非典型性肺炎

1949—1958

俄文部份

Вайль, С. С.:

Хроническая неспецифическая пневмония и
бронхиальный рак.
Вопросы онкологии М., 1950.

Гернгросс, О. Г.:

Особенности вспышки гриппа, вызванной
вирусом типа D во Владивостоке в 1956.
Вопросы вирусол. 1957, № 2, 73.

Горбунова, А. С.:

Штаммы вируса гриппа типа D, выделен-
ные во Владивостоке, и их роль в этиологии
вспышки 1956 г.
(Предварительное сообщение).
Вопросы Вирусол. 1957, № 2, 77.

Есипова, И. К.:

Вопросы патологии хронических неспеци-
фических воспалений легких.
М., Медгиз 1956.

Жданов, В. М.:

Грипп D среди детей раннего возраста.
Вопросы Врусол., 1957, № 2, 243.

Мизерницкая, О. Н.:

К вопросу о хронических неспецифических
пневмониях у детей раннего возраста.
Вопросы охраны материн. и дет. т. 1, № 6,
1956, 7-12.

Миркис, С. М., Левин, Е. Р.:

К вопросу о ранней диагностике поражения
сердца при хронических неспецифических
пневмониях у детей.
Педиатрия 1954, № 2, 26-30.

Работина, Е. П.:

Клиника и лечение острых интерстициаль-
ных пневмоний.
Клиническая Мед., т. 35, № 12, 51, 1957.

Светлова, А. К.:

Клиника и исход вирусных пневмоний ново-
рожденных и детей первых месяцев жизни.
Педиатрия 1956, № 1, 31.

Терских, И. И.:

Роль возбудителя группы пситтакоза, орни-
тоза в этиологии атипичных пневмоний.
Клиническая Мед., т. 33, № 5 33-34, 1955.

Титов, Г. Н.:

Нарушения высшей нервной деятельности
у детей дошкольного возраста, больных
хронической неспецифической пневмонией в
ранней стадии.
Вопросы охраны мат. и дет. т. 1, № 6,
1956, 38.
