## The Author

Prof. Jose Juan Gonzalez (b. 1959), who holds a Juris Doctor Degree (Mexico, 1981), an LLM in Economic Law (Mexico, 1984) and a Ph.D. in Environmental Law (Spain, 1999) is a full Professor and Researcher at the Metropolitan Autonomous University in Mexico and head of the Environmental Law Ph.D. Programme administered by the Metropolitan Autonomous University in cooperation with the University of Alicante, Spain. In addition to research and scientific service, he teaches the courses Property of Natural Resources, Tax Law, and Environmental Law. He is also the chairman of the Mexican Insti-

tute for Environmental Law Research and Director of the *Mexican Environmental Law Journal*. Professor Gonzalez is a fellow of the National Research System of the Mexican Council of Science and Technology. He is also member of the Governing Council of the UICN Academy of Environmental Law and of the Academic Advisory Group of the International Bar Association, Energy, Environment and Infrastructure Law section.

In the past, he was Director of the Legal Division of the Attorney General's Office for Environmental Protection. Professor Gonzalez is the author of several books and Articles in the field of Latin American and Mexican Environmental Law, Tax Law, and Energy Law. Besides his academic activities, he is adviser for a number of Federal and local governmental agencies in the field of environmental enforcement and compliance. In 1999, he drafted the currently in force Environmental Act of Mexico City.

Professor Gonzalez is also a member of the editorial boards of the *Energy and Natural Resources Law Journal*, the *Macquarie Journal of International and Comparative Environmental Law* and the *Revista do direito ambiental*. In 2008, he organized the Sixth Annual Colloquium of the UICN Academy of Environmental Law.

# Table of Contents

The Author	3
