序

时光荏苒，日月如梭。河北省高等学校以崭新的面貌迎来了新中国 50 华诞和新世纪的到来。在此之际，我们编辑出版了《河北高校建设成就》画册。目的就是要多角度、多视点地展示建国 50 年来，特别是改革开放 20 年来河北省普通高等学校基本建设方面所取得的辉煌成就，我想这对树立河北省高等学校新形象，进一步推动河北省高等教育事业的发展必将起到积极的作用。

党的十一届三中全会以来的 20 年，是我省高等教育事业发展的最好时期。在这 20 年里，我省普通高校经历了一个从小到大，从少到多的发展过程，人才培养能力得到进一步加强。特别是邓小平同志南巡讲话以后，在省委、省政府正确领导下，我们认真贯彻落实《中国教育改革和发展纲要》，切实落实教育优先发展战略，努力深化高等教育改革，加大资金投入力度，不断提高教育质量和办学效益，使我省高等教育事业有了较大发展。近年来，为进一步优化我省高等教育布局结构，提高培养高层次人才的能力，适应经济和社会发展的需要，我们重点实施了“高校布局结构调整工程”和“高校双重建设工程”，全省逐步形成了以河北大学、河北工业大学为龙头，燕山大学、河北经贸大学、河北医科大学、河北师范大学、河北科技大学、河北农业大学、河北理工学院为骨干，50 个重点学科为基础，充分发挥驻冀部委所属院校的作用，从而带动全省高校共同协调发展的地方高等教育框架体系。一个布局和层次结构逐步趋向合理，专业结构得到进一步优化，应用研究和高新技术研究取得重要成果，国际交流与合作逐步扩大的全新的河北高等教育正逐步展现在我们面前。

应当说，高等学校的基本建设工作，对于高校的改革与发展发挥了直接的、巨大的促进作用。20 年来，我们坚持“立足改革，注重质量，努力提高投资效益”的原则，使我省的高校校园面貌发生了巨大变化。一大批设计新颖、功能完善、质量优良的教学实验楼、图书馆、科研楼、学生生活用房、体育设施和教师住宅等，纷纷拔地而起，为我省高等教育事业的稳步、健康发展奠定了坚实的物质基础。这些成就的取得，凝聚着党中央、国务院和中央有关部委长期以来对我省教育事业的亲切关怀；凝聚着省委、省政府和有关部门对高校基本建设工作的重视和支持；凝聚着全省高校基建战线同志们的辛勤劳动。

我们即将跨入 21 世纪，知识经济、社会发展和科技进步，对我省高校在“科教兴冀”战略中继续发挥经济建设主战场的生力军作用，提出了新的挑战。同时，也对高校基本建设提出了更新的要求。学科林立、实验教学普及、教学和科研设备更新、知识爆炸性增加、知识载体繁衍变化，以及信息技术的飞速进步等，都会使教学活动发生很大变化。因此，高校基本建设工作依然十分艰巨。

《河北高校建设成就》，以中、英文两种文字简要介绍了我省普通高校的地理位置、学校规模、专业设置、师资力量、科研水平以及对外交流方面的基本情况，以精美的图片，客观、翔实地再现了改革开放 20 年来我省高校基本建设工作的成就。实际上，这本画册也只是我省高校建设的一个缩影。希望通过这个“窗口”，让社会更多、更直观地了解河北省的高等教育事业。该画册的出版，得到了省委、省政府领导的高度重视，副省长刘健生同志还亲笔为画册题写了书名。

值此画册出版之际，谨向所有关心、支持河北高校建设与发展的各级领导和有关部门，以及辛勤工作在高校基本建设战线的同志们，致以衷心的感谢！

PREFACE

How time flies! Hebei colleges and universities are greeting the fiftieth anniversary of the founding of the People's Republic of China and the new century with a new face. So we published this picture album of "Achievements In The Construction of Hebei Colleges And Universities" to set up the new image of Hebei colleges and universities, which will play an important part in the development of Hebei colleges and universities.

Since the third Plenary Session of the Eleventh Central Committee, the higher educational cause has developed quickly. In the past 20 years, under the correct leadership of Hebei Provincial Party Committee and Hebei Provincial Government, we put emphasis on the development of education, deepen the education reform and invest more money to improve the education quality. Now it has formed a local higher education system of over 50 key subjects and many key universities such as Hebei University, Hebei Industrial University, Yanshan University, Hebei University of Economics and Trade, Hebei Medical University, Hebei Normal University, Hebei University of Science and Technology, Hebei Agricultural University and Hebei Institute of Technology with Hebei University and Hebei Industrial University in the lead.

The capital construction plays an important part in the reform and development of colleges and universities. In the past 20 years, great changes have taken place in them. A large quantity of teaching and experimental buildings, libraries, buildings for scientific research, students' dormitory buildings, sports facilities and residential buildings for teachers have been put up, which are multi-functional, with unique designs and good quality. All of these have laid a solid material foundation for the provincial higher education to develop steadily and healthily. We owe our achievements to the long-term concern of the Party Central Committee, the State Council and the commissions concerned; to the support of provincial Party Committee, provincial government and the departments concerned; to the hard work of the comrades who work in the fields of construction.

We are to stride into the 21st century. It is the century of knowledge economics, social development and the progress of science and technology. It means a new challenge to the colleges and universities and also calls for further work for the construction of colleges and universities. The increase of the subjects, the popularity of experimental teaching, the renewal of equipment, the explosive increase of knowledge, the change of the knowledge carrier and the rapid development of information technology have made the teaching change greatly. So there is a lot for us to do in the construction work.

"Achievements In The Construction of Hebei Colleges And Universities" briefly introduces the location, the size, the specialities, the teaching staff, the levels of scientific research and the foreign exchange of Hebei colleges and universities in both Chinese and English. It reproduces the achievements of colleges and universities in our province made in the past 20 years. Actually it is only a epitome. We hope more people will learn about the higher education in Hebei Province through this window. The provincial leaders devoted much attention to the publication of this picture album. Vice-governor of Hebei Provincial Government, Liu Jiansheng, inscribed the title of this picture album.

At the publication of this picture album, we sincerely thank all the leaders and the departments concerned for their support and construction for the construction of Hebei colleges and universities. We sincerely thank all the comrades working in the fields of construction of Hebei colleges and universities.
