前 言

笔者从事中医药治疗和研究工作已有 50 余年了，曾为数万患者提供过医疗服务，治愈的病人不计其数，积累了相当丰富的中医治疗内、外、妇、儿各科的经验。笔者是郭氏中医世家第四代传人。郭氏中医世家已经有上百年的行医历史了，历代都出现过非常著名的医生，在中国极负盛名，其中最辉煌的成就是第三代传人，也就是笔者的先父——中国著名中医学专家郭可明先生。郭可明先生具有 30 年临床经验，尤其擅长温病治疗。他在 56 岁时，因为治疗烈性急性传染病——流行性乙型脑炎，一举获得成功，受到中国卫生部的嘉奖，荣获中华人民共和国建国后的第一个卫生部一等奖。1956 年 2 月 5 日，在北京，他受到当时国家领导人毛泽东、周恩来的接见，并合影留念。这是国家领导人接见中医医师并握手留念的唯一一张照片，它是郭可明先生的光荣，也是郭氏中医世家的光荣，将永远被载入史册。

笔者自 1991 年第一次出访法国，参加在巴黎举办的第二届世界针灸大会以来，感到了世界对传统医学的极大兴趣和中医的渴望，于是萌发了将中医药弘扬到世界各

国的愿望。18年过去了，笔者已多次出访美国、日本、菲律宾、澳大利亚、新西兰等国，足迹遍布世界各大洲，进行讲学、访问和交流，同时在各开展中医诊疗活动，得到了极高的赞扬和尊重。现在笔者已经以石家庄传统医学国际交流中心的名义，与6个国家的医疗机构和民间医疗团体组织签订了中医药技术合作协议，中医的国际交流取得了初步成果。

现在，笔者希望将18年的工作成果——这些曾在世界各地交流、发表过的论文，从中挑选出一部分，编辑成册出版，以此作为微薄的贡献，敬献给世界所有热爱生命，热爱传统医学文化的人们，更要献给笔者一生最为钟爱的中医事业！

Introduction

The writer has engaged in treating and Research of TCM for more than 50 years. He has ever provided medical service for millions of people. The patients cured by him are countless. He has accumulated rich experiences of treating physical department, surgical department, gynecology and pediatrics. The writer is the fourth generator of the Guo's medical family. There are hundreds of histories in Guo's family in Chinese medicine. There are famous doctors in the past and well known in China. Among them the glorious person is the third generator, the father of Guo Jisheng, Guo Keming, the famous professor of TCM. Guo Keming has clinic experiences for thirty years. He was especially good at treating warm-disease. At fifty-six, Guo Keming was awarded by the Health Department on treating Epidemic Encephalitis B, a kind of acute infectious disease. Guo Keming was awarded the first reward of the Health Department after People's Republic of China was established. He was interviewed by Chairman Mao and Minister Zhou in Beijing on Feb. 5th, 1956. He was taken a photo with the leaders. This was the first time that the leader interviewed doctor and took a unite photo. It is the praise of Guo Keming and the Guo's family. It is also forever recorded in the history.

After Dr. Guo visited France and attended the Second World Acupuncture Conference in 1991, he felt the high interest and the hope for the Chinese medicine. He began to put the Chinese medicine to the world. Eighteen years has passed, the writer has visited to America, Japan, Philippine, Australia, New Zealand and so on for many times. He went to many countries and gave a speech, visiting and exchanging. At the same time he treated the disease for the patients and received high praise and respect. Now as the name of Shijiazhuang International

Exchange Center of Traditional Chinese Medicine, he has signed medical cooperation agreement to the medical research and nong-overnmental medical organizations of six countries. The international exchange of TCM has made initial achievement.

Now Dr. Guo hopes to edit and publish the thesises-that are exchanged and issued in the world. It is also the achievement for 18 years. He wants to give the thesises to the person that enjoys the lives and traditional medical culture, even for his favorite medical cause.
