#### 注 意

医学是一门不断发展的科学。由于新的研究及临床实践在不断丰富人们的知识，因此在药物使用及治疗方面也在谋求各种变化。本书编者及出版者核对了各种信息来源，并确信本书内容完全符合出版时的标准。然而，鉴于不可避免的人为错误和医学学科的发展，不管是编者、出版者还是其他参与本书出版的工作者均不能保证此书中的内容百分之百正确。因此，他们不能对由此类错误引起的后果负责。

我们提倡读者将本书内容与其他资料进行确证。例如，我们希望读者对他们将要使用的每一种药品的说明书仔细阅读，以确证本书的有关信息是正确的，且推荐的药品用量及禁忌证等没有变化。该建议对新药或非非常用药尤为重要。

# THE SPINE

*Fourth Edition*

V O L U M E I I

**Harry N. Herkowitz, M.D.**

Chairman, Department of Orthopaedic Surgery,  
William Beaumont Hospital;  
Director, Section of Spine Surgery,  
Department of Orthopaedic Surgery,  
William Beaumont Hospital,  
Royal Oak, Michigan

**Steven R. Garfin, M.D.**

Professor and Chair, Department of Orthopaedics,  
University of California, San Diego;  
Chief, Section of Spine Surgery,  
UCSD Medical Center,  
San Diego, California

**Richard A. Balderston, M.D.**

Professor, Orthopaedic Surgery, and Associate  
Professor, Neurosurgery;  
Vice-Chair, Department of Orthopaedics;  
Chief, Spine and Scoliosis Service,  
Allegheny University Hospitals,  
Philadelphia, Pennsylvania

**Frank J. Eismont, M.D.**

Professor, Department of Orthopedics, and  
Clinical Professor of Neurologic Surgery,  
University of Miami School of Medicine;  
Co-Director of Spinal Cord Injury Service,  
Jackson Memorial Hospital,  
Miami, Florida

**Gordon R. Bell, M.D.**

Vice Chairman, Department of Orthopaedic  
Surgery;  
Head, Section of Spinal Surgery;  
Cleveland Clinic Foundation,  
Cleveland, Ohio

**Sam W. Wiesel, M.D.**

Professor and Chairman, Department of  
Orthopaedic Surgery,  
Georgetown University School of Medicine and  
Medical Center,  
Washington, D.C.

The fourth edition of *The Spine* is based on the principles taught to us, the Editorial Board, by Drs. Rothman and Simeone as Fellows or practice partners. These are (1) thorough knowledge of the basic science as it relates to the clinical picture, (2) understanding of the natural history of spinal disease, (3) knowledge and interpretive skills of imaging modalities and laboratory studies, (4) treatment decisions based on sound scientific principles, and (5) commitment to education and research to further the knowledge base of spinal disorders.

These principles continue to guide our daily practices and our educational responsibilities. As with the previous edition, this fourth edition remains dedicated to Drs. Rothman and Simeone, teachers and friends.

Each member of the Editorial Board has special dedications, which are listed below.

**Harry N. Herkowitz, M.D.**

To my wife, Jan, and my children, Seth Adam and Rachael Helene, for their love, understanding, and support. To the residents and fellows whose enthusiasm for knowledge and "all the answers" inspires me to continue academic pursuits.

**Steven R. Garfin, M.D.**

Susan, Jessica, and Cory. Textbooks may change by 20–30% every three to five years. My love and respect for my wonderful family, however, continues to grow regularly. They understand and accept my commitment to patients and education.

**Richard A. Balderston, M.D.**

To my wife Claudia, for her constant love and support, and my children Philip and Jessica, who make it all worthwhile.

**Frank J. Eismont, M.D.**

To my wife Emily and my children Adam, April, Allison, and Andrew, whose love and encouragement and tolerance have allowed me to avidly pursue my medical interest, and to Drs. Charles Herndon, Henry Bohlman, Fred Simeone, and Richard Rothman, who have been excellent role models for me to try to emulate regarding medical education and patient care.

**Gordon R. Bell, M.D.**

To my wife Kathy, for her patience and understanding.  
To my children Gordie, Michael, and Megan, for making efforts such as this worthwhile.  
To my parents, Gordon and Ann, for their support in making this possible.

**Sam W. Wiesel, M.D.**

To Vicki and Phil Bowie, who have provided unwavering support over the years.

### **NOTICE**

Medicine is an ever-changing field. Standard safety precautions must be followed, but as new research and clinical experience broaden our knowledge, changes in treatment and drug therapy become necessary or appropriate. Readers are advised to check the product information currently provided by the manufacturer of each drug to be administered to verify the recommended dose, the method and duration of administration, and the contraindications. It is the responsibility of the treating physician, relying on experience and knowledge of the patient, to determine dosages and the best treatment for the patient. Neither the publisher nor the editor assumes any responsibility for any injury and/or damage to persons or property.

