## 校训

MOTTO

立德树人：既有对教师的要求，也有对学生的要求。学校是培养人才的场所，立德树人是教育的根本任务。学高为师，德高为范，高尚的师德是对学生最生动、最具体、最深远的教育。教师在传道授业的同时，引导学生树立正确的世界观、人生观、价值观和荣辱观，养成良好的价值品质和高尚的道德情操，将学生培养成中国特色社会主义的合格建设者和可靠接班人。

自强奋进：意为自己强大了才能在漫长的生存发展道路上奋勇前进，这里是作为激励师生苦练内功，日益强盛的精神力量提出来的。凯里学院是一所新建地方本科院校，当加快发展，壮大自己才能向着合格本科院校的目标奋勇前进。凯里学院地处少数民族落后地区，多数师生都来自本地区，当激励他们树立信心，从而增强自身内在动力奋发向上。凯里学院的老师为培养合格人才，当不断提高自身的素质和能力，才能做到学为人师，行为世范；凯里学院的学生在养成良好品德的同时学好科学文化知识，练就过硬本领，才能成为中国特色社会主义事业的合格建设者和可靠接班人。

立德树人，自强奋进作为校训，体现的是要求师生树立良好品德，增强使命感和自信心，自立自强，奋发有为，在发展的道路上，阔步前进。

"Morality Education & Talents Cultivation" expresses the KLU's expectation for both teachers and students. A school functions as the media for talents cultivation and morality education. A teacher should be knowledgeable and moral. Since the teachers' ethic can be the most vivid, specific and profound guide to students. Teachers are supposed to guide students through correct world outlooks, views on life, values and concept of honor so as to cultivate qualified builders and reliable successors of socialism with Chinese characteristics.

"Self-improvement and Endeavor" conveys the meaning that we should be strong enough to survive and advance in the long way forward, which encourages both teachers and students to strive on their work and study, increasing their spiritual power. KLU is a newly built local undergraduate university. To achieve the goal to be a qualified university, we need to speed up the development and strengthen the ability to advance. KLU is located in a less developed ethnic minority region, from where the majority of the teachers and students come, with the incentive to build up confidence and the intrinsic motivation for development. The teachers in KLU constantly improve their qualities and abilities to be a model in morality and knowledge. The students in Kaili University are expected to be moral, with a good knowledge of science and culture, proficient skills, at last, to be qualified builders and reliable successors of socialism with Chinese characteristics.

The motto reflects the demands for both teachers and students to establish good morality, and enhance their sense of mission and self-confidence, self-reliance, striding forward on their way of progress.
