PREFACE

My aim in writing this book has been to provide a succinct, but comprehensive account of the law governing limitation periods throughout a wide range of relationships and causes of action. I was encouraged in this enterprise by frequent reminders from colleagues in the professions of the need for a text which is both readily accessible to the non-specialist practitioner and also capable of yielding further authority for those whose needs require them to explore the subject more fully.

It is well known that problems of limitation can arise at short notice in any species of action, and the practitioner may find him or herself called upon to advise speedily but with relative certainty.

The recent avalanche of case law in this area, much of it unreported, and the complexity of the relevant statutes have reinforced my belief that an authoritative but concise treatment of the law is much needed.

I should like to thank Kirsty Keywood, postgraduate student at Leicester University, for her help in tracking down elusive materials. My greatest debt, however, is owed to Caroline Forder of the Faculteit der Rechtsgeleerheid, Rijksuniversiteit Limburg, both for her unflagging encouragement during the course of this project and for her invaluable criticisms of the chapter on Adverse Possession; any errors which may remain, are of course, my entire responsibility.

The law as stated is up-to-date to July 6, 1992.