THE PUBLISHER

# List of Contributors

**Jean-Jacques Abitbol, M.D.**

Clinical Instructor, Department of Orthopaedic Surgery, State University of New York, Health Science Center at Syracuse, Syracuse, New York; Attending Orthopaedic Surgeon, St. John's Episcopal Hospital, Smithtown, New York; Attending Orthopaedic Surgeon, Huntington Hospital, Huntington, New York  
*Adult Scoliosis*

**Todd J. Albert, M.D.**

Associate Professor, Department of Orthopaedics, Thomas Jefferson University; Co-Director, Reconstructive Spine Service and Spinal Fellowship Program, Thomas Jefferson University Hospital and Rothman Institute, Philadelphia, Pennsylvania  
*Spinal Instrumentation*

**Marshall B. Allen, M.D.**

Professor Emeritus, Medical College of Georgia, Augusta, Georgia  
*Intraspinal Infections*

**Michael J. Aminoff, M.D., F.R.C.P.**

Professor of Neurology, School of Medicine, University of California, San Francisco; Attending Physician, Director of Clinical Neurophysiology Laboratories, University of California Medical Center, San Francisco, California

*Electrodiagnosis: Somatosensory and Motor Evoked Potentials*

**Glenn Amundson, M.D.**

Assistant Professor of Orthopedics, University of Kansas Medical Center, Kansas City, Kansas  
*Spondylolisthesis*

**Howard S. An, M.D.**

The Morton International Professor of Orthopaedic Surgery, Rush Medical College; Director of Spine Fellowship Program, Department of Orthopaedic Surgery, Rush-Presbyterian-St Luke's Medical Center, Chicago, Illinois

*Juvenile Kyphosis; Surgical Management of Cervical Disc Disease*

**David F. Apple, Jr., M.D.**

Associate Clinical Professor of Orthopaedic Surgery, Clinical Associate Professor in Rehabilitation Medicine, Emory University; Medical Director, Shepherd Center; Piedmont Hospital, Atlanta, Georgia  
*Spinal Cord Injury Rehabilitation*

**Richard A. Balderston, M.D.**

Professor, Orthopaedic Surgery, and Associate Professor, Neurosurgery; Vice-Chair, Department of Orthopaedics; Chief, Spine and Scoliosis Service, Allegheny University Hospitals, Philadelphia, Pennsylvania  
*Juvenile Kyphosis; Spinal Instrumentation*

**Gordon R. Bell, M.D.**

Vice Chairman, Department of Orthopaedic Surgery; Head, Section of Spinal Surgery; Cleveland Clinic Foundation, Cleveland, Ohio  
*Differential Diagnosis of Sciatica; Radiology of the Lumbar Spine*

**Robert J. Benz, M.D.**

Clinical Instructor, Department of Orthopaedics, University of California, San Diego, San Diego, California  
*Adult Scoliosis*

**Joseph R. Berger, M.D.**

Professor and Chairman, Department of Neurology; Professor, Department of Internal Medicine, University of Kentucky College of Medicine, Lexington, Kentucky  
*Medical Myelopathies*

**Kel Bergmann, C.P.O.**

Vice President and Board Member, California Orthotics and Prosthetics Association; Board Member, National Multiple Sclerosis Society; Member, American Orthotics and Prosthetics Association and American Academy of Orthotics and Prosthetics; Southern California Orthotics and Prosthetics (SCOPE), San Diego, California  
*Spinal Orthoses for Traumatic and Degenerative Disease*

**Mark Bernhardt, M.D.**

Clinical Associate Professor, Department of Orthopaedic Surgery, University of Missouri-Kansas City School of Medicine; Dickson-Diveley Midwest Orthopaedic Clinic, St. Luke's Hospital of Kansas City, The Children's Mercy Hospital, Kansas City, Missouri

*Biomechanical Considerations of Spinal Stability*

**Joseph Bernstein, M.D.**

Assistant Professor, Orthopedic Surgery, University of Pennsylvania School of Medicine; Attending Orthopedic Surgeon, Hospital of the University of Pennsylvania, Philadelphia, Pennsylvania

*Metabolic Bone Disorders of the Spine*

**Scott D. Boden, M.D.**

Associate Professor of Orthopaedics, Emory University School of Medicine; Director, The Emory Spine Center, Atlanta, Georgia

*Spinal Fusion; The Multiply Operated Low Back: An Algorithmic Approach; Workers' Compensation As It Affects the Spine*

**Henry H. Bohlman, M.D.**

Professor, Department of Orthopedic Surgery; Director, The University Hospitals Spine Institute; Chief, The Acute Spinal Cord Injury Service-Veterans Administration Medical Center; Case Western Reserve University, School of Medicine, Cleveland, Ohio

*Spine Trauma in Adults: Spine and Spinal Cord Injuries*

**Robert E. Booth, Jr., M.D.**

Professor of Orthopaedic Surgery at Allegheny University of the Health Sciences; Chair of the Orthopaedic Hospital at Allegheny University Hospitals-Graduate, Philadelphia, Pennsylvania

*Arthritis of the Spine*

**Michael J. Botte, M.D.**

Head, Section of Neuromuscular Reconstructive Surgery and Rehabilitation, Division of Orthopaedic Surgery, Scripps Clinic and Research Foundation, La Jolla, California; Orthopaedic Surgery Service, Veterans Affairs Medical Center, San Diego, California; Clinical Professor, Department of Orthopaedic Surgery, University of California, San Diego, School of Medicine, San Diego, California

*Spinal Orthoses for Traumatic and Degenerative Disease*

**Brian C. Bowen, M.D., Ph.D.**

Associate Professor of Radiology and Neurological Surgery, University of Miami School of Medicine; Attending Physician, Jackson Memorial Medical Center, Miami, Florida

*Syringomyelia*

**David S. Bradford, M.D.**

Professor and Chairman, Department of Orthopaedic Surgery, University of California, San Francisco, San Francisco, California

*Lumbar Pseudarthrosis: Diagnosis and Treatment*

**Richard S. Brower, M.D.**

Assistant Professor of Orthopaedic Surgery, Northeastern Ohio Universities College of Medicine, Rootstown, Ohio; Active Staff, Summa Health System, Akron, Ohio

