枣庄矿业集团概况

枣庄矿业(集团)有限责任公司位于山东省枣庄、济宁两市境内,濒临美丽富饶的微山湖畔。京沪铁路、104国道、京福高速公路、京杭大运河等交通要道纵贯矿区,日照、岚山、连云港等港口与矿区相邻。其前身是中国近代三大煤矿之一的中兴矿局,1956年成立枣庄矿务局,1998年改制为枣庄矿业(集团)有限责任公司。现有在册职工8万人,资产总额73亿元,为全国520户重点企业之一。

现有滕南、滕北、枣陶、官桥四大煤田,工业储量14.2亿吨。主要生产肥煤、气煤、焦煤,品种有冶炼精煤、洗混煤、洗末煤、混煤及水煤浆等,具有低灰、低硫、发热量高、粘结性强等特点。产品内销十几个省市,出口日本、韩国、朝鲜、巴西等国家和地区。与国内外40多家用户建立了长期稳定的贸易关系,是华东地区重要的煤炭生产基地和全国十大出口煤基地之一。

近年来,枣庄矿业集团公司以实施大集团战略为目标,大抓主业扩张,调整优化产业结构,加快了非煤产业发展步伐,形成了水煤浆、煤发电、煤焦化、生物工程、建筑建材、机械制修、矿山电器、种植养殖等非煤产业链。随着大集团战略的不断推进,枣矿集团已发展成为一个拥有资产70多亿元、年产原煤1500多万吨、年创收入50多亿元、以煤为主多元化经营的大型企业,到2005年,原煤产量达到1800万吨,企业收入达到65亿元;到2008年原煤产量达到3000万吨,企业收入达到100亿元。

Zaozhuang Coal Mining Industry (group) Co. Ltd. is located within the zone of Zaozhuang City and Jining City and it is near the beautiful and richly endowed Weishan Lake. The Peking-Shanghai railway, the No. 104 Highway, the Peking-Fuzhou expressway and the Peking-Hangzhou Canal are all through the mining area, which is also close to the seaports of Rizhao, Lanshan and Lianyungang. Established in 1956, the Zaozhuang Coal Mining Bureau grew out of Zhongxing Mining Office, which is one of the three biggest coal mines in the modern Chinese history. In 1998, it was re-organized to be Zaozhuang Mining Industry (group) Co. Ltd. With a total of 80,000 registered staffs and 7.3 billion assets, it is one of the 520 most important enterprises in China.

Tengnan, Tengbei, Zaoxia and Guanqiao are four big mining fields of the Group. And it has 1.42 billion T of deposit. It mainly produces rich coal, cooking coal and gas coal, which can be sorted into smelt refined-coal, cleaned coal, cleaned power coal, metallurgy and coal slurry etc. These products have many good qualities, such as low ash content, low sulphur, high calorific capacity and high cohesiveness and so on. They have been sold to more than 10 provinces of China and exported to Japan, North Korea, South Korea, Brazil, etc. Being one of the most important coal production bases in Huadong area and one of 10 export coal bases in our nation, the Company has already established a long-term trade relations with more than 40 domestic and international consumers. For recent years, with the aim of establishing large groups Zaozhuang Coal Mining Industry (group) Co. Ltd. has adjusted the industrial structure, fastened the development of the non-coal industry and has taken its non-coal industrial chain of water coal slurry, coal power plant, biological engineering, construction material, mechanical manufacture, mining-used electric equipments, planting and breeding, etc. Today, the group has already been developed to be a 7 billion assets multi-operated coal industrial enterprise, with the yearly production of 15,000,000 tons of raw coal and 5 billion annual incomes. By 2005, the raw coal production will be 18,000,000 tons and the enterprises' annual incomes will reach up to 6.5 billion. By 2008, the raw coal production will be 30,000,000 tons and the revenue will up to 10 billion.

我们永远值得信赖.....

Always trust us.
