## Preface

This five-volume book contains the final abstracts of most of the papers presented at the **12<sup>th</sup> Asian Pacific Confederation of Chemical Engineering Congress (APCChE2008)** held in Dalian, China in August 4 ~ 6, 2008. Each volume contains approximately 400 abstracts from one or two themes. In addition, a proceeding of the APCChE2008 in a CD-ROM (containing all accepted full-length manuscripts by a large percentage of authors, the technical program, the author-program index and many more) has been prepared for distribution to all participants of APCChE2008.

APCChE2008 is the 12<sup>th</sup> in the series of Congresses on Chemical Engineering launched by the Asian Pacific Confederation of Chemical Engineering (APCChE) in 1979 in Jakarta, Indonesia. Since then, APCChE Congresses have been organized in Philippines (1981), Thailand (Bangkok, 1984), Singapore (1987), Malaysia (Kuala Lumpur, 1990), Australia (1993), China (Taipei, 1996), Korea (Seoul, 1999), New Zealand (Christchurch, 2002), Japan (Kitakyushu, 2004) and Malaysia (Kuala Lumpur, 2006).

The objective of this biennial congress is to provide engineers, scientists, researchers, technologists, teachers and students from the member societies in 13 countries or areas in Asian Pacific region as well as the other parts of the whole world a platform to present their latest results, to interchange ideas, to make new friends and to establish new collaborations. The conference addresses the full spectrum of chemical engineering, including current trends and future needs. The focus of APCChE2008 is **Chemical Engineering in Sustainable Development** including six themes: (1) Clean Energy Technology; (2) Environment and Green Processing; (3) Materials Science and Engineering; (4) Biotechnology; (5) New Frontiers in Chemical Engineering; (6) Education for Chemical Engineers.

I would like to thank all the authors for submitting their abstracts and full papers. I thank the members of the Organizing Committee for their reviews, their advice during the selection process

and the preparation of the technical program. Special thanks go to Prof Jingping Qu, Prof Zhong Xin, Prof Xuehu Ma, Prof Feng Qian, Prof Jie Bao, Prof Li Li, Prof Xuhong Guo, Prof Haoquan Hu, Prof Shuguang LV, Prof Xinwen Guo, Prof Changsheng Liu, Prof Dongfeng Xue, Prof Jianhe Xu, Prof Qing Yang, Prof Zhenmin Cheng, Prof Mingzhai Qi, Prof Gaohong He and the editors of Dalian University of Technology Press in getting abstracts ready for these books. Also, I would like to acknowledge all the contributors to APCChE2008.

I hope that these books of abstracts will serve as a valuable record of reference of the contributions made at APCChE2008.

Qian, Xuhong, Ph. D.

Chairman of the Executive Committee

President of Asian Pacific Confederation of Chemical Engineering

President of East China University of Science and Technology,

Professor of Bioorganic Chemistry and Engineering

## Organizations

### ADVISOR COMMITTEE

#### Chairman

**Xianghong Cao**

President of CIESC, Chief Engineer of China Petrochemical Corporation,  
Member of Chinese Academy of Engineering

#### Vice Chairman

**Jinghai Li**

Vice President, Member of Chinese Academy of Science (CAS)

**Jinping Ou**

President of Dalian University of Technology (DUT),  
Member of Chinese Academy of Engineering

**Xiaofei Qu**

Vice Mayor of Dalian

#### Members

Bingzhen Chen

Yong Jin

Bingquan Mao

Xingtian Shu

Jinzong Yang

Quan Yuan

Weiyang Fei

Zhengming Li

Enze Min

Jingkang Wang

Shengli Yang

Weikang Yuan

Musun Guo

Dadong Li

Pingkai Ouyang

Jiading Wang

Guozong Yu

Daoben Zhu

Ying Hu

Wanzhen Lu

Yinchu Shen

Jiming Wang

Qingtang Yuan

### INTERNATIONAL ADVISOR COMMITTEE

**David Wood**

Chair of the World Chemical Engineering Council Executive,  
Emeritus Professor & Professorial Fellow,  
Department of Chemical and Biomolecular Engineering, University of Melbourne, Australia

**Zhanfeng Cui**

Professor, Oxford University, UK

**Guohua Hu**

Professor at the Institut National Polytechnique de Lorraine (INPL),  
Nancy, France, Membre de L'Institut Universitaire de France

**Norman N Li**

Member of National Academy of Engineering, USA;  
NL Chemical Technology, Inc

**Otto Lin**

CEO of China Nansha Technology Enterprises;  
Senior Advisor to the President of Hong Kong University of Science & Technology

**Philip W Lee**

DuPont Crop Protection, USA

**ACADEMIC COMMITTEE**

**Chairman**

**Xinhua Li**

Vice President of CIESC,  
Vice President of China National Petroleum Corporation

**Vice Chairman**

**Xunfeng Liu**

President of Shanghai Huayi Group Company

**Xiaoshen Fan**

Vice President of CIESC, Vice President of China National Chemical Corporation

**Members**

## ORGANIZING COMMITTEE

### Chairman

**Qiyi Gong**

Vice President and Secretary General of CIESC, Senior Engineer

### Vice Chairman

**Dinyi Hong**

Secretary General of CIESC, Senior Engineer

**Hongming Sun**

Dalian PCIA

### Members

**Zhixia Fu**

Vice Chief Engineer of China National Chemical Corporation,  
Standing Council member of CIESC

**Jie Hu**

Chief Engineer of Chemical & Marketing Company of CNPC,  
Standing Council member of CIESC

**Xuteng Hu**

Vice Secretary General of CIESC,  
Vice President of Petrochemical Research Institute of CNPC

**Zhong Xin**

Dean of the School of Chemical Engineering, ECUST

**Xuehu Ma**

Head of Department,  
School of Chemical Engineering, DUT, member of CIESC

## EXECUTIVE COMMITTEE

### Chairman

**Xuhong Qian**

President of APCCHE,  
Vice President of CIESC,  
President of East China University of Science and Technology (ECUST)

### Vice Chairman

**Jingping Qu**

Vice President of CIESC,

Dean of the School of Chemical Engineering, Dalian University of Technology

### Secretary General

**Zhong Xin**

Dean of the School of Chemical Engineering,
