## CULTURAL INFLUENCES

■ Social Change and Child-Rearing Advice to Parents	14
■ Cultural Variation in Infant Sleeping Arrangements	122
■ Caregiver–Toddler Interaction and Early Make-Believe Play	159
■ Father–Infant Relationships Among the Aka	194
■ Child Health Care in the United States and European Nations	214
■ Education in Japan, Taiwan, and the United States	311
■ Only Children in the People’s Republic of China	333
■ Identity Development Among Ethnic Minority Adolescents	392
■ Work–Study Apprenticeships in Germany	444
■ A Cross-Cultural Perspective on Love	460
■ Menopause as a Biocultural Event	492
■ Illiteracy and Limited Education: A Lifelong Cul-de-Sac	523
■ Cultural Variations in the Experience of Aging	562
■ Cultural Variations in the Experience of Widowhood	607
■ Cultural Variations in Mourning Behavior	644

## SOCIAL ISSUES

■ The Pros and Cons of Reproductive Technologies	56
■ Advocacy for Children and the Aged	68
■ Prenatal Transmission of AIDS	88
■ Importance of Vitamin–Mineral Supplements for Women of Childbearing Age	90
■ The Mysterious Tragedy of Sudden Infant Death Syndrome	134
■ The Carolina Abecedarian Project: A Model of Infant–Toddler Intervention	163
■ Is Infant Day Care a Threat to Attachment Security?	193
■ Lead Poisoning in Childhood	211
■ Regulating Children’s Television	260
■ Children’s Understanding of Health and Illness	284
■ Children’s Eyewitness Testimony	342
■ A New Approach to Sex Education	363
■ Sex Differences in Attitudes Toward Sexuality	431

■ Spouse Abuse	466
■ Should Grandparents be Awarded Visitation Rights after Parental Divorce?	534
■ Squaring of the Population Pyramid and Intergenerational Inequity	572
■ Elder Suicide	596
■ Voluntary Active Euthanasia: Lessons from Australia and the Netherlands	630

## A LIFESPAN VISTA

■ Long-Term Consequences of Growing Up During the Great Depression	34
■ The African-American Extended Family: A Lifespan Support System	65
■ Long-Term Consequences of Birth Complications: The Kauai Study	102
■ Sensitive Periods in Brain Development	120
■ Infantile Amnesia	156
■ Difficult Children: When Parents Establish a Good Fit	186
■ The Future of Early Intervention	237
■ Sweden’s Commitment to Gender Equality: Impact Across the Lifespan	264
■ Attention-Deficit Hyperactivity Disorder	294
■ Children of War	340
■ School Desegregation and Life Chances of African-American Adolescents	379
■ Lives of Crime: Pathways and Turning Points	409
■ Aging and Death of the “Termites”: Psychological Predictors of Longevity	418
■ Childhood Attachment Patterns and Adult Romantic Relationships	458
■ How Good Is Your Professor’s Memory? The Task Makes a Difference	509
■ Expressing Generativity Through Political Participation in Midlife	519
■ What Can We Learn about Aging from Centenarians?	556
■ World War II Refugee and Evacuee Children Look Back from the Vantage Point of Old Age	592

Preface

xvii

**■ PART I  
THEORY AND RESEARCH  
IN HUMAN DEVELOPMENT**

**1 HISTORY, THEORY, AND  
RESEARCH STRATEGIES 2**

Human Development as an Interdisciplinary, Scientific, and Applied Field	5
Basic Themes and Issues	5
<i>View of the Developing Person</i>	6
<i>View of the Course of Development</i>	6
<i>View of the Determinants of Development</i>	7
<i>The Lifespan Perspective: A Balanced Point of View</i>	7
An Overview of the Lifespan	10
Domains of Development as Interwoven	11
Historical Foundations	11
<i>Philosophies of Childhood</i>	11
<i>Philosophies of Adulthood and Aging</i>	12
<i>Scientific Beginnings</i>	12
■ CULTURAL INFLUENCES Social Change and Child-Rearing Advice to Parents	14
Mid-Twentieth-Century Theories	15
<i>The Psychoanalytic Perspective</i>	15
<i>Behaviorism and Social Learning Theory</i>	18
<i>Piaget's Cognitive-Developmental Theory</i>	19
Recent Perspectives	21
<i>Information Processing</i>	21
<i>Ethology</i>	22
<i>Ecological Systems Theory</i>	23
<i>Cross-Cultural Research and Vygotsky's Sociocultural Theory</i>	25
Comparing and Evaluating Theories	26
Studying Development	26
<i>Common Research Methods</i>	28
<i>General Research Designs</i>	30
<i>Designs for Studying Development</i>	32

■ A LIFESPAN VISTA Long-Term Consequences of Growing Up During the Great Depression	34
Ethics in Lifespan Research	37
A Special Note to Readers	38
<i>Summary</i>	39
<i>Important Terms and Concepts</i>	41

