tural Government

西北边陲的明珠

A Bright Pearl of The

阿克苏地区位于天山南麓塔里木盆地北缘，面积 13.25 万平方公里，辖库车、新和、沙雅、拜城、温宿、阿瓦提、柯坪、乌什等 8 县及阿克苏市，新疆生产建设兵团农一师 16 个团场分布于境内。人口 194 万。境内风光秀丽，物华天宝，地灵人杰，有“塞外江南”之美誉。

阿克苏地区发展农牧业条件得天独厚，拥有耕地 700 万亩，林地 7471 万亩，草场 5308.6 万亩，尚有宜垦荒地 4000 万亩。冰川融水提供了丰富的水源，共有冰川 1298 条，流域面积 4098 平方公里，蓄水量约 2145 亿立方米。塔里木河贯通全境，地表水年径流量 127 亿立方米，地下水动储量 51 亿立方米，水能蕴藏量 397 万千瓦。阿克苏地处亚欧大陆腹地，属暖温带大陆性气候，日照长，昼夜温差大，适宜于各种农作物生长。塔里木河流域星罗棋布的绿洲上，农牧业生产发达，棉花、水稻、小麦、油菜、甜菜、瓜果等农作物享誉全疆乃至全国。

境内矿产资源丰富，开采条件良好，石油、煤炭、铀、铜、铁等 20 多个矿种开采前景可观，已探明

煤炭储量 70 亿吨，石灰石储量 1000 亿吨。地区境内已探明石油储量 1.70 亿吨，天然气储量 1185 亿立方米，分别占塔里木盆地已探明总量的 63% 和 90% 以上。英买力、东河塘、雅克拉、牙哈、羊塔克、大宛其等油田，均位于地区境内，发展油气化工工业条件十分优越。

阿克苏是古“丝绸之路”上的重要驿站，有优美的自然风光和颇具民族特色的人文景观。浩瀚的塔克拉玛干大沙漠和奇异的天山风光使阿克苏成为新疆重要的旅游风景区。西域三十六国中的“龟兹古国”遗址在库车县境内。始建于两晋时期的中国四大石窟之一的拜城克孜尔石窟和库车库木吐拉石窟是外来文化与中国传统文化相结合的产物。那鬼斧神工的洞窟建筑、精湛绝伦的绘画艺术，令人叹为观止，吸引着大批国内外客商前来旅游观光和考察。

近几年来，阿克苏以大农业为突破口，依托农业、煤炭、石油开发发展加工业，经济建设和社会事业取得了显著成就。随着国家建设重点向西转移，

阿克苏(代序)

Northwest Frontier Region

中共阿克苏地委副书记、行署专员 买买提明·牙生

Maimaitiming · Yasheng – Vice Secretary of CPC Aksu Prefectural
Party Committee and Commissioner of The Prefectural Government

政策向西倾斜,阿克苏迎来了不可多得的发展机遇:棉花基地建设以阿克苏为重点;塔里木石油、天然气大开发,阿克苏成为主战场;俄霍布拉克煤矿和库车火电厂的建设,将使阿克苏成为南疆的能源基地;南疆铁路阿克苏至库尔勒段已正式通车营运,314国道改造和139全球通GSM数字通信移动电话的开通,极大地改善了地区的交通通讯状况和投资环境。

“九五”期间,地区将以邓小平建设有中国特色社会主义理论和党的基本路线为指针,以江泽民总书记视察新疆时的重要指示精神为动力,深化改

Aksu prefecture is located at the southern side of Tianshan and the north edge of Talimu Basin. It covers an area of 132,500 sqkm and has jurisdiction of Kuche, Xinhe, Shaya, Baicheng, Wensu, Awati, Keping, Wushi and Aksu city. 16 regiment farms of Xinjiang Production and Construction Corps are located within the prefecture. There is a population of 1.94 million in it. Aksu prefecture enjoys beautiful scenery, abundant resources, rich agro products and numerous well known person. It has been given

革,扩大开放,抓住机遇,努力发展以粮食、棉花、畜牧和乡镇企业为四大支柱的现代化大农业;依托大农业和本地资源优势,强化电力、煤炭、石油化工、纺织、建材为主导的工业体系,加快工业化建设进程;大力发展第三产业,实现国民经济持续、快速、健康发展和社会全面进步。

美丽富饶的阿克苏发展前景广阔,大开发大发展的时代已经到来,欢迎国内外客商到阿克苏开展经济技术合作,开发各种资源,在祖国大西北一展宏图。

阿克苏热情欢迎你们!

another name of “Sai Wai Jiang Nan” for its beautiful scenery and bumper harvest.

