## 二、教学建议

《实用警务英语（第二版）》内容丰富，实用性强，在使用本教材时，可根据分类要求和因材施教的原则，适当选择教学内容。根据教学安排，选择某些教学内容作为课内精练，某些内容由学生课外使用辅导用书辅助学习；根据学生水平，确定某些练习为必做，某些练习由学生课外使用辅导用书辅助练习。选择此书自学的公安民警，可使用辅导用书及配套光盘辅助学习及练习。

1. 建议将模块一中的基本句型与情景对话作为必学内容，在课堂上精讲多练、强化训练，使学生熟练掌握各种场合的句型与对话。

2. 建议模块二的内容，由学生课外使用辅导用书辅助学习，掌握本领域基本概念和短语的英文表述，教师可在课堂上让学生来归纳和总结，同时，为模块三中所提出的问题做进一步的思考和讨论打下基础。

3. 建议模块三的内容，根据教学课时的安排选择使用。建议本、专科的学生尽量做英译汉和汉译英的练习及“调查与研究”，尤其是“调查与研究”部分，教师可要求学生分成小组，课下对此部分问题收集相关材料，准备口头报告。教师上课时组织学生课堂讨论，安排学生做口头报告。此部分没有标准答案，鼓励学生积极思考、合作学习，促进学生之间、师生之间的相互交流，促进师生教学相长。

4. 部分单元后附有法律条文节选，应要求学生尽量阅读，掌握法律条文的英文表述及相关英语词汇。教师可在课堂上检查学生掌握的情况，可以检查词汇，也可让学生翻译句子。考试中也可加入法律条文翻译。

## 模块二 拓展与提高

### Part III Text 课文

#### Police Career Challenges

A police career is a challenging and sometimes dangerous choice. It is not just **writing out tickets** or making traffic stops. The main responsibility for police is to keep order. A police officer must **maintain** the law and order by **enforcing** the laws of society.

When attending school for a police career, there are many courses that must be taken. Proper training is essential in order to survive. For example, **training sessions** on the weapons range is included. A police **trainee** must pass the test on the **shooting range** and a yearly test after **being sworn in** as an officer.

Choosing a police career involves hours of classroom time, role-playing different **scenarios**. A police officer must be able to respond to any type of crisis call whether **on duty** or off. A **required course** in a police career is **psychology**. It is also preferred that the **candidate** that chooses a police career have some kind of higher education. The course that is preferred is **criminal justice**.

A police career will also train personnel in disaster situations. They will be taught what to

do in case of natural disasters or **terrorist** attacks. They are taught **protocol** for every situation.

Not everyone will be accepted to a police career. There are a number of factors that are used to determine if the person is both mentally and physically capable of becoming a police officer. There are extensive psychological tests that are given, as well as physical **endurance** tests. Officials feel that if their officers are carrying weapons, they have to be completely in control.

Often, retired military will seek a police career. They have the discipline and training that is necessary for **law enforcement**. They are able to pass the **rigorous physical fitness courses** that **police academies** require. As **police agencies** are operated by a chain of command that is similar to the military, there is very little adjustment time.

A police career may involve the officer walking the streets of his or her district, keeping the peace and **arresting lawbreakers**. A police officer responds to calls for help and aids those in need of medical attention. They **investigate** crime, **interrogate potential criminals**, and are required to keep detailed notes that will assist in the **prosecution** of criminals that have been arrested. Keeping detailed reports are very **time-consuming**.

In past decades, the police have had to deal with **unpredictable** situations. If they were at the scene of an accident, they would assist and comfort the injured. Today, they are **hesitant** to even hold the hand of a **victim** for fear of **contracting** diseases. When **apprehending** a criminal, they need to exercise extreme caution, not only so they do not **violate** the rights of the criminal, but also because of the dangers of **communicable** diseases.

The dangers that are associated with a police career can cause stress on the job. In the United States alone, over eighteen thousand officers have died in the line of duty. Some departments require that the street officers wear protective **vests** to protect them from being injured. Some protocol of police departments requires that an officer seek help from the department psychologist. This can be helpful in determining if there is a problem with the officer.

In today's police career, an officer is allowed to search, **seize** and arrest a criminal. They are not allowed to search or seize without probable cause. If this occurs, the **defense** will argue that their rights have been violated. If this can be proven, then the criminal is **set free**. Special care is taken not to violate the rights of the **accused**.

With a police career, a police officer is allowed to interrogate a criminal, but cannot **abuse** or use **excessive** force in any way. Reading the arrested person their Miranda rights is also a part of the police career.

When choosing a police career, it must be taken into consideration that there can be dangerous situations. A police officer is often faced with situations that are unpredictable. A simple traffic stop can have a disastrous outcome. They never know just what will happen at any given time.
