# FORWARD // 序

随着物质文化的进步,生活品位的提高,样板房不单单是对奢华的渴望,更是对生活品质的追求。设计师在打造一个舒适惬意的空间同时,也是在打造一个高质感的居住环境,一种理想的生活模式。

设计的高度,在于将建筑的功能与艺术效果真正完美结合,呈现和谐的同时又体现与众不同的风格。别墅建筑结合生活空间的设计和人文的气息,才能真正营造出家的归属感。因此舒适,时尚,个性是缺一不可的元素经,赋予设计独特的生命力。一个真正意义上的样板房,是奢生活的体现,更是诠释“家”的归宿理念,传递着主人的品位格调。对于设计师而言,它是合理构想和灵感巧思下创造所得的建筑工艺品,是力臻完美的心血结晶,能为置身其中者带来一份优越的享受,感悟生活的悠然自得。

With te rapidly development of tangible culture and the improvement of people'life,Open Houses is not only the desire for luxury, but also the pursuit of quality life, More than creating a comfortable living room, the designers bring a high-texture atmosphere,an ideal lifestyle.

The significance of design is the outstanding combination of the architectural functions and the artistic effect, featuring a harmonious and unique style. Open Houses can only create a sense of belonging by blending humanity with living space design So comfort, fashion, and individuality is the indispensable elements to give the deign a unique vitality. The real sense of mansion is rather the interpretation of “home”than the embodiment of luxury living, reprenting the owner's taste. For designers, it is a crystal that integfates reasonable ideas and inspiration, which can provide people inside with all comforts.
