这

是一群自我表达强烈、视觉呈现个性化的另类摄影人,他们以摄影为主体语言创作实践艺术,他们用视觉传达对当下世界进行解读。

作为这个大的语境下出生的当代中国摄影人,85后是足够幸运的,因为有足够良好的环境让他们自由生长。他们学习成长最重要的时间点恰好处于互联网信息井喷的时代。他们在如此"安逸"的环境中根据自己的爱好、自己的思想、自己想要的方式去看,去听,去发现,去成长。他们一直在无止境地探索自己的位置、自己的可能性、自己的摄影方式。在这个过程中或者现在,他们身上出现了很多不确定性和不稳定性。正因如此,摄影在他们身上多了更多的先锋探索和实验的性质。摄影在他们这里意味着一切回归于自我本身,一切想说的话都能自由地去表达。

这两年他们逐渐成熟,更热衷于去尝试更多的事物。我看到他们的视觉性和立场更别具一格,更多元,更有趣,更自我,还没能纳入到大众审美体系之中。摄影宣告着他们每一个人不同的态度和立场,但反映的却是永恒的时代和社会。

让一切回归自然,让他们的思维回归自由。做更多有趣的事情,让影像自然发生。

故名: 自然生长。

This is a group of completely new photographers with strong self–expression and visual characteristics, who use photography as the main language to create practical art and use visual communication to interpret the world.

As contemporary Chinese photographers born in this big context, post—85s are lucky enough to have a very good environment to freely develop. The most important stage for their study and growth is just the era of the blowout of Internet information. In such a "comfortable" environment, they can see, listen, discover and grow in the way they want according to their own hobbies and ideas, having been in the endless exploration of their own position, possibilities and photography style. In this process or now, they have a lot of uncertainty and instability. Because of this, photography embodies the nature of pioneer exploration and experiment in them. For them, photography means everything returns to itself and all they want to say can be expressed pluralistically.

In the last two years they gradually become mature and more keen to try more things. I find their visuality and standpoint more unique, more multivariant, more interesting, more self and have not been in the aesthetic system of the public. This proclaims the different attitudes and standpoints of them. But this is the eternal age and society.

Let everything return to nature, make them think freely. Do more interesting things and make the image naturally.

Hence the group is named: Natural Growth.
