Preface

随着休闲度假时代的来临，酒店设计正向新的趋势发展，度假酒店迎来前所未有的发展契机。度假酒店以接待度假休闲游客为主，为游客提供多种服务，多建在海滨、山川、湖泊等自然风景区附近，虽远离市区，但交通便利，而且其经营季节性强，娱乐设施较完善，讲究人与自然的融合，注重给予居住者一种度假的心情与情调，达到与现实生活的短暂隔离，和自然风光的亲密接触，实现自然、人文与时尚生活的完美结合，呈现度假酒店独特的风格与个性。

车尔尼雪夫斯基认为：“建筑作为一种艺术，比其他各种实际活动更专一无二地服从美感要求。建筑设计是为满足一定的建造目的而进行的设计，它使具体的物质材料在技术、经济等方面可行的条件下形成能够成为审美对象的产物。”

本书呈现的是一场当今亚洲顶级度假酒店的视觉盛宴，汇集了亚太地区26家极负胜望的度假酒店。这些度假酒店在规划上充分考虑到人文地理、民俗风情、生态环保等多方面因素，挖掘文化内涵和意境，营造浓郁而独到的主题化风格，体现“度假酒店”的真正价值。这些酒店的建筑设计、内部空间设计，都遵循生态的原则，构造整体的和谐生态空间，给人一种回归的感觉和“天人合一”的感悟。

Along with the approaching age of vacations, there is a new trend of hotel design and an unprecedented opportunity of hotel industry. Most hotel guests now come for a leisure vacation. Hotels are providing multiple services, and built in a scenic area such as coast, lake, and mountain. Although they are usually far away from downtown, the transportation is still convenient. Their business is quite seasonal. They often come with good entertainment facilities. One focus has always been the harmony between human being and nature, and another one is to provide guests with a relaxing experience to have an intimate contact with the nature and tentatively stay away from the real life. A perfect combination of culture and modern life would present a unique style and characteristic of the resort. Chernishevsky has said, "As an art, architecture must meet its aesthetic needs more than any other actual activity. Architecture design must satisfy a certain construction goal to make a concrete material an aesthetic product as long as it is technological and financially feasible."

This book presents a visual feast of twenty-six famous Asian resorts. The design of those hotels took a full consideration of all the factors including culture, geography, and environment. By building a rich and unique theme with a deep culture, they created a real value of "vacation hotel". With an environmentally friendly design in both construction and interior, they reached the harmony between human being and nature.

巴林悦榕庄

巴林悦榕庄坐落在引人入胜的景色之中，附近有保存完善的防御堡垒，具启发性的博物馆和海湾最古老的Al Khamis清真寺。在这片神秘的阿拉伯沙漠之中，悦榕庄那宽敞的别墅与自然沙漠环境完美融合在一起，为您的感官提供一片绿洲，使您身心放松，彻底沉浸于泉浴的抚慰。

巴林悦榕庄沙漠泳池别墅具有沙漠绿洲应有的一切。·曲径通幽，树阴浓密，滋养身心，抚慰灵魂。每座别墅都融合了中东民族传统风格及当代设计理念。特点突出舒适与私密。尖顶卧室，奢侈浴室，葱茏花园，豪华泳池及喷水池，这些都是巴林悦榕庄不同凡响之处。坐落于水之中央，经由小桥而入的Saffron餐厅，提供地道的泰国佳肴，其建筑设计糅合了浓郁的阿拉伯和传统的亚洲风格。

Banyan Tree Al Areen

Banyan Tree Al Areen is settled in an intriguing landscape near well-preserved forts, inspiring museums and the oldest mosque in the Gulf - Al Khamis. Its spacious villas are blended perfectly into the desert. In this mysterious Arabian desert, you will find an "oasis" to relax your body and soul just like bath in a comforting spring.

The villas have everything that an oasis should have such as hidden trails in lush trees. They are a combination of Middle East tradition with modern design. Comfort and privacy are their characteristics. Spire bedroom, luxurious bathroom, flourishing garden, and grand swimming pool all make the Banyan Tree Al Areen an outstanding resort. Saffron, the resort's signature restaurant, serves authentic Thai cuisine. It is surrounded by water and can be accessed only through a bridge. This design is rich of both Arabian and Asian styles.
