序 言

中国人民政治协商会议是我国最广泛的爱国统一战线组织,是中国共产党领导的多党合作和政治协商的重要机构。人民政协的创立和发展,受到党和国家三代领导人的亲切关怀。半个世纪以来,在我国革命和建设事业中,发挥了重要的作用。历史将为这一段峥嵘的岁月,竖起光荣的丰碑。

福建省政协正式成立于1955年1月,长期以来在中共福建省委的领导下,广泛团结各界人士,为实现过渡时期总路线,贯彻“长期共存,互相监督”、“肝胆相照,荣辱与共”方针和落实党的统战政策、知识分子政策等方面,作出了可喜的成绩。党的十一届三中全会后,我国进入了改革开放和现代化建设的新时期,省政协认真贯彻党的基本路线,实现工作重点的转移,围绕经济建设这个中心,服从和服务于党和国家的工作大局,切实履行政治协商、民主监督、参政议政的职能,为开创政协工作新局面,积极开展各项活动。

根据“对国家和地方大政方针,以及政治、经济、文化和社会生活的重要问题,要在决策之前在政协进行协商”的要求,省政协通过全体会议和各种会议,对本省重要方针、政策,重要改革方案和国民经济及社会发展规划等方面,认真地进行协商,提出有益的意见和建议。

省政协紧密围绕国家中心任务和群众普遍关心的重要问题,组织委员广泛开展专题调研和视察活动,如对农业生产、扶贫致富奔小康、卫生医疗工作、加强山海协作、发展海峡经贸关系、搞好国有企业、实施再就业工程等项,进行深入的调研,形成建设性的意见。政协委员的视察活动,其范围之广,涉及农村、港口、海湾、工矿、企业、公路、车站、机场及城市建设诸方面,直至深入边远地区的茅屋。同时,教育、科学、文化事业的发展和科教兴省的战略的实施,备受政协委员的关心和重视。他们发挥了知识的优势,积极建言献策,为福建各项改革和建设事业,作出了积极的贡献。

省政协还加强了和台港澳侨胞的联系,广交朋友,联络感情,增进共识,为早日实现祖国统一大业作出努力。

这本珍贵的画册,是福建省政协历史发展的真实反映,它展现了时代的风貌、事业的精神和人物的风采,从中会听到人民政协前进的脚步声。

在人民政协即将迈进新的世纪之际,我们谨以这本厚重的画册,献给人民政协成立五十周年。

让我们高举邓小平理论的伟大旗帜,在以江泽民同志为核心的党中央领导下,认真贯彻中共十五大的精神,把人民政协工作继续推向前进。

PREFACE TO

THE PICTURE ALBUM OF FUJIAN PROVINCIAL CPPCC

The Chinese People's Political Consultative Conference (CPPCC) is the nation's most popular patriotic united front organization. It is an important organ led by the Communist Party of China (CPC) with the function of promoting multiparty cooperation and conducting political consultations. The three generations of China's leadership have shown great concern over the establishment and development of the CPPCC, which has played an important role in the country's revolutionary cause and the socialist construction for the past five decades. History will bear witness to the extraordinary months and years that have accompanied the development of the CPPCC.

The Fujian Provincial CPPCC was founded in January 1955. Under the leadership of Fujian provincial Party Committee of the CPC, it has made great achievements in uniting people from all walks of life, in implementing the Party's general line in the transitional period, and in carrying out the Party's policy for intellectuals and the principle of "long term co-existence and mutual supervision". Since the Third Plenary Session of the 11th Central Committee of the CPC, when the country ushered in a new historical period of modernization and reform and opening up, the Fujian Provincial CPPCC has conscientiously implemented the Party's basic line for the entire historical period of socialism and has realized the smooth transfer in its centre of work. With the country's economic construction as the centre, and in the interest of the country and the CPC, it has successfully fulfilled its functions of conducting political consultations, exercising democratic supervision, and participating in the administration and discussion of state affairs. It has engaged itself in diversified activities to create new perspectives for the undertakings of the CPPCC.

