### PREFACE

### Freeze Frame on the Grand Pass and the Antiquated Great Wall, Display a Vigor Shuo Zhou

Yan Men Pass is the most impregnable fortress among the nine fortresses in land under heaven as an old saying goes. Yan Men Pass, an important part of the Great Wall, which is world cultural heritage, is praised as the first Pass of China as it is an old pass with long history, high reputation and great effect, and used in war frequently. Guang Wu Great Wall, situated in Shanyin County of Shan Xi Province and next to Yan Men Pass, winds along the mountain ridge back and stretches for more than 10 kilometers. It is a relatively well-preserved original part of the Great Wall and its precipitous mountain, virile construction, beautiful and colorful scenery make up the essence of Yan Men Guan Great Wall.

The Guang Wu Great Wall curdles the intelligence of our ancient laboring people; it is not only a geographical indicator but also a cultural symbol. In the long history, undergoing the nomadic culture impacts with farming culture, and witnessing the central Chinese culture fused with prairie culture, it is a munificent gift for Shuo Zhou from both the nature and history.

Mr. Yang Jianmin, a member of Shan Xi Photographers Association, and the vice president of Shuo Zhou Photographers Association, delves deeply into the majesty of Yan Men Guan Guang Wu Great Wall for us. His works Yan Men Guan Guang Wu Great Wall with a grand view is infectious and penetrating, demonstrating a vigor Shuo Zhou. His works, from a historical height and at the forefront of time, by his subtle observation and precious capture of the natural and cultural landscape, express his unparalleled respect and deep concern for his homeland and fellow countrymen, and also fully display the cultural image and historical connotation of Shuo Zhou City. In his album, the scenery of seasons, the local culture and customs, and the history heritage and real life in Shuo Zhou are either made into beautiful picture scrolls, or changed into brilliant postcards. His photos are delectable and make the image of Shuo Zhou known by the world.

The Sixth Plenum of the 17th CPC Central Committee of the Party winds the horn to construct a culture-powerful China, and promote socialist culture to develop and flourish as is the choice of history. In this time, we have the responsibility to inherit the national civilization, dig into regional culture, carry forth the Shuo Zhou spirit, enrich the connotation of new base, new advantage and new Shuo Zhou, and demonstrate the profound cultural heritage of this modern city with natural ecology. I hope that all the cultural workers in this city can insist on maintaining a correct creative mainstream. I also hope that they can work hard in coming up with pragmatic innovations and bring the works to the crowd and everyday life with strong culture consciousness and responsibility. I trust that they will dig deeply into the historical culture resource of Shuo Zhou, and improve regenerative ability and impact of the culture, and create more cultural master works filled with Shuo Zhou character, which will contribute to promoting the cultural strategy of the city and improving its image.

As the picture album goes to publication, I write this preface to congratulate Mr. Yang Jianmin.