*Cervical Disc Disease: Clinical Syndromes and Differential Diagnosis of Cervical Disc Disease*

**H. Ulrich Bueff, M.D.**

Formerly Department of Orthopaedic Surgery, University of California, San Francisco, San Francisco, California

*Lumbar Pseudarthrosis: Diagnosis and Treatment*

**Richard P. Bunge, M.D.**

Late Professor of Neurological Surgery and Cell Biology and Anatomy, University of Miami School of Medicine, Miami, Florida

*Experimental Spinal Cord Injury: Pathophysiology and Treatment*

**James C. Butler, M.D.**

Associate Professor, Tulane University School of Medicine; Full Time Orthopaedic Staff Member, Tulane University Medical Center, New Orleans, Louisiana

*Complications of Spinal Surgery: Postlaminectomy Kyphosis of the Cervical Spine*

**Thomas P. Byrne, O.T.C.**

University of California, San Diego, Medical Center, San Diego, California

*Spinal Orthoses for Traumatic and Degenerative Disease*

**Charles R. Clark, M.D.**

Professor of Orthopaedic Surgery, Professor of Biomedical Engineering, University of Iowa; Staff Physician, University of Iowa Hospitals and Clinics, Iowa City, Iowa

*Rheumatoid Arthritis: Surgical Considerations*

**Mark S. Cohen, M.D.**

Assistant Professor, Director, Orthopaedic Education, Director, Hand and Elbow Program, Department of Orthopaedic Surgery, Rush-Presbyterian-St. Luke's Medical Center, Chicago, Illinois

*Anatomy of the Spinal Nerve Roots in the Lumbar and Lower Thoracic Spine*

**Patrick J. Connolly, M.D.**

Associate Professor/Orthopedic Surgery, SUNY Health Science Center at Syracuse, Syracuse, New York

*Complications of Spinal Surgery: Complications Associated With Posterior Spinal Instrumentation*

**Bryan W. Cunningham, M.Sc., Ph.D.**

Director of Spinal Research, Orthopaedic Biomechanics Laboratory, Union Memorial Hospital, Baltimore, Maryland

*Spine Trauma in Adults: Spinal Instrumentation for Thoracic and Lumbar Fractures*

**Bradford L. Currier, M.D.**

Assistant Professor, Orthopaedic Surgery, Mayo Medical School; Consultant, Department of Orthopaedics, Joint Appointment, Department of Neurosurgery, Mayo Clinic; Head, Mayo Clinic Spine Group; Director, Mayo Clinic Spine Fellowship, Mayo Medical Center, Rochester, Minnesota

*Thoracic Disc Disease; Infections of the Spine*

**George Cybulski, M.D.**

Associate Professor, Division of Neurological Surgery, Northwestern University Medical School; Chief, Section of Neurosurgery, Lakeside VA Hospital, Chicago, Illinois

*Spinal Stenosis: Clinical Evaluation and Differential Diagnosis*

**Rick B. Delamarter, M.D.**

Associate Clinical Professor, UCLA School of Medicine; Co-Director, UCLA Comprehensive Spine Center, UCLA Medical Center, Los Angeles, California

*Surgical Management of Cervical Disc Disease*

**Richard A. Deyo, M.D., M.P.H.**

Professor, Department of Medicine, Professor, Department of Health Services, University of Washington; Head, Section of General Internal Medicine, University of Washington Medical Center, Seattle, Washington

*Outcomes Research for Spinal Disorders*

**William H. Dillin, M.D.**

Spinal Surgery Consultant, Kerlan-Jobe Clinic, Los Angeles and Anaheim, California

*Back Pain in Children and Adolescents; Cervical Disc Disease: Clinical Syndromes in Cervical Myelopathy; Surgical Management of Cervical Disc Disease*

**Thomas J. Dowling, M.D.**

Attending Orthopaedic Surgeon, St. John's Episcopal Hospital, Smithtown, New York; Attending Orthopaedic Surgeon, Huntington Hospital, Huntington, New York

*Adult Scoliosis*

**Thomas B. Ducker, M.D.**

Professor of Surgery, Department of Neurosurgery; Clinical Professor, Division of Neurosurgery, Johns Hopkins University, Baltimore, Maryland; Johns Hopkins Hospital, Baltimore, Maryland; Anne Arundel Medical Center, Annapolis, Maryland

*Spine Trauma in Adults: Spine and Spinal Cord Injuries*

**Joseph Dunn, M.D.**

Assistant Clinical Professor, Anesthesiology, University of California, San Diego, San Diego, California; Pain Consultants of Oregon, Eugene, Oregon

*Chronic Pain Management: Nonsurgical Management of Chronic Back Pain*

**Charles C. Edwards, M.D.**

Professor of Orthopedic Surgery, University of Maryland; Director, Section of Spinal Surgery, University of Maryland Hospital, Baltimore, Maryland

*Spondylolisthesis*

**Frank J. Eismont, M.D.**

Professor, Department of Orthopedics, and Clinical Professor of Neurologic Surgery, University of Miami School of Medicine; Co-Director of Spinal Cord Injury Service, Jackson Memorial Hospital, Miami, Florida

*Thoracic Disc Disease; Infections of the Spine*

**Ronney L. Ferguson, M.D.**

Chief of Staff, Shriners Hospitals for Children—Spokane, Spokane, Washington

*Thoracic and Lumbar Spinal Trauma of the Immature Spine*

**Jeffrey S. Fischgrund, M.D.**

Attending Spinal Surgeon, William Beaumont Hospital, Royal Oak, Michigan

*Cervical Disc Disease: Cervical Spondylotic Radiculopathy: Natural History and Pathophysiology*