**■ PART II  
FOUNDATIONS OF DEVELOPMENT**

**2 BIOLOGICAL AND ENVIRONMENTAL FOUNDATIONS 42**

Genetic Foundations	44
<i>The Genetic Code</i>	44
<i>The Sex Cells</i>	45
<i>Conception</i>	45
<i>Male or Female?</i>	46
<i>Multiple Births</i>	47
<i>Patterns of Genetic Inheritance</i>	47
Chromosomal Abnormalities	52
<i>Down Syndrome</i>	52
<i>Abnormalities of the Sex Chromosomes</i>	53
Reproductive Choices	54
<i>Genetic Counseling</i>	54
<i>Prenatal Diagnosis and Fetal Medicine</i>	54
<i>Adoption</i>	55
■ SOCIAL ISSUES The Pros and Cons of Reproductive Technologies	56
Environmental Contexts for Development	58
<i>The Family</i>	59
<i>Social Class and Family Functioning</i>	60
<i>The Impact of Poverty</i>	61
<i>Beyond the Family: Neighborhoods, Towns, and Cities</i>	62
<i>The Cultural Context</i>	63
■ A LIFESPAN VISTA The African-American Extended Family: A Lifespan Support System	65

■ SOCIAL ISSUES Advocacy for Children and the Aged	68
Understanding the Relationship Between Heredity and Environment	70
<i>The Question of “How Much?”</i>	70
<i>The Question of “How?”</i>	71
Summary	73
Important Terms and Concepts	75
For Further Information and Help	75

### 3 PRENATAL DEVELOPMENT, BIRTH, AND THE NEWBORN BABY 76

Prenatal Development	78
<i>Period of the Zygote</i>	78
<i>Period of the Embryo</i>	80
<i>Period of the Fetus</i>	80
Prenatal Environmental Influences	82
Teratogens	82
Other Maternal Factors	87
■ SOCIAL ISSUES Prenatal Transmission of AIDS	88
■ SOCIAL ISSUES Importance of Vitamin–Mineral Supplements for Women of Childbearing Age	90
<i>The Importance of Prenatal Health Care</i>	91
Childbirth	94
<i>The Stages of Childbirth</i>	94
<i>The Baby’s Adaptation to Labor and Delivery</i>	95
<i>The Newborn Baby’s Appearance</i>	95
<i>Assessing the Newborn’s Physical Condition: The Apgar Scale</i>	95
Approaches to Childbirth	96
<i>Natural, or Prepared, Childbirth</i>	96
Home Delivery	97
Medical Interventions	98
Fetal Monitoring	98
Labor and Delivery Medication	98
Cesarean Delivery	99
Preterm and Low-Birth-Weight Infants	99
<i>Preterm versus Small for Date</i>	100
<i>Consequences for Caregiving</i>	100
<i>Intervening with Preterm Infants</i>	100
■ A LIFESPAN VISTA Long-Term Consequences of Birth Complications: The Kauai Study	102
Precious Moments After Birth	102
The Newborn Baby’s Capacities	103
Newborn Reflexes	103
Sensory Capacities	104
Newborn States	106

<i>Neonatal Behavioral Assessment</i>	107
Adjusting to the New Family Unit	109
Summary	110
<i>Important Terms and Concepts</i>	112
<i>For Further Information and Help</i>	113

### ■ PART III INFANCY AND TODDLERHOOD: THE FIRST TWO YEARS

## 4 PHYSICAL DEVELOPMENT IN INFANCY AND TODDLERHOOD 114

Body Growth in the First Two Years	116
<i>Individual and Group Differences</i>	116
<i>Patterns of Body Growth</i>	117
Brain Development	118
<i>Development of Neurons</i>	118
<i>Development of the Cerebral Cortex</i>	118
■ A LIFESPAN VISTA Sensitive Periods in Brain Development	120
<i>Changing States of Arousal</i>	121
■ CULTURAL INFLUENCES Cultural Variation in Infant Sleeping Arrangements	122
Influences on Early Physical Growth	123
Heredity	123
Nutrition	123
Malnutrition	125
Emotional Well-Being	126
Motor Development During the First Two Years	127
<i>The Sequence of Motor Development</i>	127
<i>Motor Skills as Dynamic Systems of Action</i>	128
<i>Cultural Variations in Motor Development</i>	128
<i>Fine Motor Development: The Special Case of Voluntary Reaching</i>	129
Learning Capacities	131
Classical Conditioning	131
Operant Conditioning	132
Habituation and Dishabituation	133
Imitation	133
■ SOCIAL ISSUES The Mysterious Tragedy of Sudden Infant Death Syndrome	134
Perceptual Development in Infancy	135
Hearing	136
Vision	136
Intermodal Perception	139
Understanding Perceptual Development	140
Summary	141
<i>Important Terms and Concepts</i>	142
<i>For Further Information and Help</i>	143

