The Authors

Dr Jaunius Gumbis is an Associate Professor of Philosophy and Legal reasoning at Vilnius University, Faculty of Law with over twenty years of academic experience, also attorney and Partner in law firm LAWIN – internationally highest ranked business law firm in the Baltics, Head of Vilnius Industry and Regulatory practice group since its established. Dr Gumbis academic interests range from bioethics, legal philosophy to legal reasoning. In 1993 Dr Gumbis has obtained a degree of Master in Law from Vilnius University Faculty of Law and continued his legal studies at the Academy of American and International Law, Dallas, USA (1993); International Institute of Human Rights, Strasbourg, France (1994); Jean Moulin University, Lyon, France (1995); and obtained a Ph.D. degree at Vilnius University Faculty of Law in 2002.

Dr Gumbis is an author and co-author of over thirty-eight papers and book chapters on competition, energy and utilities, communications, medical law, concept of Law. Since 2008 Dr Gumbis is a Recommended arbitrator of Vilnius Court of Commercial Arbitration. In 2011 he was appointed as an Honorary Consul of the Republic of Brazil. Since 2012 he is a Member of Vilnius Regional Biomedical Research Ethics Committee.

Ms Rūta Pumputienė is an attorney and an Associate Partner in the law firm LAWIN, with ten years of significant legal experience, currently heading team of medical law and life sciences professionals in Lithuania. She has proven experience in serving clients on intellectual property-related matters in various industry sectors, mainly specializing in medical law and life sciences. She is widely considered one of the most experienced intellectual property lawyers in the Baltic States. Ms Pumputienė has graduated from Vilnius University Faculty of Law in 2004, and further continued postgraduate studies in University of London, obtaining Master of Laws (LL.M.) degree in Intellectual Property Law in 2010.

The Authors

Ms Pumputienė is also heading the Local American Working Group (LAWG), a world-known name defining an informal pharmaceutical industry platform representing the voice and opinion of pharmaceutical companies on various issues in the sector and acting as a lead authoritative body dedicated to own up a transparent dialogue on health care issues between public and private players. Ms Pumputienė has a three year university lecturer's experience on intellectual property in e-space subject and is a frequent speaker in national and international conferences on medical law, intellectual property, EU & domestic trade law spheres and has authored and co-authored a dozen of publications on medical law, pharmaceutical law, intellectual property law matters.

Mr Šarūnas Narbutas is a Ph.D. candidate in Vilnius University Faculty of Law, writing a thesis on 'Legal Implications of Networked Governance Model in Lithuania and in the EU' as well as lecturing on Medical Law, European Union Law and Public International Law legal courses for law students. Mr Narbutas was an Associate in the law firm LAWIN, specializing in medical law, pharmaceutical law and health policy fields. Currently Mr Narbutas is a legal adviser to the President of the Republic of Lithuania. Šarūnas Narbutas has obtained a

Master of Laws degree from Vilnius University Faculty of Law in 2012, and has completed training courses 'Basics of Health Economics' at the World Bank Institute (2010), 'Health Technology Assessment' at the London School of Economics (2010), 'Pharmaceutical Policy, Pricing and Reimbursement' at London School of Economics (2013).

Šarūnas Narbutas was also serving as a Member of an Advisory Board to the Minister of Health of the Republic of Lithuania, a Member of a Disease, Medicinal Products and Medical Aid Measures Reimbursement Commission, a Deputy Chair of the Commission Awarding Damages to Patients Caused by a Medical Malpractice, and a Member of several governmental working groups. At the international level, Mr Narbutas is a member of 'British Medical Journal' advisory board, as well as a patient expert at 'European Organization for Research and Treatment of Cancer' (EORTC), reviewing clinical trial protocols and informed consent documentation.

In the past five years, Mr Narbutas has participated as a speaker / moderator in over fifty high-level conferences throughout Europe and on the international scale and has led a debate on health policy issues at the national level and in front of European authorities.

Ms Ieva Balėnė is an Associate in the law firm LAWIN where she continued her practice after working as an associate in Lithuanian Business Support Agency. Currently her main area of specialization is life sciences, particularly advising the clients on pharmacy, chemistry law and health policy matters. Ms Balėnė's interest in medical law was already noticed in Vilnius University, Lithuania, where she completed Master's degree in Law in 2012 with the thesis titled 'Ensuring the Protection of Human Rights Envisaged in ECHR Articles 5 and 8 When Treating Individuals Suffering from Infectious Diseases'. Besides Master's degree in Lithuania, Ms Balėnė also

completed a course in Universidad de Zaragoza, Spain and participated in the internship in one of the world's premier university-based institutions for the study and promotion of human rights and humanitarian law – Irish Centre for Human Rights at National University of Ireland. Currently in parallel with practice in LAWIN, I. Balėnė is a speaker in the conferences, seminars and other events.

In June 2014 Ms Inesa Chmurec has obtained her master degree in Law at Vilnius University. She has been working as a Junior Associate in LAWIN from January 2013 until October 2014 when she decided to move to Basel to study PhD at Basel University, Faculty of Law and write her thesis focusing on regulatory aspects of commercial and non-commercial use of human materials in tissue engineering industry. Since 2013 Ms Inesa Chmurec practiced across a range of commercial law matters, including life sciences field. Her practice primarily focuses on cell biology, pharmacy, transplantation as well as health information. In 2014 Ms Inesa Chmurec was

awarded Utrecht Network Young Researchers Grant to undergo one month research in the field of legal status and ownership of human cells and tissues in the context of transplantation law, in Basel University, Switzerland. She also have received first place award in students scientific conference for the best oral presentation 'Ethical and religious aspects of donation and transplantation' by Vilnius University.