**Ann Marie Flannery, M.D.**

Associate Professor, Service Chief, Pediatric Neurosurgery, Medical College of Georgia, Augusta, Georgia

*Intraspinal Infections*

**Bruce E. Fredrickson, M.D.**

Professor of Orthopedic and Neurologic Surgery, SUNY Health Science Center at Syracuse; Crouse Irving Memorial Hospital—Active; Veterans Administration—Active; St. Joseph's Hospital—Courtesy; Harrison Center Out-Patient Surgery Center—Attending, Syracuse, New York

*Complications of Spinal Surgery: Complications Associated With Posterior Spinal Instrumentation*

**Trey Fulp, D.O.**

Associate Clinical Professor of Orthopaedics, University of North Texas Health Science Center, Fort Worth, Texas; Spine Surgeon, Texas Back Institute, Plano, Texas

*Surgical Management of Cervical Disc Disease: Complications of Cervical Spine Surgery*

**Steven R. Garfin, M.D.**

Professor and Chair, Department of Orthopaedics, University of California, San Diego; Chief, Section of Spine Surgery, UCSD Medical Center, San Diego, California

*Anatomy of the Spinal Nerve Roots in the Lumbar and Lower Thoracic Spine; Lumbar Disc Disease; Spinal Stenosis; Spondylolisthesis; Spinal Orthoses for Traumatic and Degenerative Disease*

**Timothy A. Garvey, M.D.**

Assistant Professor of Orthopaedic Surgery, University of Minnesota Medical School; Fairview-University Medical Center; Twin Cities Spine Center/Abbott Northwestern Hospital, Minneapolis, Minnesota

*Redo Disc Surgery—Techniques and Results*

**Eric B. Geller, M.D.**

Head, Intraoperative Monitoring and Evoked Potentials, Department of Neurology, The Cleveland Clinic Foundation, Cleveland, Ohio

*Intraoperative Neurophysiologic Monitoring of the Spinal Cord*

**P. Langham Gleason, M.D.**

Assistant Professor of Clinical Neurosurgery, Eastern Virginia Medical School; Staff Neurosurgeon, Children's Hospital of the King's Daughters, Norfolk, Virginia

*Alternate Forms of Disc Excision: Automated Percutaneous Lumbar Discectomy (APLD)*

**Jeffrey A. Goldstein, M.D.**

Clinical Instructor, Department of Orthopaedic Surgery, New York University School of Medicine; Director of Spine Services, NYU Downtown Hospital; Attending Surgeon, Hospital for Joint Diseases Orthopaedic Institute, New York, New York

*Spine Trauma in Adults: Spinal Instrumentation for Thoracic and Lumbar Fractures*

**Barth A. Green, M.D.**

Professor of Neurological Surgery, University of Miami School of Medicine; Chief of Service, Jackson Memorial Hospital, Miami, Florida

*Thoracic Disc Disease; Experimental Spinal Cord Injury: Pathophysiology and Treatment; Syringomyelia*

**Anthony F. Guanciale, M.D.**

Assistant Professor and Director, Division of Spine Surgery at the University of Cincinnati College of Medicine, Department of Orthopaedic Surgery, Cincinnati, Ohio

*Back Pain in Children and Adolescents*

**Richard D. Guyer, M.D.**

Associate Clinical Professor, Department of Orthopaedics, Southwestern School of Medicine, Dallas, Texas; Director, Texas Back Institute Spine Fellowship, Plano, Texas

*Surgical Management of Cervical Disc Disease*

**Edward N. Hanley, Jr., M.D.**

Clinical Professor, Department of Surgery, School of Medicine, University of North Carolina at Chapel Hill, Chapel Hill, North Carolina; Chairman and Program Director, Department of Orthopaedic Surgery; Vice-President, Clinical Activities, Carolinas Healthcare System, Carolinas Medical Center, Charlotte, North Carolina

*Spinal Stenosis (Surgical Management of Lumbar Spinal Stenosis); Spinal Fusion*

**John G. Heller, M.D.**

Associate Professor of Orthopaedic Surgery, Emory University School of Medicine; Director of Education, Emory Spine Center, Atlanta, Georgia

*Complications of Spinal Surgery: Postoperative Infections of the Spine*

**Robert N. Hensinger, M.D.**

Professor and Section Head, Orthopaedic Surgery, University of Michigan Medical School; University of Michigan Hospitals and Health System, Ann Arbor, Michigan

*Congenital Anomalies of the Cervical Spine*

**Harry N. Herkowitz, M.D.**

Chairman, Department of Orthopaedic Surgery, William Beaumont Hospital; Director, Section of Spine Surgery, Department of Orthopaedic Surgery, William Beaumont Hospital, Royal Oak, Michigan

*Arthritis of the Spine; Cervical Disc Disease: Cervical Spondylotic Radiculopathy: Natural History and Pathophysiology; Surgical Management of Cervical Disc Disease; Spinal Stenosis; Spinal Fusion: Techniques and Complications of Bone Graft Harvesting*

**Kiyoshi Hirabayashi, M.D., Ph.D.**

Professor, Department of Orthopaedic Surgery, Keio University School of Medicine; Dean, Keio Junior College of Nursing, Tokyo, Japan

