### **全城后刻** 羊城八景

云山叠翠

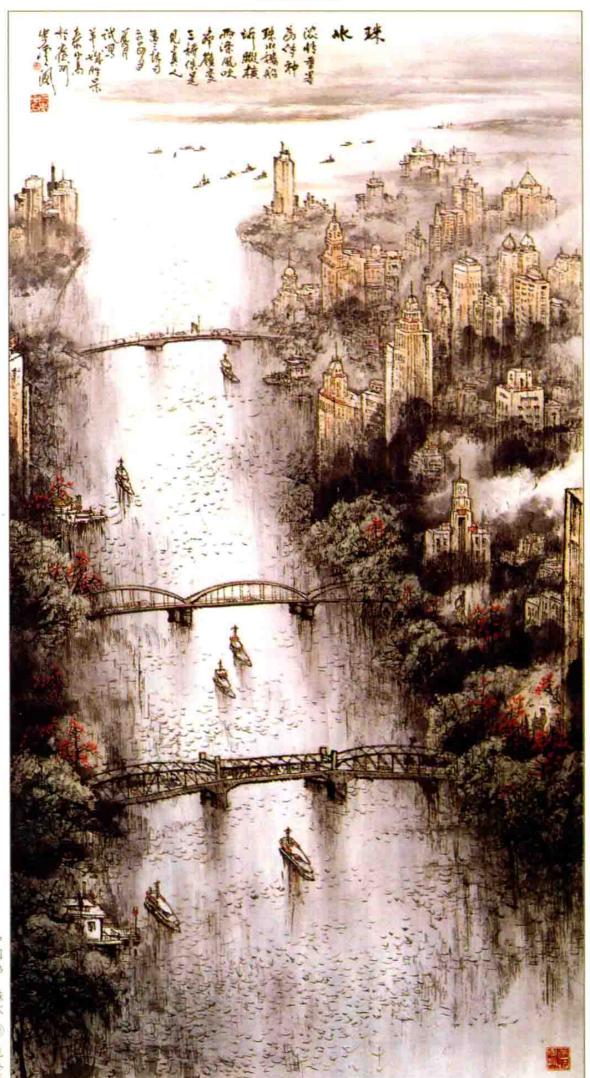

白云山是岭南一大名山,自古有"羊城第一秀"之称。最高峰摩星岭,海拔 382 米,号称"天南第一峰"。岭南多雨。暮春时节或雨后初晴,远望山间白云萦绕,浓翠欲滴,故此而得名。

Lush Green on Mt. Baiyun

Mt. Baiyun had been famous since the early stages of south China civilization and was undisputably the most graceful place in Guangzhou. The peak stands 638 feet above sea level and offers a breathtaking view of lush green during spring or after rains.

珠水夜韵

广州最迷人的夜色从珠江开始。夜游轮上,音乐漫过江面,两岸华灯璀璨。1993年起,广州市政府将珠江规划为风景游览河段。珠江穿城而过,缓缓南流,犹如风情万种的南国女郎。广州的月夜令人心醉。

Riverside Nights

The charms of nighttime Guangzhou starts from the Pearl River. Leisure cruise ships send gentle music in the wind and neon lights from both banks cast dreamy notes on the wrinkles. The government has put the Pearl banks as leisure time hangouts for the public since 1993. As the night deepens, Guangzhou becomes more and more facinating.

### 越秀新晖

城内有山,山藏城宝。越秀山因有越王台故址而得名。越秀公园有广州现存的唯一的古城墙,镇海楼、五羊石雕都是遐迩闻名的景点。登越秀远眺,珠江蜿蜒而流,广州揽越秀而枕,可谓得天独厚。

#### Yuexiu Sunrise

Mt. Yuexiu lies in the city centre and houses many treasures of heritage, such as the only remaining section of ancient city wall, Zhenhai Tower and the Five Rams Statue. Standing on the top storey of Zhenhai Tower, one can see the Pearl River flowing in the far distance.

#### 天河飘绢

广州新中轴线上最美的地方,无疑是火车东站绿化广场之飞流直下的瀑布以及琼楼玉宇中信广场,瀑布与中信广场恰似一节缎带。水景工程瀑布宽89米、高8米,顺玻璃墙倾泻入池,现代科技让水光变幻莫测,宛如天上人间。

Silky Cascades of the Milky Way

The most beautiful place on the new central line of Guangzhou is unquestionably the manmade cascade in Tianhe(the Milky Way) train station plaza. Facing the once tallest skyscraper—CITIC PLAZA, the 149-feet wide, 15-feet tall cascade looks just like a bright ribbon over the glass wall.
