中國科學院植物研究所編纂

中国植物照片集編纂說明

一年来，在全国大跃进形势的推动下，各地植物研究机关，产业部門和高等院校都曾来信，向中国科学院植物研究所提出印制中国植物照片的要求，以利研究工作的需要。为了满足各方这一迫切的需要，决定編印“中国植物照片集”。现就主要内容，作如下說明：

一、中国植物照片集第一批共二巨册，約計七千种，系由中国科学院植物研究所搜藏的大量照片中选出的，包括裸子植物与被子植物，其中大部为模式标本，也有一些是正确鑑定的标本。

二、本集編排次序，系按恩格洛 (Engler) 分类系統排列。

三、每幀照片下面，附有学名、产地、采集人和采集号碼，以便查对印証，但也有少数照片缺少产地或号碼；所列的种，都只有拉丁学名，而缺少中名；所引产地，也有許多較小地名只有外文拼音，本应一一查对添入，但如此做法，工作量太大，势必延迟付印日期，故只得暫缺，留待以后增補。

四、所有学名，在編纂过程中已經加以釐訂，但錯誤仍所不免，各方如有发现，請随时予以指正，以便再版时加以改正。

五、在初校时发现少数照片次序顛倒的情形，如再改排，費时太多，故在本集后面附加科、屬的学名索引，以便检閱。