*Ossification of the Posterior Longitudinal Ligament*

**Steven C. Humphreys, M.D.**

Spine Surgeon, Memorial Hospital, Chattanooga, Tennessee

*Juvenile Kyphosis*

**Gordon Irving, M.B., B.S., M.Sc., M.Med.**

Associate Professor, Department of Anesthesiology, University of Texas Health Science Center at Houston; Medical Director, University Center for Pain Medicine and Rehabilitation at Hermann, Houston, Texas

*Chronic Pain Management: Nonsurgical Management of Chronic Back Pain*

**Kenneth L. Jarolem, M.D.**

Spinal Surgeon, Orthopaedic Center of South Florida, Plantation, Florida

*Thoracoscopy of the Spine*

**Rollin M. Johnson, M.D.**

Associate Clinical Professor of Orthopaedics and Rehabilitation, Yale School of Medicine, New Haven, Connecticut; Attending Surgeon, Cooley Dickinson Hospital, Northampton, Massachusetts

*Surgical Approaches to the Spine*

**Alexander M. Jones, M.D.**

Orthopedic Surgeon, Denver Orthopedic Specialists, Denver, Colorado

Professor of Surgery (Neurosurgery), Allegheny University of the Health Sciences, Allegheny Campus; Chairman, Department of Surgery and Neurosurgery, A.U. H.S./Allegheny General Hospital, Pittsburgh, Pennsylvania  
*Alternate Forms of Disc Excision: Automated Percutaneous Lumbar Discectomy (APLD)*

**Lawrence F. Marshall, M.D.**

Professor and Chair, Division of Neurosurgery, University of California at San Diego, San Diego, California  
*Complications of Spinal Surgery: Cerebrospinal Fluid Leaks: Etiology and Treatment*

**Alberto Martinez-Arizala, M.D.**

Associate Professor, Department of Neurology, University of Miami School of Medicine, Miami, Florida  
*Experimental Spinal Cord Injury: Pathophysiology and Treatment*

**Thomas J. Masaryk, M.D.**

Professor of Radiology, Ohio State University, Columbus, Ohio; Section Head, Neuroradiology, Cleveland Clinic Foundation, Cleveland, Ohio  
*Interventional Neuroradiology of the Spine*

**Tom G. Mayer, M.D.**

Clinical Professor of Orthopedic Surgery, University of Texas Southwestern Medical Center; Medical Director, Productive Rehabilitation Institute of Dallas for Ergonomics (PRIDE), Dallas, Texas

*Lumbar Musculature: Anatomy and Function; Spinal Functional Restoration: Tertiary Nonoperative Care*

**Paul C. McAfee, M.D.**

Associate Professor of Orthopedic Surgery Johns Hopkins Hospital, The Johns Hopkins University School of Medicine; Chief of Spinal Surgery, St. Joseph's Hospital, Baltimore, Maryland

*Spine Trauma in Adults: Spinal Instrumentation for Thoracic and Lumbar Fractures*

**Paul C. McCormick, M.D.**

Associate Professor of Clinical Neurosurgery, Columbia University College of Physicians and Surgeons; Associate Attending Medical Director, Columbia-Presbyterian Spine Center, Columbia-Presbyterian Medical Center, New York, New York

*Arteriovenous Malformations of the Spinal Cord*

**John A. McCulloch, M.D., F.R.C.S.C.**

Professor, Department of Orthopaedic Surgery, Northeastern Ohio Universities College of Medicine, Rootstown, Ohio; Chief of Spine Surgery, Department of Spinal Surgery, Summa Health System, St. Thomas Hospital, Akron, Ohio

*Alternative Forms of Disc Excision: Microdiscectomy; Chemonucleolysis*

**Robert F. McLain, M.D.**

Staff Surgeon, Director of Spine Research, Department of Orthopaedic Surgery, The Cleveland Clinic Foundation, Cleveland, Ohio

*Tumors of the Spine*

**Arnold H. Menezes, M.D.**

Professor of Neurosurgery, University of Iowa; Staff Physician, University of Iowa Hospitals and Clinics, Iowa City, Iowa

*Rheumatoid Arthritis: Surgical Considerations*

**Luis A. Mignucci, M.D.**

Clinical Assistant Professor of Neurological Surgery, University of Texas Southwestern Medical School, Dallas, Texas; Neurosurgeon, Spine Surgeon, Medical Center of Plano, Plano, Texas; Medical City Hospital at Dallas, VA Medical Center at Dallas, Dallas, Texas

*Differential Diagnosis of Sciatica*

**Srdjan Mirkovic, M.D.**

Assistant Clinical Professor of Orthopaedics, Northwestern University School of Medicine; Attending, Northwestern Memorial Hospital, Chicago, Illinois

*Spinal Stenosis: Clinical Evaluation and Differential Diagnosis*

**Michael T. Modic, M.D.**

Professor, Department of Radiology, Ohio State University, Columbus, Ohio; Chairman, Division of Radiology, Cleveland Clinic Foundation, Cleveland, Ohio

*Radiology of the Lumbar Spine*

**David M. Montgomery, M.D.**

Clinical Assistant Professor, Wayne State University School of Medicine, Detroit, Michigan; Orthopedic Spine Surgeon, William Beaumont Hospital, Royal Oak, Michigan

*Spinal Stenosis: Clinical Evaluation and Differential Diagnosis*

**Vert Mooney, M.D.**

Professor of Orthopaedic Surgery, University of California, San Diego (UCSD), La Jolla, California

