My dear Dr. Tao - These few
lines to get news of you
through your former asso-
ciate Professor Chu. I am
glad to know your health
remains good and that
your educational work goes
on, even under the
difficult conditions you
experience. I am happy
that the United States
is doing at least a little
for your distressed country.

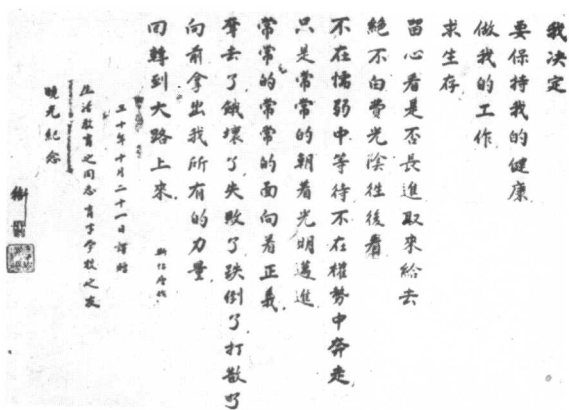

throughout the world, I
fear they will not
long flourish in
this country
with regard to their schools
Sincerely yours
John Dewey
(Professor Emeritus
Columbia Univ.)
To Dr. W. T. Tao

and I look forward, as I
am sure you do, to the
time when it can do
much more ~~effectively~~
in a military way
but in fundamental
ways in behalf of a
Democratic Society &
Democratic Education.
The world is so
bound together now
that unless democratic
ideas & methods are
established everywhere