The prefecture has an arable land of 7 million mu, forest land of 74.71 million mu, grassland of 53.086 million mu and waste land of 40 million mu (suitable for cultivation). Rich water resources involve 1298 glaciers, covering an area of 4098 sqkm with water storage capacity of 214500 million cubic meters. Talimu river flows across the whole prefecture. Annual water

run off is 12700 million cubic meters; Water storage capacity from underground water is 5100 million cubic meters and hydro power resource is 3.97 million Kw. The prefecture lies at the bottom of Eurasia land and belongs to temperate continental climate. Thanks to the long sun duration time, big difference between day and night, various kinds of crops grow well here. Agro products include cotton, rice, wheat, rape, sugar beat, melons and fruits etc are well known nationwide.

The prefecture enjoys rich mineral resources and has nice ore dressing conditions. More than 20 kinds of minerals including petroleum, coal, uranium, copper and iron etc have been verified. Coal reserve capacity is 7000 million tons, Limestone reserve capacity is 100000 million tons; Petroleum reserve capacity is 170 million tons; Natural gas reserve capacity is 118500 million tons (making up 63% and 90% of the total reserve capacity for petroleum and natural resources respectively in Talimu Basin). Some oil fields such as Maimaili, Donghetang, Yakela, Yaha, Yangtak and Dawanguo etc are located within the prefecture.

Aksu is an important throughfare on the ancient silk road. Nice natural scenery and characteristic nationality style have added beauty to it. Great Taklamagan Desert and mysterious Tianshan scenery have made Aksu an important tourist place of Xinjiang. Guici Ancient Kingdom – one of the 36 kingdoms in western area is located here. Kezier grottos of Baicheng – one of the 4 largest grottos in China and Kumutula grottos of Kuche are well known both at home and abroad. The mysterious architectures and outstanding paintings attract numerous torists from home and abroad for sightseeing or study tour.

