二、新版《名录》较为全面地展示了外商投资企业在我国的区域布局和产业结构等现状，构建了以《名录》——“中国投资指南网”——“在华外商投资企业数据库”共同组成的“一书一网一库”的立体式信息传播服务体系，体现了商务部加强外商投资商务信息社会化服务的精神。

三、新版《名录》的数据全部来自最新的全国外商投资企业联合年检资料，收录外商投资企业约170000家，刊载企业代码、名称、地址、邮政编码、电话、传真及主营范围等内容，全书共分五册（附光盘），其中制造业类三册，综合类二册，是迄今为止国内较为完整的外商投资企业数据库。新版《名录》采用双索引检索方式，既可按企业所在的行政区域查询，也可按企业的行业类别查询。

四、本书在定稿之前，编者以严谨、负责的态度将本书刊载的企业信息逐条核对，由于制作周期的原因，可能有部分企业办公地址迁移，或有其他信息发生变化，对此，有待本书再版时增补修订，特此说明。

五、新版《名录》由于出版时间紧，数据处理量大，差错在所难免，敬请广大读者提出宝贵意见。

天津开发区(TEDA 泰达)

——外商投资中国的热点地区

天津经济技术开发区(Tianjin Economic-technological Development Area, 以下简称天津开发区)始建于1984年,是经国家批准建立的首批国家开发区之一,“TEDA”是其英文名称缩写。

天津开发区享受国家赋予的有关优惠政策,致力于建设以高新技术产业为主的外向型现代化工业新城。

天津开发区居于环渤海经济圈中心,距中国北方重要的经济中心和国际港口城市、环渤海地区的经济中心——天津市区45公里,距中国首都——北京140公里,坐拥东北、华北、西北经济腹地,区位优势得天独厚。她东邻华北地区最大的国际贸易港口——天津港,紧靠中国最大的货物空运中心——天津滨海国际机场。距北京首都国际机场145公里。横贯区内的高速、轻轨、货运铁路、城际列车与京沪、京广等铁路大动脉和密布全国

的高速公路网连为一体。

自1997年以来,国家有关部门以综合经济实力、基础设施配套能力、经营成本、人力资源及供给、社会及环境和技术创新环境六个方面对各国国家开发区进行综合评价,天津开发区综合排名连续位居全国之首,成为中国投资环境最好的、成功发展的国家经济技术开发区之一。截至2005年年底,共有来自74个国家和地区的投资者在天津开发区注册了4067家企业,累计投资总额超过290.4亿美元。2005年《财富》全球500强企业中,共有来自境外10个国家和地区的57个跨国公司在天津开发区投资了123家企业。摩托罗拉在这里引领中国通信业新时代,并成为在华最大外商投资企业之一;三星集团超过1/3的在华企业聚集于此,共同缔造了“三星神话”;丰田汽车则从这里开始了全力加速,誓争中国10%的汽车市场份额。

高素质的人力资源、低水平的商务成本,使天津开发区成为中外企业的投资福地。选择了天津开发区国际化的投资环境,也就同时意味着选择了成功,这就是全球企业巨子云集于此的奥秘。

2002年联合国工业发展组织(UNION)将天津开发区与深圳、苏州、温州、上海浦东新区及西安高新技术产业开发区等六个城市和地区评为中国最有活力的区域。

Tianjin Economic-technological Development Area

Tianjin Economic-technological Development Area (hereinafter referred to as TEDA) was founded in 1984. It is one of the first batch of state-level development zones established with the approval of the State Council of China.

Supported by the State preferential policies, TEDA focuses on building itself as a new export-oriented modern industrial city based on high-tech industries.

TEDA enjoys special geographical advantages. It lies in the center of the Circum-Bohai Economic Zone and can easily reach the economic hinterland of Northeast China, North China, and Northwest China. TEDA is 45 kilometers away from Tianjin; 140 kilometers from Beijing, and 145 kilometers from Beijing International Airport. To the east of TEDA is Tianjin Port, the largest international trade port in North China, and it is also adjacent to Tianjin Airport, the largest airfreight transportation center of China. Expressways, light rails, freight transportation railways, and intercity trains run through TEDA and join such key railways as Beijing-Shanghai and Beijing-Guangzhou railways as well as the national expressway network to form a complete set of air-land-sea transportation system providing boundless space of unlimited connections to the outside world.

Since 1997 the Ministry of Commerce of China (the former Ministry of Foreign Trade and Economic Cooperation) has conducted comprehensive assessments of all the state-level economic development zones from six perspectives, namely comprehensive economic strength, ability to supply the supporting infrastructures, operation costs, human resources and supply, society and environment, and technology innovation environment. With its comprehensive score topping the assessment list for years, TEDA has attained successful development and become a state-level economic development zone with the best investment environment in China.

With a galaxy of prestigious enterprises, TEDA, as a modern industrial area, has given full play to its advantages. By the end December of 2005, 4067 enterprises from 74 countries and regions had registered in TEDA, with their accumulative investment exceeding US\$ 29 billion. Of these enterprises, 123 are funded by 57 of the fortune 500 corporations from 10 countries. In TEDA Motorola has opened a new era in the development of China's communications industry and become one of the country's largest overseas-funded corporation. More than one third of Samsung Group's enterprises have set up their business establishments in TEDA and created the "Samsung miracle." Also in TEDA, Toyota is initiating its strategy of developing in China and has vowed to obtain 10% of China's auto market share.

High quality human resources and low business costs make TEDA a "blessed land" for domestic and overseas investors. Choosing to establish business in the internationalized investment environment of TEDA is a choice leading to success. That's why corporate giants around the globe gather here.

TEDA, together with Shenzhen, Suzhou, Wenzhou, Pudong New Area of Shanghai and Xi'an High-tech Industrial Development Zone, was elected by United Nation Industry Development Organization (UNIDO) as the most dynamic regions of China in 2002.