## 5 COGNITIVE DEVELOPMENT IN INFANCY AND TODDLERHOOD 144

<b>Piaget's Cognitive-Developmental Theory</b>	146
<i>Key Piagetian Concepts</i>	146
<i>The Sensorimotor Stage</i>	147
<i>Recent Research on Sensorimotor Development</i>	150
<i>Evaluation of the Sensorimotor Stage</i>	152
<b>Information Processing in the First Two Years</b>	153
<i>A Model of Human Information Processing</i>	153
<i>Attention and Memory</i>	154
<i>Categorization</i>	155
■ <b>A LIFESPAN VISTA</b> <i>Infantile Amnesia</i>	156
<i>Evaluation of Information-Processing Findings</i>	157
<b>The Social Context of Early Cognitive Development</b>	157
<b>Individual Differences in Early Mental Development</b>	158
<i>Infant Intelligence Tests</i>	158
■ <b>CULTURAL INFLUENCES</b> <i>Caregiver-Toddler Interaction and Early Make-Believe Play</i>	159
<i>Early Environment and Mental Development</i>	160
<i>Early Intervention for At-Risk Infants and Toddlers</i>	162
■ <b>SOCIAL ISSUES</b> <i>The Carolina Abecedarian Project: A Model of Infant-Toddler Intervention</i>	163
<b>Language Development During the First Two Years</b>	164
<i>The Behaviorist Perspective</i>	164
<i>The Nativist Perspective</i>	165
<i>The Interactionist Perspective</i>	165
<i>Getting Ready to Talk</i>	165
<i>First Words</i>	166
<i>The Two-Word Utterance Phase</i>	167
<i>Individual and Group Differences</i>	168
<i>Supporting Early Language Development</i>	168
<i>Summary</i>	170
<i>Important Terms and Concepts</i>	172
<i>For Further Information and Help</i>	173

## 6 EMOTIONAL AND SOCIAL DEVELOPMENT IN INFANCY AND TODDLERHOOD 174

<b>Theories of Infant and Toddler Personality</b>	176
<i>Erik Erikson: Trust and Autonomy</i>	177
<i>Margaret Mahler: Separation-Individuation</i>	177
<i>Similarities Between Erikson's and Mahler's Theories</i>	178
<b>Emotional Development During the First Two Years</b>	179

<i>Development of Some Basic Emotions</i>	179
<i>Understanding and Responding to the Emotions of Others</i>	181
<i>Emergence of Self-Conscious Emotions</i>	181
<i>Beginnings of Emotional Self-Regulation</i>	182

<b>Temperament and Development</b>	183
<i>Measuring Temperament</i>	183
<i>Stability of Temperament</i>	183
<i>Genetic Influences</i>	184
<i>Environmental Influences</i>	185
<i>Temperament and Child Rearing:</i>	
<i>The Goodness-of-Fit Model</i>	185
■ <b>A LIFESPAN VISTA</b> <i>Difficult Children: When Parents Establish a Good Fit</i>	186
<b>Development of Attachment</b>	187
<i>Ethological Theory of Attachment</i>	188
<i>Measuring the Security of Attachment</i>	189
<i>Cultural Variations</i>	189
<i>Factors That Affect Attachment Security</i>	190
■ <b>SOCIAL ISSUES</b> <i>Is Infant Day Care a Threat to Attachment Security?</i>	193
<i>Multiple Attachments</i>	193
■ <b>CULTURAL INFLUENCES</b> <i>Father-Infant Relationships Among the Aka</i>	194
<b>Self-Development During the First Two Years</b>	196
<i>Self-Recognition</i>	196
<i>Categorizing the Self</i>	197
<i>Emergence of Self-Control</i>	198
<i>Summary</i>	199
<i>Important Terms and Concepts</i>	201

## ■ PART IV EARLY CHILDHOOD: TWO TO SIX YEARS

## 7 PHYSICAL AND COGNITIVE DEVELOPMENT IN EARLY CHILDHOOD 204

<b>PHYSICAL DEVELOPMENT IN EARLY CHILDHOOD</b>	206
<b>Body Growth</b>	206
<i>Skeletal Growth</i>	206
<i>Asynchronies in Physical Growth</i>	207
<b>Brain Development</b>	208
<i>Lateralization and Handedness</i>	208
<i>Other Advances in Brain Development</i>	209
<b>Influences on Physical Growth and Health</b>	210
<i>Heredity and Hormones</i>	210
<i>Emotional Well-Being</i>	210
■ <b>SOCIAL ISSUES</b> <i>Lead Poisoning in Childhood</i>	211
<i>Nutrition</i>	211

