## *Aims and Scope:*

Applied Mechanics and Materials is a book series specialized in the rapid publication of proceedings of international conferences, workshops and symposia as well as state-of-the-art volumes on topics of current interest in all areas of mechanics and topics related to materials science.

## *Internet:*

The periodical is available in full text via [www.scientific.net](http://www.scientific.net)

## *Subscription Information:*

Irregular: approx. 80-100 volumes per year. First volume in 2014: Vol. 440

The subscription rate for web access is EUR 1089.00 per year.

Standing order price for print copies: 20% discount off list price plus postage charges.

# Preface

2013 International Conference on Material Engineering and Manufacturing Engineering(ICMEME2013) is a conference mainly focusing its center on Material Engineering and Manufacturing Engineering. The objective of the conference is to provide a forum for different researchers in different fields especially in Material field to exchange their different findings. The researchers are from different countries and in different professionals. The conference will bring all the researchers from all around the world together to share their new findings, thus to promote academic exchanging.

All the papers accepted had been passed the strict peer-review course before their publication by TTP. Here, we should show our sincere thanks to all authors for their high-quality papers and their careful presentations in the conference. At the same time, all reviewers should be thanked too for their careful work. In addition, all sponsors and all team members of TTP should be especially thanked too for their hard work and careful edition on ICMEME2013.

It's the joint efforts of all different parts that they makes our conference be successful.

**The Organizing Committee of ICMEME2013**

## **Committees:**

### **Honorary chair:**

S.L. Xue, Maryland University of America

Fitch Chen, Zhongshan University

### **Organizing Chairs:**

X.H Zhan, Nanjing university of Aeronautics

David Yang, Wuhan University of Technology

### **Organizing Committee:**

Z.P. Lv, Huazhong university of science and technology

Q. Huang, Huazhong university of science and technology

Helen Li, Yangtze university

Sara He, Wuhan textile university

Jack Ma, Wuhan textile university

George Liu, Huaxia college Wuhan Polytechnic University

Hanley Wang, Wuchang University of Technology

Diana Yu, Huazhong university of science and technology

Anna Tian, Wuchang University of Technology

Fitch Chen, Zhongshan University

David Bai, Nanjing university of technology

Y. Li, South China normal university

Harry Song, Guangzhou Univeristy

**Sponsors:**

Wuhan institute of technology, China

Beijing Material Research Center, China

International Material Research Society, Hong Kong