*Sacroiliac Joint Dysfunction*

**Gabrielle F. Morris, M.D.**

Senior Resident, Division of Neurosurgery, University of California, San Diego, San Diego, California

*Complications of Spinal Surgery: Adhesive Arachnoiditis; Cerebrospinal Fluid Leaks: Etiology and Treatment*

**Scott J. Mubarak, M.D.**

Clinical Professor, Department of Orthopedics, University of California, San Diego; University of California Medical Center; Director of Orthopedic Program at Children's Hospital, San Diego, California

*Neuromuscular Scoliosis*

**Michael J. Murphy, M.D.**

Assistant Clinical Professor of Orthopaedic Surgery, Yale University School of Medicine; Attending Surgeon, Yale-New Haven Hospital, New Haven, Connecticut

*Surgical Approaches to the Spine*

**George F. Muschler, M.D.**

Full Staff, Department of Orthopaedic Surgery; Director, Bone Biology Laboratory, Learner Research Institute; The Cleveland Clinic Foundation, Cleveland, Ohio

*Spinal Fusion*

**Imad M. Najm, M.D.**

Associate Staff, Cleveland Clinic Foundation, Cleveland, Ohio

*Intraoperative Neurophysiologic Monitoring of the Spinal Cord*

**Peter O. Newton, M.D.**

Assistant Clinical Professor, Department of Orthopedic Surgery, University of California, San Diego, Medical Center; Staff Pediatric Orthopedic Surgeon, Children's Hospital and Health Center, San Diego, California

*Neuromuscular Scoliosis*

**Kjell Olmarker, M.D., Ph.D.**

Associate Professor, Department of Orthopedics,  
Gothenburg University, Gothenburg, Sweden

*Anatomy of the Spinal Nerve Roots in the Lumbar and  
Lower Thoracic Spine; Pathophysiology of Spinal Nerve  
Roots as Related to Sciatica and Disc Herniation*

**Manohar M. Panjabi, Ph.D., D. Tech.**

Professor of Biomechanics in Surgery, Yale University  
School of Medicine; Director of Bioengineering  
Research, Department of Orthopaedics and  
Rehabilitation, Yale University School of Medicine,  
New Haven, Connecticut

*Biomechanical Considerations of Spinal Stability*

**Wesley W. Parke, Ph.D.**

Professor and Chairman, Emeritus, Department of  
Anatomy and Structural Biology, University of South  
Dakota School of Medicine, Vermillion, South Dakota

*Development of the Spine; Applied Anatomy of the  
Spine*

**Eric Phillips, M.D.**

Immanuel Medical Center, Bergan Mercy Hospital,  
Methodist Hospital, Clarkson Hospital, Omaha,  
Nebraska

*Spinal Fusion*

**Matthew Quigley, M.D.**

Associate Professor of Surgery (Neurosurgery),  
Allegheny University of the Health Sciences;  
Associate Professor of Surgery (Neurosurgery),  
Department of Neurosurgery, A.U.H.S./Allegheny  
General Hospital, Pittsburgh, Pennsylvania

*Alternate Forms of Disc Excision: Automated  
Percutaneous Lumbar Discectomy (APLD)*

**John J. Regan, M.D.**

Associate Clinical Professor, University of  
Texas-Southwestern Medical School; Texas Back  
Institute, Dallas, Texas; Presbyterian Hospital of  
Plano, Plano, Texas

*Thoracoscopy of the Spine*

**Richard H. Rothman, M.D.**

Professor and Chairman, Department of Orthopaedic  
Surgery, Thomas Jefferson University; Director, the  
Rothman Institute, Philadelphia, Pennsylvania

*Lumbar Disc Disease*

**Michael E. Russell, II, M.D.**

Azalea Orthopedic and Sports Medicine Clinic, East  
Texas Medical Center, and Mother Francis Hospital,  
Tyler, Texas

*Spinal Stenosis (Surgical Management of Lumbar Spinal  
Stenosis)*

**Stephen J. Ryan, M.D., M.A.**

Assistant Professor, Department of Neurology,  
University of Kentucky College of Medicine,  
Lexington, Kentucky

*Medical Myelopathies*

**Björn L. Rydevik, M.D., Ph.D.**

Professor and Chairman, Department of  
Orthopaedics, University of Gothenburg, Gothenburg,  
Sweden

*Anatomy of the Spinal Nerve Roots in the Lumbar and  
Lower Thoracic Spine; Pathophysiology of Spinal Nerve  
Roots as Related to Sciatica and Disc Herniation; Spinal  
Stenosis: Pathophysiology*

**L. Carl Samberg, M.D.**

Clinical Assistant Professor of Orthopaedic Surgery,  
Wayne State University School of Medicine, Detroit,  
Michigan; Director of Orthopaedic Education, William  
Beaumont Hospital, Royal Oak, Michigan

*Spinal Fusion*

**Kazuhiko Satomi, M.D., Ph.D.**

Associate Professor, Department of Orthopaedic  
Surgery, Kyorin University School of Medicine; Chief  
of Spine Group, Kyorin University Hospital, Tokyo,  
Japan

*Ossification of the Posterior Longitudinal Ligament*

**Jonathan L. Schaffer, M.D.**

Assistant Professor, Department of Orthopedic  
Surgery, Harvard Medical School; Associate  
Orthopedic Surgeon, Associate Director, Decision  
Systems Group, Brigham and Women's Hospital,  
Boston, Massachusetts

