Preface

Teenagers are our future. As one part of Social education, museum plays an important role for young people, and it becomes "a second class".

To motivate the interests of teenagers, spread primitive historical knowledge and civilization, we illustrate the book with cartoons, hoping the image of the characters in the book will fly into every heart of our young readers.

Route Map of Banpo Museum

Let's explore the secrets of Banpo!

Chapter I: Times for Women

Look far into the Distance

I'll go with you
through the river of
history, back to the
primitive society,
Banpo will be in front
of you!

Paleolithic Age

Hunting, fishing,
collecting were the
main occupation
for men.

About 3 million to 10,000 years
ago, people lived a hard life and
rough stone tools were used.

"Beijing people" lived
700000 years ago.

"Lantian people"
1100000 years
till now.

"Yuanmou people"
1700000 years till
now.

New Stone Age

At this time, agricultural production started!

People began to settle down at this stage.

Hongshan Culture (north-east of Inner Mongolia, west of Liaoning, 7000-5000 years till now).

Dawenkou Culture (north of Shandong, Anhui, Jiangsu, 6200-4500 years ago).

Yangshao Culture (the middle reaches of Yellow River, 7000-5000 years ago).

Hemudu Culture (Ningbo plain, 7000-5300 years ago).