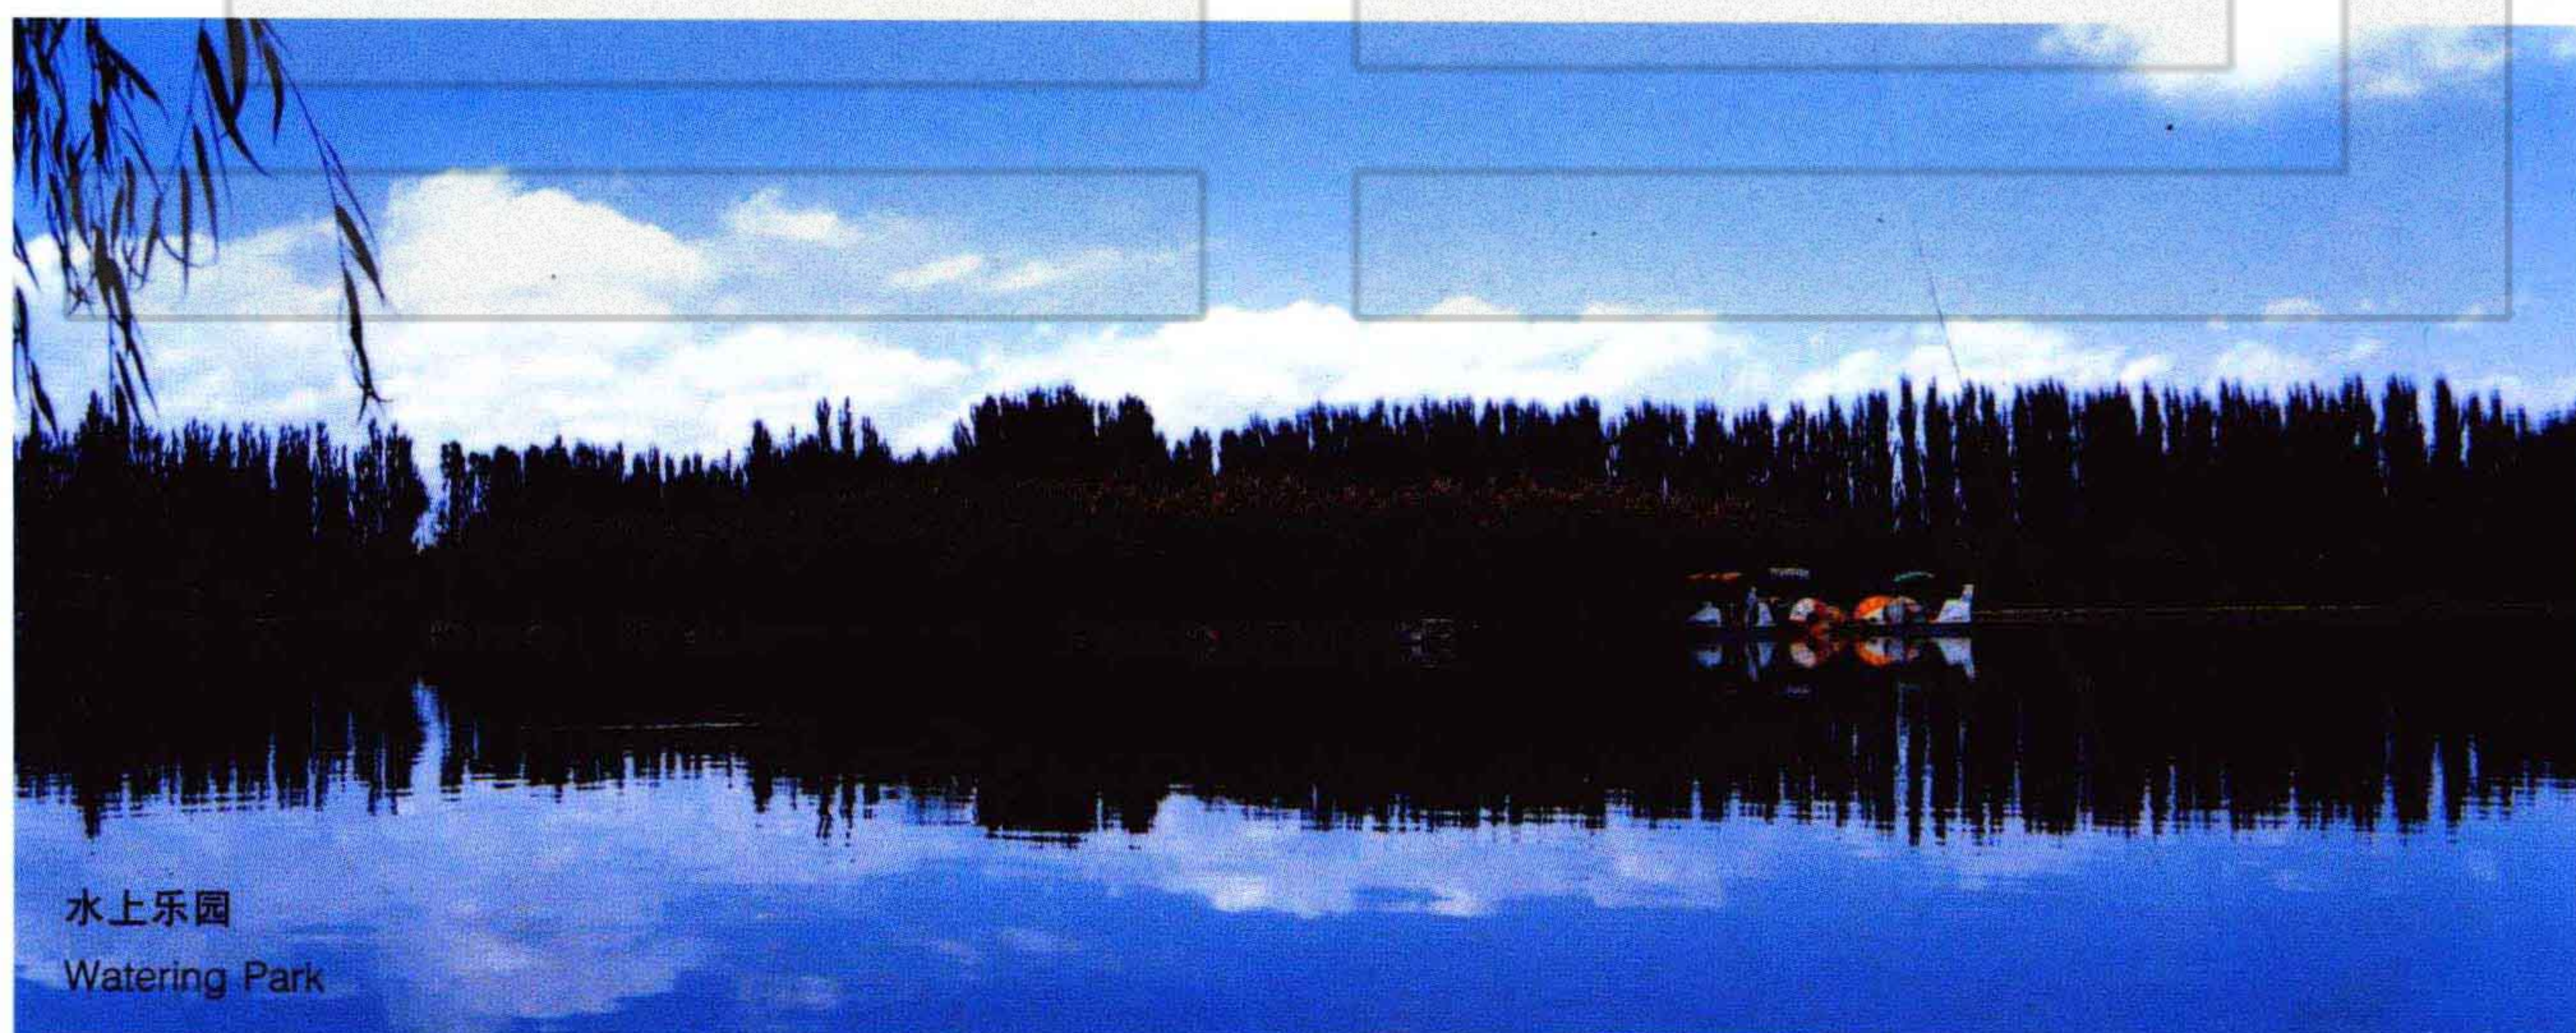

In recent years, Aksu has witnessed great changes in

economic construction and social undertakings by developing big agriculture and relying on agiculture, coal and petroleum resources. Thanks to the preferential policies of the state to the western part, Aksu has been given an opportunity for further development. This includes cotton base area construction. Talimu petroleum and natural gas development, E-huobulak coal mine and Kuche Thermal Power Plant construction etc. South Xinjiang railway construction, Improvement of No.314 state highway and 139 global GSM digital telecommunication system etc have greatly improved telecommunication conditions and investment environment of the prefecture.

In the “9th Five Year Plan” period, the prefecture will follow the principles of Deng Xiaoping’ s theory of building socialism with China’ s own characteristics and the party’ s basic line as well as the important constructions made by General Party Secretary Jiang Zemin in his inspection tour in Xinjiang. It will carry out reform in a deep way, expand opening to the outside world, seize up opportunity and develop 4 important backbone trades involving grain, cotton, animal husbandry and township enterprises. It will rely on agriculture and local resource advantages and attach an importance to electrical power, coal, petroleum, chemicals, textile and construction materials production etc. The prefecture will develop third industry and let the national economy develop in a contineous, healthy and rapid way.

Aksu prefecture has great potentiality for further development. Friends both from home and abroad are welcome to join the economic and technical cooperation in the prefecture.

You are welcome to Aksu!