*Alternative Forms of Disc Excision: Minimally Invasive  
Spine Surgery*

**Jeffrey H. Schimandle, M.D.**

Department of Surgery, Orthopedic and  
Reconstructive Spine Surgery, St. Anthony Hospital,  
Oklahoma City, Oklahoma

*Spinal Fusion*

**Daniel M. Schwartz, Ph.D.**

Surgical Monitoring Associates, Bala Cynwyd,  
Pennsylvania

*Congenital Anomalies of the Spinal Cord*

**Kanwaldeep S. Sidhu, M.D.**

Attending Surgeon, St. Clair Orthopaedics,  
Orthopaedic Spine Surgery, St. John's Hospital and  
Medical Center, Detroit, Michigan

*Surgical Management of Cervical Disc Disease*

**Frederick A. Simeone, M.D.**

Chairman of Neurosurgery, Jefferson Medical College;  
Chairman of Neurosurgery, Thomas Jefferson  
University Hospital, Philadelphia, Pennsylvania

*Surgical Management of Cervical Disc Disease;  
Intradural Tumors; Complications of Spinal Surgery*

**Edward H. Simmons, M.D., B.Sc.(Med), F.R.C.S.(C), M.S.(Tor), F.A.C.S.**

Professor of Orthopaedic Surgery, State University of  
New York at Buffalo; Emeritus Chief, Department of  
Orthopaedic Surgery, Buffalo General Hospital,  
Buffalo, New York

*Ankylosing Spondylitis: Surgical Considerations*

**J. Michael Simpson, M.D.**

Assistant Professor, Medical College of Virginia;  
Director of Spinal Surgery, Tuckahoe Orthopaedics,  
Richmond, Virginia  
*Arthritis of the Spine*

**Andrew V. Slucky, M.D.**

Assistant Professor, University of California, San  
Francisco, Department of Orthopaedic Surgery, San  
Francisco, California  
*Thoracic Disc Disease*

**John M. Small, M.D.**

Spine Surgeon, Florida Orthopaedic Institute, Tampa,  
Florida  
*Cervical Disc Disease: Clinical Syndromes in Cervical  
Myelopathy*

**Samuel D. Small, D.O.**

Clinical Instructor, Department of Orthopaedic  
Surgery, UCLA School of Medicine, Los Angeles,  
California; Orthopaedic Spine Surgeon, Ventura  
Orthopaedic Group, Community Memorial Hospital,  
Ventura, California  
*Surgical Management of Cervical Disc Disease*

**Wayne O. Southwick, M.D.**

Professor Emeritus, Department of Orthopaedics and  
Rehabilitation, Yale University School of Medicine,  
New Haven, Connecticut  
*Surgical Approaches to the Spine*

**Dan M. Spengler, M.D.**

Professor and Chairman, Vanderbilt Orthopaedics and  
Rehabilitation, Nashville, Tennessee  
*Workers' Compensation As It Affects the Spine:  
Management of the Workers' Compensation Patient With  
Low Back Pain*

**Gray C. Stahlman, M.D.**

Tennessee Orthopaedic Associates, Nashville,  
Tennessee  
*Spinal Fusion*

**Jeffery L. Stambough, M.D., M.B.A.**

Co-Director of the Musculoskeletal Research Center,  
Associated with the University of Cincinnati, College  
of Engineering, and Consultant to the Back Treatment  
Center, Deaconess Hospital, Cincinnati, Ohio  
*Discitis; Complications of Spinal Surgery: Vascular  
Complications in Spine Surgery; Neurologic Complications  
in Spine Surgery*

**Bennett M. Stein, M.D.**

Professor Emeritus of Clinical Neurosurgery,  
Columbia University College of Physicians and  
Surgeons; Professor Emeritus, Columbia-Presbyterian  
Medical Center, New York, New York  
*Arteriovenous Malformations of the Spinal Cord*

**Leslie N. Sutton, M.D.**

Professor of Neurosurgery, University of  
Pennsylvania; Director of Neurosurgery, Children's  
Hospital of Philadelphia, Philadelphia, Pennsylvania  
*Congenital Anomalies of the Spinal Cord*

**Ronald S. Taylor, M.D.**

Clinical Assistant Professor, Wayne State University  
School of Medicine, Detroit, Michigan; Director,  
Rehabilitation Services, William Beaumont Hospital,  
Royal Oak, Michigan  
*Spinal Stenosis: Conservative Management of Lumbar  
Spinal Stenosis*

**Vernon Tolo, M.D.**

John C. Wilson, Jr., Professor of Orthopaedics,  
University of Southern California School of Medicine;  
Head, Division of Orthopaedics, Childrens Hospital  
Los Angeles, Los Angeles, California  
*Spinal Disorders Associated With Skeletal Dysplasias  
and Metabolic Diseases*

**Ensor E. Transfeldt, M.D.**

Associate Professor of Orthopaedic Surgery,  
University of Minnesota Medical School; Fairview-  
University Medical Center, Twin Cities Spine Center,  
Abbott-Northwestern Hospital, Minneapolis,  
Minnesota  
*Redo Disc Surgery—Techniques and Results*

**Alexander R. Vaccaro, M.D.**

Associate Professor of Orthopaedic Surgery, Thomas  
Jefferson University and the Rothman Institute,  
Philadelphia, Pennsylvania  
*Spinal Orthoses for Traumatic and Degenerative Disease;  
Spinal Instrumentation*

**Eric J. Wall, M.D.**

Director, Sports Medicine at Children's Hospital;  
Assistant Professor of Clinical Orthopaedic  
Surgery—Affiliate, Children's Hospital, Cincinnati,  
Ohio  
*Anatomy of the Spinal Nerve Roots in the Lumbar and  
Lower Thoracic Spine*

