# Preface

It is the 19th year now since this directory made its debut in 1971. At first our primary objective was to use this publication as an instrument to serve the tourism industry and trading circles. We are happy to note it has become the most popular and renowned trade directory here, a result of the full support and assistance given by government agencies, trade organizations buyers and the general public.

## 編者的話

「詳、實、好」是本社出版名錄的執著，這次再版也是秉持為保障消費者與廠商的權益。況且；政府人事時多更調，為求正確和具有權威性，雖稍有遲延，亦事非得已，敬請原諒並惠賜指教！為感。

April 15, 1993

The Businessmen's Directory of Republic of China has been a handbook for the tourists, businessmen and public relation men since its inception. This edition has three main sections, namely A) Services, B) Manufacturers/Suppliers, C) Importers & Exporters, Branch & Agents.

The editors of this directory wish to thank government agencies, business establishments and the general public for their support and assistance. Without their help the publication of this new edition could not be made possible.

December 1992

Tong Hsing Culture Press is a publishing house and a distributor of trade journals, magazines and directories.

Owing to the fact that manufacturers data is a necessity for business transaction, Tong Hsing has been publishing "Businessman's Directory of R.O.C." since 1971 and other world-famous "Business and Trade Directory". All of them are the trade bridges between this country and other trade partners throughout the world.

The aim of this directory is to serve the public. It deems "what one sows is more important than what he reaps. Your support to make this directory more successful is much appreciated."
