I. 课文大背景

Changes in modern family 现代家庭的变化

Families have undergone a major transformation in the past generation and are poised to change even more in the future. Households will move further away from the family-structure model of a stay-at-home mother, working father, and children, according to a report from the National Opinion Research Center at the University of Chicago. Because of divorce, cohabitation and single parenthood, a majority of families rearing children in the future will probably not include the children's two original parents. Moreover, most households will not include children. Marriage has declined as people marry older and divorce and cohabit more. A growing proportion of children has been born outside of marriage. Even within marriage the changes have been profound as more and more women have entered the labor force and gender roles have become more homogenous between husbands and wives. Those changes are having an impact on how people think about family life, and as a result, the concept of family tends to be more elastic.

II. 课文知识点

1. Kate Chopin 凯特·肖邦

Kate Chopin

The temptation of a Respectable Woman's original title is *A Respectable Woman*. It is a short story written by Kate Chopin (1851-1904) in *A Night in Acadie* (《阿卡迪亚》) (1897), her second and final story collections. Kate Chopin was an American novelist and short-story writer. With over 100 short stories, she won recognition for her distinctive and highly imaginative portrayals of early Cajun and Creole life. Her tales are noted for their unique style and structure, their beautiful depiction of the landscape and atmosphere, and their realistic and emotionally powerful treatment of female characters and subject matter.

2. Meanings of love 爱的意义

Though love is a variety of feelings and involves a variety of things, the varieties themselves can be meaningfully explained and described, and they can be explained and described simply in terms of everyday experience rather than in scientific jargon or theory. The following show people's understanding of true love: love is a feeling or kind of attraction; love represents a magnetic attraction between two people; love is a feeling of high emotional affiliation which sends a person's ego to dizzying heights. Besides, love has more to do with companionship and compatibility: love is the physical and mental compatibility of two people; love is the end result of a mature union of two compatible personalities; love is helping the other person whenever he needs it being his companion; love is having common goals, dreams, and ambitions; love is doing things together and liking it; love concerns "giving", it is giving time, understanding and trust.

II. 难句解析

1. Mrs. Baroda was a little annoyed to learn that her husband expected his friend, Gouvernail, up to spend a week or two on the plantation. (Para. 1)

[释义] Mrs. Baroda felt a bit angry when she knew that her husband wanted his friend, Gouvernail, to spend a week or two on the farm.

[分析] “that her husband...on the plantation”作learn的宾语。

“expect his friend up to spend...”中, up 是副词, 表示“到较高的地方, 北上”。

2. After a few days with him, she could understand him no better than at first. (Para. 2)

[释义] After a few days with him on her plantation, she knew no more about Gouvernail than at the very beginning.

[分析] 这里“no”意为“一点儿也不(not at all)”, 通常在比较级之前作副词。

e.g. The exam is no more difficult than the tests you've been doing in class.

这次考试一点也不比你们一直做的课堂测验难。

3. Then she imposed her company upon him, accompanying him in his idle walks to the mill to press her attempt to penetrate the silence in which he had unconsciously covered himself. (Para. 2)

[释义] Then she forced him to accept her company no matter whether he liked it or not, taking aimless walks with him to the mill and she tried to understand the reserve in which he had enveloped himself unintentionally.

accompany sb. to some place 陪伴某人去某地

e.g. I was six years old and had to be accompanied to the cinema by my two brothers.

我只有6岁, 只好由我的两个哥哥陪我去电影院。

[分析] “accompanying him...”是现在分词短语作状语; “to press her attempt to...”是目的状语; 其中“in which he had...cover himself”是介词提前的定语从句, 修饰“the silence”, 还原的定语从句是“he had unconsciously covered himself in which (silence)”。

4. "You are full of surprises," he said to her. "Even I can never count upon how you are going to act under given conditions." (Para. 7)

[释义] He told his wife that she was always saying or doing some unexpected things and he, as her husband, could never know how she would behave in a certain situation.

5. ...he went on, "taking poor Gouvernail seriously and making a fuss about him, the last thing he would desire or expect." (Para. 7)

[释义] ...he continued saying that she was paying too much attention to Gouvernail and showing too much anxiety about him. That was what Gouvernail disliked.

take sth./sb. seriously consider sth./sb. to be important and worth a lot of attention or respect 认真对待, 重视

e.g. Some people laughed at her, but after a while they began to take her seriously.

