives him the sword Zar'roc, which was once a Rider's blade, though he refuses to say how he acquired it.

Eragon learns much from Brom during their travels, including how to fight with swords and use magic. Eventually, they lose the Ra'zac's trail and visit the city of Teirm, where Brom believes his old friend Jeod can help locate their lair.

In Teirm, the eccentric herbalist Angela tells

Eragon's fortune, predicting mighty powers struggling to control his destiny; an epic romance with one of noble birth; the fact that he will one day leave Alagaësia, never to return; and a betrayal from within his family. Her companion, the werecat Solembum, also gives him some words of advice. Then Eragon, Brom, and Saphira depart for Dras-Leona, where they hope to find the Ra'zac.

xvi Brom finally reveals that he is an agent of the Varden—a rebel group dedicated to overthrowing Galbatorix—and that he had been hiding in Eragon's village, waiting for a new Dragon Rider to appear. Brom also explains that twenty years ago, he and Jeod stole Saphira's egg from Galbatorix. In the process, Brom killed Morzan, first and last of the Forsworn. Only two other dragon eggs still exist, both of which remain in Galbatorix's possession.

Near Dras-Leona, the Ra'zac waylay Eragon and his companions, and Brom is mortally wounded while protecting Eragon. The Ra'zac are driven away by a mysterious young man named Murtagh, who says he's been tracking the Ra'zac. Brom dies the following night. With his last breath, he confesses that he was once a Rider and his slain dragon was also named Saphira. Eragon buries Brom in a tomb of sandstone, which Saphira transmutes into pure diamond.

Without Brom, Eragon and Saphira decide to

join the Varden. By ill chance, Eragon is captured at the city of Gil'ead and brought to the Shade Durza, Galbatorix's right-hand man. With Murtagh's help, Eragon escapes from prison, bringing along with him the unconscious elf Arya, another captive. By this point, Eragon and Murtagh have become great friends.

With her mind, Arya tells Eragon that she has been ferrying Saphira's egg between the elves and the Varden, in the hopes that it might hatch for one of their children. However, during her last trip, she was ambushed by Durza and forced to send the egg elsewhere with magic, which is how it came to Eragon. Now Arya is seriously wounded and requires the Varden's medical help. Using mental images, she shows Eragon how to find the rebels. An epic chase ensues. Eragon and his friends traverse almost four hundred miles in eight days. They are pursued by a contingent of Urgals, who trap them in the towering Beor Mountains. Murtagh, who had not wanted to go to the Varden, is forced to tell Eragon that he is the son of Morzan.

xvii

Murtagh, however, has denounced his father's deeds and fled Galbatorix's patronage to seek his own destiny. He shows Eragon a great scar across his back, inflicted when Morzan threw his sword, Zar'roc, at him when he was just a child. Thus, Eragon learns his sword once belonged to Murtagh's father, he who betrayed the Riders to

Galbatorix and slaughtered many of his former comrades.

Just before they are overwhelmed by the Urgals, Eragon and his friends are rescued by the Varden, who seem to appear out of the very stone. It turns out that the rebels are based in Farthen Dûr, a hollow mountain ten miles high and ten miles across. It is also home to the dwarves' capital, Tronjheim. Once inside, Eragon is taken to Ajihad, leader of the Varden, while Murtagh is imprisoned because of his parentage. Ajihad explains many things to Eragon, including that the Varden, elves, and dwarves had agreed that when a new Rider appeared, he or she would initially be trained by Brom and then sent to the elves to complete the instruction. Eragon must now decide whether to follow this course.

Eragon meets with the dwarf king, Hrothgar, and Ajihad's daughter, Nasuada; is tested by the Twins, two bald and rather nasty magicians who serve Ajihad; spars with Arya once she has recovered; and again encounters Angela and Solembum, who have joined the Varden. Eragon and Saphira also bless one of the Varden's orphan babies.

