First, you will hear the whole passage from the beginning to the end just to get a general idea of it. Then, in the second reading, you will hear a signal indicating the beginning of a pause after each sentence, sometimes two sentences or just part of a sentence. During the pause, you must write down the missing words you have just heard in the corresponding space on the Answer Sheet. There is also a different signal indicating the end of the pause. When you hear this signal, you must get ready for what comes next from the recording. You can check what you have written when the passage is read to you once again without the pauses.
