The United States

The state of New York

Introduction

Dear Reader:

This ABC book for beginners in English , written by Professor Ruth Paoyu Li, ~~does~~ pay some attention to the structure of the language. However, English is best learned by the example of everyday expressions used by American people in real life situations. The grammar is taught by usage, rather than as in a formal grammar book.

The ABC book has recording to reinforce the learning process and to serve as an example of correct pronunciation.

Debbie Miller