有些人取笑她, 可是过了一会儿他们就开始认真看待她了。

the last thing 最不需要发生的事

e.g. The last thing he needed right then was more bad news about his son.

他当时最不想得到的就是关于他儿子的更多的坏消息。

6. I expected him to be interesting, at least. (Para. 10)

[分析] "interesting" 可以指人很有趣, 显得滑稽, 令人发笑。

e.g. He's a wonderfully interesting man once he starts talking to you.

一旦他开始与你交谈, 他可是一个非常有趣的人。

7. He seated himself upon the bench beside her, without a suspicion that she might object to his presence. (Para. 12)

[释义] He sat down on the bench beside her without suspecting that she might dislike his staying there.

seat sb./oneself (formal) 给某人一个座位坐下, 坐在某个地方

e.g. He seated himself at one end, and Emily sat beside him.

他自己坐在一头, 埃米莉坐在他旁边。

8. ...handing her a length of sheer white fabric with which she sometimes covered her head and shoulders. (Para. 13)

[释义] **length** *n.* 一段, 一节, 通常有一定长度或有某种特殊用途

e.g. He attached a small gold ball to a length of chain around her neck.

他把一个小金球系在她的项链上。

9. Gouvernail was in no sense a shy man. (Para. 15)

[释义] **in no sense** 一点也不

e.g. In no sense can the issue be said to be resolved. 这事根本没有解决。

10. His periods of silence were not his basic nature, but the result of moods. (Para. 15)

[释义] **period** *n.* 周期, 时间间歇

e.g. He is suffering from shortness of breath and periods of continuous pain.

他呼吸短促, 还有间歇性的持续疼痛。

11. Now, all there was left with him was a desire to be permitted to exist, with

now and then a little breath of genuine life, such as he was breathing now.

(Para. 16)

[释义] Now, he only hoped to be allowed to live, enjoying the genuine life as he was doing just then from time to time.

[分析] 这句的主干是“All was a desire to be permitted to exist.”; “there was left with him”是定语, 修饰主语“all”; “with now and then...life”是伴随状语, 起补充说明作用; “such as he was breathing now”是举例说明前面的名词“a little breath of life”。

12. There was some talk of having him back during the summer that followed.

(Para. 21)

[释义] During the following summer they sometimes talked about inviting him to visit them again.

III. 重点语法讲解

虚拟语气 (subjunctive mood) 虚拟语气是一种特殊的动词形式, 用来表示说话人所说的话不是一个事实, 而只是一种愿望, 假设、怀疑、建议、推测、可能或纯粹的空想等。

虚拟结构 (不论从句或主句) 常可用情态动词的过去式, 即could, might, would, should等加不带to的动词不定式或不带to的动词不定式完成式, 来作谓语动词。这些情态动词除表示虚拟结构外, 本身还有独立的意思。

If he were here, he *might* agree with you. 假如他在这里, 他可能会同意你。

If it had not been for their help, we *could not* have succeeded.

如果没有他们的帮助, 我们是不可能成功的。

He *should* have come earlier. 他本应该早点来。

倒装句 英语最基本的词序“主语部分+谓语部分”通常十分固定。如果把谓语动词放在主语前面, 就叫作倒装。将谓语动词完全移至主语之前, 称为完全倒装, 如果只是把助动词或情态动词放在主语之前, 称为部分倒装。

so 放在句首, 用倒装表示强调, 结构如下:

1. **So + be/have/助动词或情态动词+主语, 表示“也这样”。**

—He is a doctor. —So am I. ——他是个医生。——我也是。

—He likes football. —So does she. ——他喜欢足球。——她也是。

2. **So + 主语 + be/have/助动词或情态动词, 表示“确实是这样”。**

—You said she was very pretty. —So I did. ——你说过她很可爱。——我确实说过。

—I guess they have seen the film. —So they have.

——我猜他们已经看过这部电影了。——他们确实看过了。

IV. 课文赏析

1. 文体特色

这是一篇以时间顺序为线索的记叙文。在记叙过程中, 作者巧妙地运用了多个时间标志词 (time marker) 来表示时间的推移和故事的发展, 把一系列事件按照时间顺序有机地结合为一个整体。在细节描述时, 还运用了一系列的因果结构。

此外, 文章叙述生动, 深入细致, 尤其是对女主人公内心的刻画, 用词贴切, 丝丝入

扣, 真实地再现了她的情感发展过程, 使读者能够感同身受。

2. 结构分析

Part I (Para. 1) The general situation and the starting point of the story.