<i>Infectious Disease</i>	212
<i>Childhood Injuries</i>	213
■ CULTURAL INFLUENCES Child Health Care in the United States and European Nations	214
<b>Motor Development</b>	217
<i>Gross Motor Development</i>	217
<i>Fine Motor Development</i>	217
<i>Factors That Affect Early Childhood Motor Skills</i>	218
COGNITIVE DEVELOPMENT IN EARLY CHILDHOOD	220
<b>Piaget's Theory: The Preoperational Stage</b>	220
<i>Advances in Mental Representation</i>	220
<i>Make-Believe Play</i>	220
<i>Limitations of Preoperational Thought</i>	221
<i>Recent Research on Preoperational Thought</i>	223
<i>Evaluation of the Preoperational Stage</i>	225
<i>Piaget and Education</i>	226
<b>Vygotsky's Sociocultural Theory</b>	226
<i>Children's Private Speech</i>	226
<i>Social Origins of Early Childhood Cognition</i>	227
<i>Vygotsky and Education</i>	228
<b>Information Processing</b>	229
<i>Attention</i>	229
<i>Memory</i>	229
<i>The Young Child's Theory of Mind</i>	230
<i>Early Childhood Literacy</i>	231
<i>Young Children's Mathematical Reasoning</i>	232
<i>A Note on Academics in Early Childhood</i>	232
<b>Individual Differences in Mental Development</b>	233
<i>Home Environment and Mental Development</i>	233
<i>Preschool and Day Care</i>	234
<i>Educational Television</i>	235
■ A LIFESPAN VISTA The Future of Early Intervention	237
<b>Language Development</b>	237
<i>Vocabulary</i>	237
<i>Grammar</i>	238
<i>Conversation</i>	239
<i>Supporting Language Learning in Early Childhood</i>	239
<i>Summary</i>	240
<i>Important Terms and Concepts</i>	243
<i>For Further Information and Help</i>	243

## 8 EMOTIONAL AND SOCIAL DEVELOPMENT IN EARLY CHILDHOOD 244

<b>Erikson's Theory: Initiative versus Guilt</b>	246
<b>Self-Development in Early Childhood</b>	247
<i>Foundations of Self-Concept</i>	247
<i>Emergence of Self-Esteem</i>	248

<b>Emotional Development in Early Childhood</b>	248
<i>Understanding Emotion</i>	248
<i>Improvements in Emotional Self-Regulation</i>	249
<i>Changes in Self-Conscious Emotions</i>	249
<i>Development of Empathy</i>	250
<b>Peer Relations in Early Childhood</b>	251
<i>Advances in Peer Sociability</i>	251
<i>First Friendships</i>	252
<b>Foundations of Morality in Early Childhood</b>	253
<i>The Psychoanalytic Perspective</i>	254
<i>Behaviorism and Social Learning Theory</i>	255
<i>The Cognitive-Developmental Perspective</i>	256
<i>The Other Side of Morality: Development of Aggression</i>	257
<b>Gender Typing in Early Childhood</b>	259
<i>Preschoolers' Gender-Stereotyped Beliefs and Behavior</i>	259
■ SOCIAL ISSUES Regulating Children's Television	260
<i>Genetic Influences on Gender Typing</i>	261
<i>Environmental Influences on Gender Typing</i>	261
<i>Gender-Role Identity</i>	262
■ A LIFESPAN VISTA Sweden's Commitment to Gender Equality: Impact Across the Lifespan	264
<i>Reducing Gender Stereotyping in Young Children</i>	264
<b>Child Rearing and Emotional and Social Development in Early Childhood</b>	266
<i>Child-Rearing Styles</i>	266
<i>What Makes Authoritative Child Rearing So Effective?</i>	267
<i>Cultural and Situational Influences on Child-Rearing Styles</i>	267
<i>Child Maltreatment</i>	268
<i>Summary</i>	271
<i>Important Terms and Concepts</i>	272
<i>For Further Information and Help</i>	273

## ■ PART V MIDDLE CHILDHOOD: SIX TO ELEVEN YEARS

### 9 PHYSICAL AND COGNITIVE DEVELOPMENT IN MIDDLE CHILDHOOD 276

PHYSICAL DEVELOPMENT IN MIDDLE CHILDHOOD	278
<b>Body Growth</b>	278
<b>Common Health Problems</b>	280
<i>Vision and Hearing</i>	280
<i>Malnutrition</i>	280
<i>Obesity</i>	280
<i>Bedwetting</i>	282

<i>Illnesses</i>	282
<i>Unintentional Injuries</i>	282
<b>Health Education</b>	282
■ <b>SOCIAL ISSUES</b> Children's Understanding of Health and Illness	284
<b>Motor Development and Play</b>	285
<i>Gross Motor Development</i>	285
<i>Fine Motor Development</i>	286
<i>Organized Games with Rules</i>	287
<i>Physical Education</i>	287