Eragon's stay is disrupted by news of an Urgal army approaching through the dwarves' tunnels. In the battle that follows, Eragon is separated from Saphira and forced to fight Durza alone. Far

stronger than any human, Durza easily defeats Eragon, slashing open his back from shoulder to hip. At that moment, Saphira and Arya break the roof of the chamber—a sixty-foot-wide star sapphire—distracting Durza long enough for Eragon to stab him through the heart. Freed from Durza's spells, the Urgals are driven back into the tunnels.

While Eragon lies unconscious after the battle, he is telepathically contacted by a being who identifies himself as Togira Ikonoka—the Cripple Who Is Whole. He offers answers to all of Eragon's questions and urges Eragon to seek him in Ellesméra, where the elves live.

When Eragon wakes, he finds that, despite Angela's best efforts, he has been left with a huge scar similar to Murtagh's. Dismayed, he also realizes that he only slew Durza through sheer luck and that he desperately needs more training.

And at the end of Book One, Eragon decides that, yes, he will find this Togira Ikonoka and learn from him. For gray-eyed Destiny now weaves apace, the first resounding note of war echoes across the land, and the time fast approaches when Eragon shall have to step forth and confront his one, true enemy: King Galbatorix.

# A TWIN DISASTER

**T***he songs of the dead are the lamentations of the living.*

So thought Eragon as he stepped over a twisted and hacked Urgal, listening to the keening of women who removed loved ones from the blood-muddied ground of Farthen Dûr. Behind him Saphira delicately skirted the corpse, her glittering blue scales the only color in the gloom that filled the hollow mountain.

It was three days since the Varden and dwarves had fought the Urgals for possession of Tronjheim, the mile-high, conical city nestled in the center of Farthen Dûr, but the battlefield was still strewn with carnage. The sheer number of bodies had stymied their attempts to bury the dead. In the distance, a mountainous fire glowed sullenly by Farthen Dûr's wall where the Urgals were being burned. No burial or honored resting place for them.

Since waking to find his wound healed by Angela, Eragon had tried three times to assist in the recovery effort. On each occasion he had been racked by terrible pains that seemed to explode from his spine. The healers gave him various potions to drink. Arya and Angela said that he was perfectly sound. Nevertheless, he hurt. Nor could Saphira help, only share his pain as it rebounded across their mental link.

2 Eragon ran a hand over his face and looked up at the stars showing through Farthen Dûr's distant top, which were smudged with sooty smoke from the pyre. *Three days.* Three days since he had killed Durza; three days since people began calling him Shadeslayer; three days since the remnants of the sorcerer's consciousness had ravaged his mind and he had been saved by the mysterious Togira Ikonoka, the Cripple Who Is Whole. He had told no one about that vision but Saphira. Fighting Durza and the dark spirits that controlled him had transformed Eragon; although for better or for worse he was still unsure. He felt fragile, as if a sudden shock would shatter his reconstructed body and consciousness.

And now he had come to the site of the combat, driven by a morbid desire to see its aftermath. Upon arriving, he found nothing but the uncomfortable presence of death and decay, not the glory that heroic songs had led him to expect.

Before his uncle, Garrow, was slain by the Ra'zac months earlier, the brutality that Eragon had witnessed between the humans, dwarves, and Urgals would have destroyed him. Now it numbed him. He had realized, with Saphira's help, that the only way to stay rational amid such pain was to do things. Beyond that, he no longer believed that life possessed inherent meaning—not after seeing men torn apart by the Kull, a race of giant Urgals, and the ground a bed of thrashing limbs and the dirt so wet with blood it soaked through the soles of his boots. If any honor existed in war, he concluded, it was in fighting to protect others from harm.

He bent and plucked a tooth, a molar, from the dirt. Bouncing it on his palm, he and Saphira slowly made a circuit through the trampled plain. They stopped at its edge when they noticed Jörmundur—Ajihad's second in command in the Varden—hurrying toward them from Tronjheim. When he came near, Jörmundur bowed, a gesture Eragon knew he would never have made just days before.

"I'm glad I found you in time, Eragon." He clutched a parchment note in one hand. "Ajihad is returning, and he wants you to be there when he arrives. The others are already waiting for him by Tronjheim's west gate. We'll have to hurry to get there in time."

Eragon nodded and headed toward the gate,
