第十届全国运动会于2005年10月在江苏举行。在各方面共同努力下，十运会成为体育的盛会、人民的节日，成为2008年北京奥运会的一次成功演练。省委党史工办、省体育局联合编纂出版《江苏体坛风采》画册，通过一幅幅珍贵的历史图片，从不同侧面展示十运会和江苏体育发展的辉煌成就，让社会更多地了解关心体育工作，是一件很有意义的事情。

源于人类生产劳动的体育，历经千百年的发展，已成为人们增强体质、愉悦精神、锻炼意志、塑造品质、交流情感的重要活动，对人类社会的发展产生了重要影响。特别是进入现代社会，体育作为文化的延伸，是衡量一个国家和地区社会文明程度的重要标志；作为一种精神的载体，在凝聚一方人心、鼓舞一方士气方面发挥着无可替代的重要作用。大力发展体育事业，对于增强人民体质、提高生活质量，对于振奋民族精神、增强民族凝聚力和自豪感，对于促进现代化建设、加快构建和谐社会，都有十分重要的意义。

国运盛，体育兴。新中国成立以来，经过几代人的艰苦奋斗，我省体育事业取得了令人瞩目的成就。群众体育蓬勃发展，人民体质普遍增强，全省40%以上的人口经常参加体育锻炼，人均期望寿命已由解放初期的35岁提高到74岁。竞技体育水平不断提高，体育健儿自强不息、奋力拼搏，在国际国内赛场屡创佳绩，先后有83名运动员在15个项目上夺得259个世界冠军，19人超（创）112项次世界纪录。体育产业逐步壮大，体育健康娱乐、体育竞赛表演、体育彩票等消费市场基本形成。近几年来，全省上下紧紧抓住承办第十届全国运动会的重要机遇，不断完善体育设施，进一步提高竞技体育水平，掀起全民健身的新高潮，带动了体育事业的全面发展。

当前，我省现代化建设正处在重要的战略机遇期。率先全面建成小康社会，率先基本实现现代化，既为体育发展提供了良好条件，也对体育工作提出了更高的要求。我们要从全局的高度，深刻认识体育工作面临的新形势新任务，坚持以“三个代表”重要思想和科学发展观为指导，以增强人民体质、提高全民素质为目标，加快体育强省建设步伐，促进体育工作再上新的台阶。在全社会大力弘扬“祖国至上、敬业奉献、团结友爱、科学求实、遵纪守法、艰苦奋斗”的中华体育精神，进一步增强人民群众的率先意识、机遇意识、竞争观念和合作精神，营造昂扬向上、团结奋进、开拓创新、争创一流的良好氛围，为加快富民强省、实现“两个率先”而努力奋斗！

PREFACE

Liang Baohua

The 10th National Games of the People's Republic of China have been sponsored by Jiangsu in October, 2005. Through joint efforts of the government and the public, the 10th National Games have become celebration of the sports and festival of the people, and a successful rehearsal for the Beijing Olympic Games in 2008. The large picture album named "The elegant appearance of Jiangsu sports" will edited and published by the Party History Work Office of the provincial Party Committee and the provincial Sports Bureau. By means of these precious historical pictures, it revealed the 10th National Games and glorious achievements of Jiangsu sports development from different aspects. It will also make more people understand that taking care of the athletic work is significant.

Through the development of hundreds of years, the original sports from the human productive labor has become the important activities of the people to strengthen their physique, make them joyful, build up willpower, mould the quality, and exchange people's emotion. It has exerted important influence to the development of the human society. Especially in the modern society as a cultural extension the athletics is an important mark to measure the degree of the social civilization of a country or district. As a carrier of spirit, it displays an irreplaceable important function in coagulating people's feelings and enhancing the public morale. To energetically develop the athletic cause has a very important significance for rising the national spirits, enhancing the national cohesive force and sense of pride, promoting the modernization construction and speeding up building the harmonious society.

Only when the country become thriving and prosperous, the sports can be vigorously developed. Since the founding of the new China, our provincial athletic cause has got some awe-inspiring achievements though the hard struggles of several generations. The mass sports is developing vigorously. The people's physique has generally build up. More than 40% people of the whole province often take part in the sport exercises. The average human life span has increased from 35 years old in the early post-liberation period to 74 years old now. The athletics level was raised continuously. The master sportsmen strived constantly to become stronger and did all they could to struggle hard. They have repeatedly created good scores in the internal and external competitions. Among them, 83 athletes have won 259 world champions in 15 items, 19 of them surpassed (or created) 112 world records. The sport industry is growing step by step. The consumer markets of sports matches, performance and athletic lottery tickets have basically been formed. In recent years, the whole province closely catch hold of the important opportunity of holding the 10th national games to continuously improve the sport facilities and further raise the athletics level. The new high tide of doing exercise to keep fit of all people is rising. This will give an impetus to the all-round development of the sports.

At present, our provincial construction of modernization is at the juncture of the important strategic opportunities. We should take the lead in realizing a society of overall well-to-do families and basically the modernization. This will not only provide some good conditions for the development of the sports, but also raise higher requirements to the sports work. We should deeply recognize the new situation and task from a high degree of overall situation. We should insist on taking the important thoughts of "Three Represents" (the Party must always represent the requirements of the development of China's advanced productive forces, the orientation of the development of China's advanced culture, and the fundamental interests of the overwhelming majority of the people in China.) and the sense of science development as our direction. Our target is to strengthen the people's health and heighten their physique. We must steep up the constructive steps of our athletics-strengthening province and promote the sports work to a new stage. We should devote major efforts to carrying forward the China's sportsmanship of "the motherland is highest, honestly dedicate to our work, be united and friendly, be scientific and seeking reality, observing discipline and laws, and hard struggle." We should further increase the masses' awareness of being first and opportunity, competitive sense and co-operative spirit. We should develop a good atmosphere of upward spirits, uniting and do all one can to go forward, pioneering and blazing new trails, striving to create the best. We must do our best to struggle for speeding up to make the people rich and the province strong, and realize "2 leads" (realizing a society of overall well-to-do families and basically the modernization before the whole country).
