Changzhou Jinjiang International Hotel

常州锦江国际大酒店

地 点:常州

面 积:约26000平方米

设 计 师: 刘延斌

设计单位:南京测建装饰设计顾问有限公司

Changzhou Jinjiang International Hotel is located in the high-tech development zone of Changzhou. The hall, built up by transparent marble and four pillars which are made of carved stone is very simple but bright. The visual connection of all the space in the public area is a very important element. The designer had already made a plan of how to make full use of the space during the planning period. This design also gives us a commodious feeling about this public area. Through the stairs you will go to the hall area on the second floor. You can see everything downstairs very clearly from visual sight.

There are full of friendly and warm feelings in the public area or the guest rooms in the hotel. 常州锦江国际大酒店位于常州高新开发区。中庭由透光云石与石料雕刻的四根柱子构成,明亮简洁。公共区域所有空间的视觉联系是一个十分重要的元素,设计师早在策划阶段就已经构思好如何对空间做出合理利用,并使公共区域给人宽敞开放的感觉。通过楼梯可通往二层的大堂吧区域,从视觉上可以很清晰地观看楼下举行的一切活动。

酒店无论是公共区域还是客房,处处都充满着亲切温馨的感觉。

Xinjiafu Dak Motel in Jinshiliu District, Suzhou

| 苏州金十六区新嘉福驿站汽车旅馆

地 点: 苏州 面 积: 8000平方米

设 计 师: 程通

设计单位: 苏州金鼎建筑装饰工程有限公司

This is a motel design, the first one with a creative design mode in China, which provides a quiet, comfortable, secret, exquisite and safe space only belonging to drivers themselves.

There are water scene, synchronous color changeable LED and tennis court outside. There are two entrances in this motel. One is the entrance for autocars which goes through a box booking house; the other one is the entrance which will go into the hall to book a room. After reformation, the outside appearance adapts the simple style of post modernism rinsing concrete, common but abundant, which can form a steady-going image. The awning with special sculpts is a combination of floor slab and colorful Acrylic. This makes the whole building become one integrated mass. The second floor raises up a little for the walkway of the hall, which is simple and architectural; the harmonious scale of the black and white makes the emphasis outstanding. The styles of the rooms are various, and every room, controlled by four sentimental lights modes, has a large, separate bathing area and washing room.

本案为国内第一家创新理念设计模式的汽车旅馆,提供给开车族清静,舒适,隐密,精致、安全、专属于自己的空间。

室外广场配备水景、同步变色LED以及网球场。旅馆有两个入口,一个是经过岗亭订房的汽车入口,一个是进入大堂总台订房的入口。改造后的建筑外观采用后现代主义清水混凝土的简约风格,平实浑厚,形成沉稳的意象。雨篷造型独特,采用水泥板与彩色亚克力结合,使整个建筑浑然一体。大堂吧走道二层挑高,设计简约、建筑化,黑白灰比例协调,突出重点。汽车旅馆房间风格各异,每个房间由四个情趣灯光模式控制,有超大、独立的浴区和卫生间。
