# THE STORY OF STAR-LORD

**E**ven when **PETER QUILL** was a little boy on Earth, he always defended people in need. If someone was being picked on<sup>①</sup> at school, Peter stood up for them, even if it meant getting in fights with bullies<sup>②</sup> who were bigger than he was. Peter just seemed to have been born with a strong sense of justice.

When he was a little older, Peter finally learned from his mother the truth about his father. Peter's

dad was from another planet, called Spartax. His father and mother had met and fallen in love when his father's ship had crashed on Earth.

Knowing that he had a father out in the galaxy drove Peter to reach for the stars. He studied hard in school, designed his own spaceship, and eventually took off from Earth to explore the galaxy!

Many things were very different on the alien<sup>③</sup> worlds Peter visited, but one thing

③ alien *adj.* 异星的

remained the same. . . .Wherever Peter went he found that there was always some bully who wanted to pick on the little guys. Peter wasn't going to let that happen, no matter what planet he happened to be on.

Peter chose to be a hero! He became —

**STAR-LORD!**

While fighting to protect the innocent, Star-Lord joined with other heroes from other parts of the cosmos, and together this group became known as the

## CHAPTER

# 1

**F**or the earthling<sup>①</sup> known as **Peter Quill**, life was pretty good onboard the space station **Knowhere**. It was an amazing place, after all. Unlike normal space stations, it wasn't made out of metal or a rare space element. It was made out of bone!

How was that possible? The station was built inside the skull of a long-dead giant celestial<sup>②</sup> being. “I live inside a massive floating alien skull,” Peter would say. “How cool is THAT?!”

① earthling *n.* 地球人 ② celestial *adj.* 天上的

The station was filled with strange and wonderful beings. Peter got to meet people and do things that no other human being ever had, or ever would. It was a pretty special feeling.

But the very best thing about Knowhere was that it served as home base for the

an intergalactic<sup>①</sup> Super Hero team that Peter was proud to be a part of!

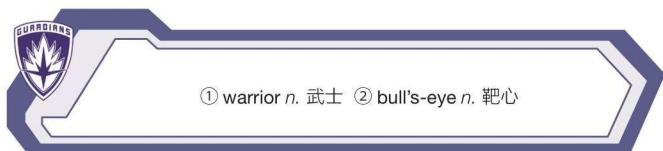

① intergalactic *adj.* 银河间的

There were four other members of the team: **Drax**, the green-skinned, alien strongman; **GROOT**, a living tree monster from space; **Rocket**, a furry little weapons specialist who looked almost exactly like a large Earth raccoon; and **GAMORA**, an intergalactic warrior<sup>①</sup> trained in several dozen forms of combat. And, of course, there was the leader of the group,

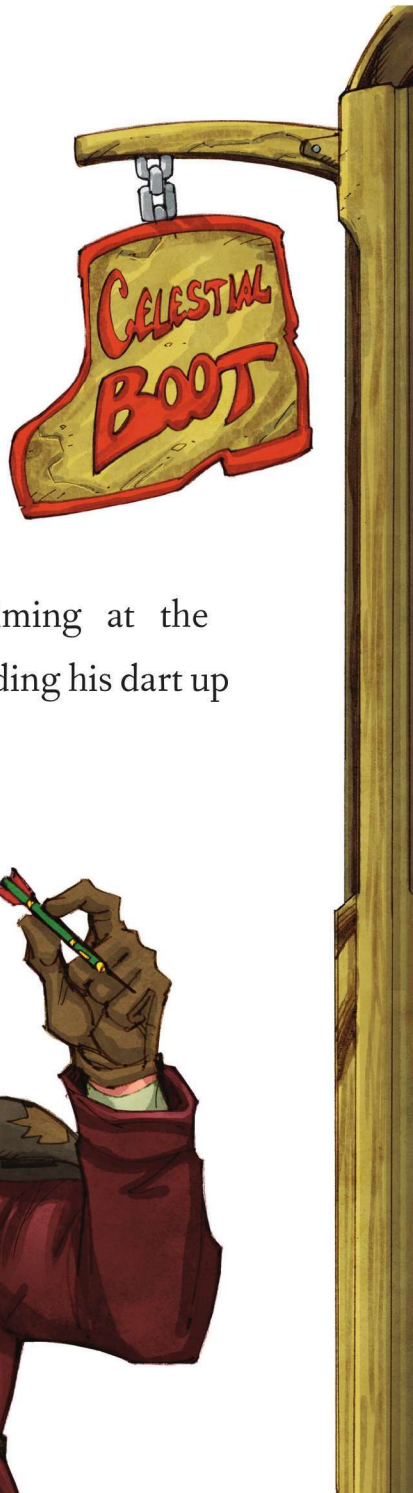

# **STAR-LORD**

When he wasn't out in space doing awesome (if sometimes super-dangerous) missions with his team, Peter spent his time doing fun stuff on Knowhere. Take today for example:

This morning Peter went to the Celestial Boot (a restaurant where the Guardians love to hang out) and played space darts with Rocket. “This is going to be a bull’s-eye<sup>2</sup>,” Rocket shouted as he held up his dart.

“But you’re not even aiming at the target,” Peter pointed out, holding his dart up as well.

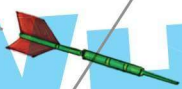

“You’ll see,” Rocket said. He released his dart, and it zipped around the room, **bouncing**<sup>①</sup> off walls and knocking over people’s drinks before landing dead in the target’s center.

HEY,  
HOW DID  
YOU DO  
THAT?

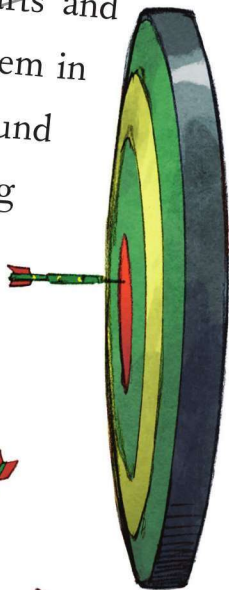

Rocket showed Peter a tiny device on the tip of his dart. **“Homing beacon”**<sup>②</sup>, Rocket explained. “It will always go where I tell it to, no matter what direction I throw it in—I designed it myself!”

# WHOOSH!

“Always?” asked Peter. “Let’s see about that!” He took the whole box of darts and threw them all at once, scattering<sup>③</sup> them in the air! The darts WHOOSHED around the restaurant in all directions, causing patrons to duck as they pinged and poned off the plates, the tables, the floor, and the ceiling before . . .

. . . all landed, clustered<sup>④</sup> perfectly, in the bull’s-eye of the target!

# "AWESOME!"

shouted Peter and Rocket together, high-fiving.

- ① bounce *v.* 弹起 ② beacon *n.* 灯塔, 指路标  
③ scatter *v.* 散开 ④ cluster *v.* 聚集

Later that day, Peter hung out with all of his other friends.

I'M  
LIGHT AS  
AIR!

He did a space race with **Drax**, ran some cool **ZERO-G** training exercises with **Gamora**, and even tried meditating in a garden with **Groot**.

HOO!
