东方汽轮机厂

座落在四川省德阳市郊的东方汽轮机厂，是我国研究、设计、制造大型电站汽轮机、德阳中国重大技术装备基地三大支柱企业之一。是一座花园式的"省级最佳文明单位"、"四川省优秀企业"、"国家CAD应用示范企业"、"国家863计划SIMS示范企业"。企业现有职工6000余人，其中高中级专业技术职称人员1200余人。总资产逾38亿，拥有375台大、精、稀生产设备和多个先进的数控加工单元，具有强大的研发和集成制造能力。1966年建厂以来到2003年10月，已向国内外用户提供了各型汽轮机506台5055万千瓦。年生产能力超过800万千瓦，具备了从7500千瓦-60万千瓦常规电站汽轮机和核电汽轮机、重型燃气轮机的研制能力。企业积极参与国际经济技术合作，按照市场要求，正开发研制具有当代国际水准的60万千瓦以上超临界、超超临界大功率机组、百万等级核电机组、重型燃气汽轮机和蒸汽-燃气联合循环机组等高新技术新产品。

企业本着一业为主，多种经营的思想，产品辐射军工、自动控制、表面工程、化工、环保、建筑、运输等行业。以一流的产品、一流的质量、一流的服务追求世纪的卓越。

DFSTW

Dong Fang Steam Turbine Works (DFSTW), located in the suburbs of Deyang City of Sichuan province in Southeast China, is a large enterprise engaging in researching, designing and manufacturing large-sized steam turbines of power plants and one of the 3 biggest pillar enterprise of key facility base of Deyang city, China. It is also excellently civilized unit in the province class, SIMS of demonstration enterprise of 863 plan of the nation. DFSTW has more than 6000 employees including 1200 qualified technicians and engineers.

The total capital is more than RMB3.8 billion. At present, DFSTW possesses 375 sets of large, precision and rare facilities and a lot of CNC machining unit and constitutes strongly researching, developing and integrally manufacturing capability. From establishment in 1966 to October of 2003, DFSTW has supplied users at home and board with 506 sets of steam turbines with a capacity of 50550MW and its annual production capability exceeds 8000MW turbines. DFSTW has the capability able to produce steam turbines rating from 0.75MW to 600MW for thermal power and nuclear power and heavy-duty gas turbine. DFSTW takes active part in international and economic cooperation and in the light of demand of market, is developing and researching such high and new technology of products as large output of super-critical and ultra super critical steam turbine with capacity of over 600MW, 1000MW class nuclear power steam turbine, heavy-duty gas turbine and combined cycle unit.

Following thought of "a main business while trading many kinds of other businesses", DFSTW's products involves a lot of lines like military affairs, automatic control, surface engineering, chemical industry, environmental protection, construction, transportation, etc. DFSTW pursues excellence of century with the first class of products, high quality, and satisfactory service.
