Message

On behalf of the Basketball Commission of the 1st East Asian Games, I'd like to express our warm welcome to all the distinguished guests and friends who have come to take part in the Games.

Now in Shanghai, the reform and open door policy is being thoroughly carried out and economy is making steady progress. The current East Asian Games basketball competition will be another joyous gathering for basketball friends following the 11th Asian Games in 1990. I believe the competition will contribute to the raising of technical level and enhancing of understanding and friendship.

The Basketball Commission will try its best to provide the best facilities and services for a successful competition, and we sincerely expect your kind support and cooperation. Let us work in joint efforts to make the competition a rally of unity, friendship and progress.

Wish our friends happy, healthy and successful! And wish the 1st East Asian Games a crowned success!