**Mark S. Wallace, M.D.**

Assistant Clinical Professor of Anesthesiology;  
Director, Pain Management Medical Group and  
Clinical Pain Research, University of California, San  
Diego, Medical Center, San Diego, California  
*Chronic Pain Management: Nonsurgical Management of  
Chronic Back Pain*

**Robert C. Wallace, M.D.**

Director of Neuroangiography, Department of  
Neuroradiology, Barrow Neurological Institute and St.  
Joseph's Hospital, Phoenix, Arizona  
*Interventional Neuroradiology of the Spine*

**Ay-Ming Wang, M.D.**

Co-Chief, Neuroradiology Division, Department of Diagnostic Radiology, William Beaumont Hospital, Royal Oak, Michigan

*Cervical Disc Disease: Radiologic Evaluation; Spinal Stenosis: Clinical Evaluation and Differential Diagnosis*

**Robert G. Watkins, M.D.**

Professor of Clinical Orthopedic Surgery, University of Southern California; Director, Center for Orthopedic Spinal Surgery, University of Southern California, Los Angeles, California

*Back Pain in Children and Adolescents; Cervical Disc Disease: Clinical Syndromes in Cervical Myelopathy*

**James N. Weinstein, D.O., M.S.**

Professor, Dartmouth School of Medicine, Dartmouth College, Hanover, New Hampshire; Orthopaedic Surgeon, Dartmouth-Hitchcock Medical Center, Lebanon, New Hampshire

*Outcomes Research for Spinal Disorders; Tumors of the Spine*

**Dennis R. Wenger, M.D.**

Director, Pediatric Orthopedics, Children's Hospital, San Diego; Clinical Professor of Orthopedic Surgery, University of California, San Diego, San Diego, California

*Neuromuscular Scoliosis*

**David P. Wesolowski, M.D.**

Director of Neuroradiology Fellowship, Co-Chief, Division of Neuroradiology, William Beaumont Hospital, Royal Oak, Michigan

*Cervical Disc Disease: Radiologic Evaluation; Spinal Stenosis: Clinical Evaluation and Differential Diagnosis*

**F. Todd Wetzel, M.D.**

Associate Professor, Department of Surgery, Section of Orthopaedic Surgery and Rehabilitation, and Anesthesia and Critical Care, University of Chicago; Chief, Section of Orthopaedic Surgery, Director, University of Chicago Spine Center, Louis A. Weiss Memorial Hospital (University of Chicago-North Campus), Chicago, Illinois

*Chronic Pain Management: Surgical Procedures for the Control of Chronic Pain*

**Augustus A. White III, M.D., D. Med. Sci.**

Professor of Orthopaedic Surgery, Harvard Medical School; Orthopaedic Surgeon-in-Chief, Emeritus, Beth Israel Deaconess Medical Center, Boston, Massachusetts

*Biomechanical Considerations of Spinal Stability*

**Thomas S. Whitecloud III, M.D.**

Ray J. Haddad Professor and Chairman, Tulane University School of Medicine; Chief, Division of Spinal Surgery, Tulane University Medical Center, New Orleans, Louisiana

*Complications of Spinal Surgery: Postlaminectomy Kyphosis of the Cervical Spine*

**Sam W. Wiesel, M.D.**

Professor and Chairman, Department of Orthopaedic Surgery, Georgetown University School of Medicine and Medical Center, Washington, DC

*The Multiply Operated Low Back: An Algorithmic Approach; Workers' Compensation As It Affects the Spine: Compensation Low Back and Neck Pain*

**Asa J. Wilbourn, M.D.**

Associate Clinical Professor (Neurology), Case Western Reserve School of Medicine; Director, EMG Laboratory, Department of Neurology, Cleveland Clinic, Cleveland, Ohio

*Electrodiagnosis: The Electrodiagnostic Examination*

**Robert B. Winter, M.D.**

Clinical Professor, Orthopedic Surgery, University of Minnesota; Medical Director of Research, Minnesota Spine Foundation, Minneapolis, Minnesota

*Juvenile and Adolescent Scoliosis*

**Ronald J. Wisneski, M.D.**

Associate Professor of Surgery (Orthopaedics), Cornell University Medical Center, The Hospital for Special Surgery, New York, New York; Attending Orthopaedic Surgeon, The Medical Center at Princeton, Princeton, New Jersey

*Lumbar Disc Disease*

**Tony Yaksh, Ph.D.**

Professor and Vice Chairman for Research, Department of Anesthesiology; Adjunct Professor of Pharmacology, University of California, San Diego, San Diego, California

*Chronic Pain Management: Nonsurgical Management of Chronic Back Pain*

**Kazuo Yonenobu, M.D.**

Associate Professor, Department of Orthopaedic Surgery, Osaka University Medical School, Osaka, Japan

*Surgical Management of Cervical Disc Disease*

**Hansen A. Yuan, M.D.**

Professor of Neurologic and Orthopedic Surgery, SUNY Health Science Center at Syracuse, Syracuse, New York

*Complications of Spinal Surgery: Complications Associated With Posterior Spinal Instrumentation*

**Thomas A. Zdeblick, M.D.**

Professor, Division of Orthopedic Surgery, Department of Surgery, University of Wisconsin; Director, University of Wisconsin Spine Center, Madison, Wisconsin

*Laparoscopic Spinal Fusion; Discogenic Back Pain*
