Trace Elements in the Pathogenesis and Treatment of Inflammation

Edited by
K. D. Rainsford, Windlesham
K. Brune, Basel
M. W. Whitehouse, Canberra

1981

Birkhäuser Verlag
Basel · Boston · Stuttgart

Editors:

K. D. Rainsford, Lilly Research Centre Limited,
Earl Wood Manor,
Windlesham, Surrey GU20 6PH (England)

K. Brune, Pharmacology Department, Biozentrum,
University of Basel, Klingelbergstraße 70,
CH-4056 Basel (Switzerland)

M. W. Whitehouse, Department of Experimental Pathology,
John Curtin School of Medical Research, P. O. Box 334,
Canberra City, A. C. T. 2601 (Australia)

CIP-Kurztitelaufnahme der Deutschen Bibliothek

**Trace elements in the pathogenesis and treatment
of inflammation** / ed. by K. D. Rainsford . . . -

Basel, Boston, Stuttgart : Birkhäuser, 1980.

(Agents and actions : Suppl. ; Vol. 8)

ISBN 3-7643-1201-7

TABLE OF CONTENTS

List of Contributors	10
Preface	19

SECTION 1 : Metal ions in Relation to Inflammation

Transport Mechanisms Involved in the Absorption of Trace Metals.	
W. FORTH and G. NELL	23
Molecular Mechanisms of Metal Actions on Cells.	
G.J. BREWER	37
Metabolism of Copper and Zinc in Isolated Rat Liver Parenchymal Cells.	
A.L. WEINER and R.J. COUSINS	51
Effects of Metal Ions on Lysosomes	
J.C. LUDWIG and M. CHVAPIL	65
Modulation of T Lymphocyte Function by Copper and Thiols.	
P.E. LIPSKY	85
Catalytic Reaction of Copper Complexes with Superoxide	
U. WESER and L.M. SCHUBOTZ	103
Systemic Alterations in Metal Metabolism during Inflammation as Part of an Integrated Response to Inflammation.	
M.C. POWANDA	121
Superoxide Ion and Superoxide Dismutase Activity in Arthritic Conditions.	
M. RISTER	137

The Dynamics and Possible Roles of Metal Complexes in Inflammation.	
S.C.R. MEACOCK, B.P. SWANN and W. DAWSON	145
Possible Role of a Copper Complex in the Pathogenesis of Rheumatoid Arthritis	
A.D. GERBER	165
Caeruloplasmin : Acute-Phase Antioxidant	
T.L. DORMANDY	185
Copper Levels in Inflammatory Conditions	
D.H. BROWN, J. DUNLOP and W.E. SMITH	199
Multiple Actions of Copper in Control of Inflammation : Studies in Copper Deficient Rats	
R. MILANINO and G.P. VELO	209
The Role of Trace Elements in Hepatic Events During Inflammatory Conditions	
P.C. BRAGT and I.L. BONTA	231
Models of Low-Molecular-Weight Copper (II) Complexing Equilibria in Relation to Rheumatoid Arthritis	
C. FURNIVAL, P.M. MAY and D.R. WILLIAMS	241

SECTION II : Pharmacology of Metal Ion Complexes

Metal Ion Therapy : Some Fundamental Considerations D.D. PERRIN and M.W. WHITEHOUSE	261
Metal Ion Complexing with D-Penicillamine, Cysteine and other Biologically Important Thiol compounds I. SÓVÁGÓ and A. GERGELY	291
Development of Copper Complexes for Potential Therapeutic Use J.R.J. SORENSON	305
A Comparison of the Anti-Inflammatory Activities of Copper Complexes in Different Models of Inflammation A.J. LEWIS, W.E. SMITH and D.H. BROWN	327
Copper Complexes and Experimentally-Induced Inflammation and Arthritis E.J. LEWIS and G.B. WEST	339
Dermal Copper Drugs : The Copper Bracelet and Cu(II) Salicylate Complexes. W.R. WALKER, S.J. BEVERIDGE and M.W. WHITEHOUSE	359
Reactions of the Gastric Mucosa to Orally Administered Copper and Related Metal Complexes K.D. RAINSFORD	369
Regeneration of the Surgically Lesioned Gastric Mucosa during Treatment with Copper Complexes S.F. TOWNSEND and J.R.J. SORENSON	389
Platinum (II) Amines : Toxicities and Immunosuppressant/ Anti-Arthritic Activity D.P. FAIRLIE and M.W. WHITEHOUSE	399

Platinum Interactions with Nucleic Acids : Insights from Model Compounds	
B. de CASTRO, T.J. KISTENMACHER and L.G. MARZILLI	435
Modulation of the Immune Response by Gold Salts	
M. HARTH	465
Effect of Gold Salts on Peripheral Blood Monocytes and Macrophages	
P. DAVIES	477
 <u>SECTION III : Pharmacokinetics of Metal Complexes in Inflammatory Conditions</u>	
Pharmacokinetics and Sub-Cellular Interactions of Gold Complexes : Significance in Relation to Therapeutic and Side-Effects	
R.W. MASON, R.P. SHARMA and E.G. McQueen	489
The Biochemistry and Subcellular Distribution of Gold (I) in Kidney Tissue : Implications for Nephrotoxicity and Chrysotherapy	
C.F. SHAW	509
Pharmacokinetics of Gold in Rheumatoid Arthritis	
N.L. GOTTLIEB and R.G. GRAY	529
Experience and Rationale of Monitoring Plasma Levels of Gold in Rheumatoid Arthritis	
A. LORBER	539

SECTION IV : Clinical Evaluation of Metal Complexes
for treating Inflammatory Conditions

A Critical Evaluation of the Use of Metal Complexes in
the Treatment of Inflammatory Conditions

G.E. EHRLICH

577

Treatment of Rheumatoid Arthritis with Oral Zinc Sulphate

P.A. SIMKIN

587

Subject Index
