Contributors to This Issue

E. W. BARNES, BSc, MRCP, Senior Lecturer in Medicine, Royal Infirmary of Edinburgh, Edinburgh.

ELIZABETH A. CALDER, PhD, Research Fellow, Department of Therapeutics, Royal Infirmary of Edinburgh, Edinburgh.

DEBORAH DONIACH, MD, FRCP, Professor of Clinical Immunology, The Middlesex Hospital Medical School; Consultant Clinical Immunopathologist, The Middlesex Hospital, London.

ALEX FLORIN-CHRISTENSEN, MD (Buenos-Aires), Wellcome Research Fellow in Immunology, The Middlesex Hospital Medical School, London.

ANNEMARIE HEKMAN, Department of Immunology, The Netherlands Cancer Institute, Amsterdam, The Netherlands.

W. J. IRVINE, DSc, FRCP(Ed.), MRCPPath, Reader, Department of Therapeutics and Head of the Immunology Laboratories, University Medical School, Edinburgh; Head of the Department of Endocrinology and Consultant Physician, Royal Infirmary of Edinburgh, Edinburgh.

PAT KENDALL-TAYLOR, MD, MRCP, DCH, Consultant Physician, Wharfedale General Hospital, Otley, Yorkshire.

A. C. MACCUISH, MB, MRCP, Member of the Clinical Teaching Staff, University of Edinburgh; Senior Registrar, Department of Endocrinology and Diabetes, Royal Infirmary of Edinburgh, Edinburgh.

J. H. L. PLAYFAIR, MB, BChir, PhD, Reader in Immunology, The Middlesex Hospital Medical School, London.

PH. RÜMKE, MD, Head, Department of Immunology, The Netherlands Cancer Institute, Amsterdam, The Netherlands.

G. WICK, MD, Professor and Chairman, The Institute for General and Experimental Pathology, University of Innsbruck, Austria.

Table of Contents

FOREWORD	227
<i>W. J. Irvine</i>	
1. INTRODUCTION	229
<i>J. H. L. Playfair</i>	
2. EXPERIMENTAL ANIMAL MODELS IN AUTOIMMUNE ENDOCRINE DISEASE	241
<i>G. Wick</i>	
3. HUMORAL AND GENETIC ASPECTS OF THYROID AUTOIMMUNITY	267
<i>Deborah Doniach</i>	
4. CELL-MEDIATED IMMUNITY AND IMMUNE COMPLEXES IN THYROID DISEASE	287
<i>Elizabeth A. Calder and W. J. Irvine</i>	
5. LATS AND HUMAN-SPECIFIC THYROID STIMULATOR; THEIR RELATION TO GRAVES' DISEASE	319
<i>Pat Kendall-Taylor</i>	
6. AUTOIMMUNITY IN THE PATHOGENESIS OF ENDOCRINE EXOPHTHALMOS	341
<i>Deborah Doniach and Alex Florin-Christensen</i>	
7. THE ASSOCIATION OF ATROPHIC GASTRITIS WITH AUTOIMMUNE THYROID DISEASE	351
<i>W. J. Irvine</i>	
8. ADDISON'S DISEASE, OVARIAN FAILURE AND HYPOPARATHYROIDISM	379
<i>W. J. Irvine and E. W. Barnes</i>	
9. AUTOIMMUNOLOGICAL ASPECTS OF DIABETES MELLITUS	435
<i>A. C. MacCuish and W. J. Irvine</i>	
10. AUTO- AND ISOIMMUNITY TO SPERM IN INFERTILITY	473
<i>Ph. Rümke and Annemarie Hekman</i>	
INDEX	497