Following the regulation that "consultations should be conducted in the CPPCC before reaching any decisions over the national or local major political policies as well as important issues concerning politics, economy, and cultural and social life", the Fujian Provincial CPPCC has carried out conscientious consultations, by means of plenary sessions as well as meetings in various manners, over matters such as major provincial policies, both general and specific, key reform programmes, and plans for economic and social development, resulting in many constructive comments and proposals.

Focusing on the nation's central task and issues of popular interest, the Fujian Provincial CPPCC has organized comprehensive survey and research on specific topics.. For instance, it has conducted extensive investigations in such aspects as agricultural production, projects of helping the poor to become well-to-do, the hygienic and medical work, the strengthening of correlation between the sea and the mountain, the promotion of business and trade between Mainland and Taiwan, the optimization of state enterprises, and the implementation of re-employment programmes. The committee members have conducted wide range inspections, without leaving out the remote areas, on the countryside, on port cities and coastal areas, on factories, mines and enterprises, on roads, stations, and airports, and on urban construction projects. They have shown special concerns over the development in areas of education, science and cultural undertakings, with emphasis on the implementation of strategic policy of promoting education and science in building a prosperous Fujian. Taking advantage of their knowledge, the members have taken an active part in offering advisory opinions and suggestions, thus making valuable contributions to the reform and development of Fujian Province.

By cultivating friendship, fostering associations and promoting understandings, the Fujian Provincial CPPCC has also succeeded in strengthening the connections between the Mainland and "the three types of compatriots", namely, Taiwan compatriots, compatriots in Hong Kong and Macao, and overseas Chinese, thus making contributions to the early reunification of the motherland.

The present picture album is a truthful reflection of the historical progress that the Fujian Provincial CPPCC has undergone. It provides a valuable glimpse into the spirit of the time, the essence of the noble cause undertaken, and the enthusiasm of the people. The rhythm of the progress that the CPPCC has made can well be felt in the album.

Along with the Republic, the CPPCC is now marching into a new century. At the moment when the millennium is drawing near, we publish this picture album as a token of dedication to mark the 50th anniversary of the Republic, and of the CPPCC as well, to celebrate this double blessing occasion.

Let us uphold the great banner of Deng Xiaoping's thought and unite closely under the leadership of the Party Central Committee led by Jiang Zemin. Let us carry out the policies adopted in the 15th Central Committee of the CPC to further promote the undertakings in which CPPCC is engaged.

CONCERNS AND SUPPORTS

The Chinese People's Political Consultative Conference (CPPCC) is the nation's patriotic united front organization. It is an important organ led by the Communist Party of China (CPC) with the function of promoting multiparty cooperation and conducting political consultations. As the local organization of the CPPCC, the Fujian Provincial CPPCC has been functioning under the leadership of the Fujian Provincial Party Committee of the CPC and the guidance of the national CPPCC. Ever since its foundation, the Fujian Provincial CPPCC has received warm concern and support from the Party and state leaders. During their visits and inspections in Fujian, state and Party leading officials warmly met representatives from various democratic parties and associations of industry and commerce, as well as representatives from all walks of life. They went down to grass-roots CPPCC units to inspect work, to give guidance, and to discuss the country's development blueprints. The Fujian Provincial Party Committee and the Fujian Provincial People's Government have always shown great concern about the undertaking of the CPPCC and have rendered great supports. Every year the Standing Committee of the CPC Fujian Provincial Party Committee holds two hearings to the work report given by the provincial CPPCC, and more than once have the Provincial Party Committee and the People's Government issued documents to urge Party and government offices at all levels to render support to the CPPCC, to create favourable conditions for the CPPCC to fulfill its functions. Leaders from the Provincial Party Committee and the People's Government have regularly attended the CPPCC's plenary sessions, their Standing Committee meetings and other important activities. They congratulated elderly CPPCC members aged above 80 on their birthdays. Such warm concerns shown by the CPC leaders have greatly inspired members of the CPPCC into greater enthusiasm and efforts in their future work, to ensure new contributions to be made by the CPPCC in maintaining the peaceful and stable political situation in China, in accelerating the process of reform, opening-up and modernization, and in promoting the reunification of the motherland.
