The Author

Patricia Park is Professor of Environmental Law and Head of the Law Research Centre at Southampton Solent University. She has written extensively, and given conference papers, in the areas of energy and environmental law including papers for a number of House of Commons Committees. She has also carried out work for the Advisory Board on Sentencing to the Court of Appeal. Her latest book is *Energy Law and the Environment* (2001), Taylor and Francis, London and New York.

She was appointed as an original member of the Regional Environmental Pollution Advisory Committee to the Environment Agency in 1996. She was elected as a Member of the Commission on Environmental Law of the IUCN (the World Conservation Union) in 1995, and is a Member of the Energy and Natural Resources section of the International Bar Association. She is a Fellow of the Energy Institute, and has been a Justice of the Peace since 1982.

She has carried out research for international oil companies, Local Authorities and the UK Government in addition to joint research for the Trilateral Committee for the Waddensea. She has engaged herself in research with universities in Sweden, Germany, Bulgaria, and France.
