公司简介

陈世民建筑设计事务所有限公司，简称CA，是由从事建筑设计50多年的中国著名建筑设计大师陈世民先生创立于1996年。CA是一个新型建筑专业设计事务所，具有中国甲级设计执照，并在中国深圳、香港两地设立机构。

CA按照国际建筑师事务所管理模式，以建筑师为龙头，统筹各专业的设计团队协作运营项目。CA项目服务类型包括：城市设计、酒店、银行、商业、综合大厦、高级公寓以及大型住宅区设计及总体规划。CA为客户提供具有国际水准的一条龙服务，内容包括：项目前期策划、总体规划、方案设计、初步设计、施工图设计、工程管理和建筑设计咨询等等。

CA以陈世民大师提出的“环境、空间、文化、效益”为综合设计理念，以开发“第五代城市住宅”为目标，以多元化设计产品服务市场。在过去的十几年，CA已迅速发展为中国最具有设计实力的建筑设计单位之一，曾被评为“2001年中国十大建筑设计机构”，“2003年中国最具影响力建筑设计机构”，“2004年中国二十大品牌影响力规划建筑设计事务所”，“2005年深圳市优秀勘察设计企业”和“2009年全国十佳民营勘察设计企业”等。

CA拥有近百名职业建筑师，先后成功地承担了上百项设计项目，总设计面积超过五千万平方米，并获各种优秀奖六十项，CA项目遍及全国各地。

CA按照国际建筑视野，结合中国国情，融合中西建筑文化和科学技术，创造新一代具有中国独特建筑文化的产品。

INTRODUCTION

CHEN SHI MIN, Chinese Design Master since 1994, has been working at the forefront of architectural design for five decades. His innovation and distinctive achievements have been well recognized in both China and overseas. To further his success, Mr. Chen formed a specialized design practice called Chen Shimin Architectural Design Consultant Ltd (refer to "CA") in 1996. CA has the first class design license in China and has offices in Shenzhen, Hong Kong.

CA offers diversified design solutions to its domestic and international clients. The firm has conceived, designed and built large scale projects of town centers, shopping districts, corporate offices, commercial and public buildings, high-rise residential, and recreation facilities etc. CA's core services include urban design and planning, preliminary feasibility studies to sketch design, design development and documentation, interior fits out, landscape design and planning, contract administration, project management, site supervision and architectural services related consultancy.

CA follows the comprehensive design theories of "environment, space, culture and benefits" raised by Mr. Chen decades ago, and his "The fifth generation housing" design principle to address the various needs of clients, markets and developments at large. Over the past 15 years, CA has rapidly developed and been ranked as one of the top architectural firms in China. It has well been recognized nationally and awarded "The top ten architectural design institutions of China in 2001"; "The most influential architectural institutions of China in 2003"; "The top 20 major brands of architecture planning and design institutions of China in 2004"; "The excellent survey and design enterprise of Shenzhen in 2005" and "The top ten architectural practices of Design Enterprises of China in 2009".

CA has a hundred staffs and successfully designed more than 150 projects with a construction area of over 50,000,000sqm. CA has received more than 60 design awards and its projects are across all major cities in China.

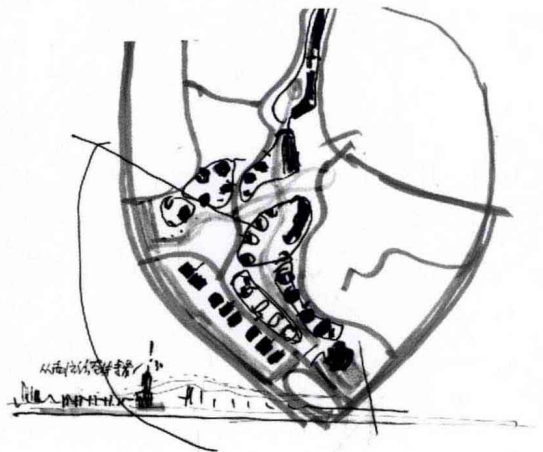

CA's mission is to apply Chinese and Western design philosophies and methodologies to create architecture with a unique language and international standards of the highest quality, building efficiency and cost effectiveness, at the same time, to achieve contemporary characteristics which are harmonization of Chinese culture and environment.
