CONTENTS

SECTION I. THE DISEASES OF THE EXTERNAL NOSE AND NASAL CAVITIES

CHAPTER 1

	PAGE
THE ANATOMY AND PHYSIOLOGY OF THE EXTERNAL NOSE AND NASAL CAVITIES	17
The Anatomy of the External Nose, 17—The Anatomy of the Nasal Cavity, 20—	
The Histology of the Nasal Mucous Membrane, 24—The Physiology of the Nose,	
29—The Defenses of the Nasal Cavities against Infection, 29—The Hygiene of	
the Nose, 31—References, 32.	

CHAPTER 2

THE HISTORY OF THE PATIENT; CONSEQUENCES OF CHRONIC OBSTRUCTION	33
---	----

CHAPTER 3

THE PHYSICAL EXAMINATION OF THE NOSE; ANESTHESIA; PREOPERATIVE AND POST- OPERATIVE CARE	38
Equipment and Apparatus for the Nasal Examination, 38—Procedures Em- ployed in Examining the Nose: Inspection and Palpation of the External Nose,	
41—Anterior Rhinoscopy, 41—Posterior Rhinoscopy, 43—The Nasopharyn-	
goscope, 44—The Use of Local Anesthetic Drugs, 47—The Use of Vasoconstrict-	
ing Drugs, 50—The Use of General Anesthesia, 51—Preliminary Medication be-	
fore Anesthesia, 52—Preoperative and Postoperative Care, 53—Reference, 53.	

CHAPTER 4

THE DISEASES OF THE EXTERNAL NOSE AND NASAL VESTIBULE	54
The Diseases of the External Nose	
Injuries, 54—Deformities, 56—Collapse of the Alae Nasi, 60—Atresia of	
the Anterior Nares, 60—Rhinophyma, 60.	
The Diseases of the Nasal Vestibule	
Dermatitis of the Skin of the Nasal Vestibule, 61—Fissure of the Nasal	
Vestibule, 62—Furuncle of the Nose, 62.	

CHAPTER 5

THE DISEASES OF THE NASAL SEPTUM	65
Erosion of the Nasal Septum, 65—Epistaxis, 66—Deviations and Spurs of the	
Nasal Septum, 69—Hematoma of the Nasal Septum, 75—Abscess of the Nasal	
Septum, 76—Ulceration of the Nasal Septum, 76—Perforation of the Nasal	
Septum, 78—Reference, 79.	

CHAPTER 6

THE DISEASES OF THE NASAL CAVITY	80
Acute Rhinitis, 80—Chronic Rhinitis, 89—Atrophic Rhinitis, 99—Nasal Diphr-	
theria, 103—References, 103.	

CHAPTER 7

THE DISEASES OF THE NASAL CAVITY (<i>Continued</i>)	104
Syphilis of the Nose, 104—Lupus of the Nose, 106—Acute Miliary Tuberculosis	
of the Nose, 106—Leprosy of the Nose, 107—Glanders, 108—Rhinoscleroma,	
108.	

CHAPTER 8

	PAGE
THE DISEASES OF THE NASAL CAVITY (<i>Continued</i>)	110
Nasal Synechia, 110—Atresia of the Posterior Nares, 111—Nasal Polyps, 111—Benign New Growths of the Nasal Cavity, 115—Malignant New Growths, 116—Foreign Bodies in the Nasal Cavity, 116—Rhinolith, 117—Nasal Parasites, 118—Cerebrospinal Rhinorrhea, 118—Disturbances of the Sense of Smell: Anosmia, 119—Parosmia, 120—Cacosmia, 120—References, 121.	

SECTION II. ALLERGIC DISEASES OF THE RESPIRATORY TRACT

CHAPTER 9

THE NATURE OF ALLERGY; ALLERGIC DISEASES OF THE NOSE AND PARANASAL SINUSES	122
The Nature of Allergy, 122—Allergic Diseases of the Nasal Cavity: Hay Fever, 123—Vasomotor Rhinitis, 131—Allergic Paranasal Sinus Disease, 136—Bronchial Asthma, 139—Allergic Headache and Migraine, 144—Angioneurotic Edema and Urticaria, 145—Allergic Dermatitis, 145—Allergy in Children, 145—References, 146.	

SECTION III. THE DISEASES OF THE PARANASAL SINUSES

CHAPTER 10

THE ANATOMY AND PHYSIOLOGY OF THE PARANASAL SINUSES; THEIR EXAMINATION	147
The Anatomy of the Paranasal Sinuses	147
The Frontal Sinuses, 147—The Maxillary Sinuses, 150—The Ethmoid Cells or Sinuses, 152—The Sphenoid Sinuses, 154—The Mucous Membrane of the Paranasal Sinuses, 156—Development of the Sinuses, 157.	
The Physiology of the Sinuses	158
The Physical Examination of the Paranasal Sinuses	158
Transillumination, 158—Radiography in the Diagnosis of Sinus Disease, 161—References, 165.	

CHAPTER 11

ACUTE SINUSITIS	166
Acute Ethmoiditis, 168—Acute Frontal Sinusitis, 169—Acute Sphenoiditis, 171—Acute Maxillary Sinusitis of Nasal Origin, 173—Acute Maxillary Sinusitis of Dental Origin, 178.	

CHAPTER 12

CHRONIC SINUSITIS	180
General Considerations, 180—The Treatment of Chronic Sinusitis: Nonoperative Treatment, 184—Conservative Surgical Treatment, 185—Radical Intranasal Procedures, 198—Radical Surgical Treatment, 201—References, 213.	

CHAPTER 13

THE COMPLICATIONS OF SINUS DISEASE	215
Orbital Infections of Sinus Origin, 215—Retrolbulbar Neuritis, 217—Cavernous Sinus Thrombosis, 219—Abscess of the Frontal Lobe of the Brain, 220—Diffuse Suppurative Leptomeningitis, 223—Osteomyelitis of the Skull, 224—The Role of Sinus Infection as a Focus, 229—Sinus Infection in Children, 230—References, 232.	

CHAPTER 14

MISCELLANEOUS DISEASES OF THE PARANASAL SINUSES	235
Fungous Infections of the Paranasal Sinuses, 233—Mucocoele of the Sinuses, 234—Cysts of the Maxillary Sinus, 235—Benign New Growths of the Paranasal	

Sinuses, 236—Malignant New Growths of the Nasal Cavities and Sinuses, 237—
Vacuum Sinus Headache, 239—Anterior Ethmoidal or Nasociliary Neuralgia,
240—Sphenopalatine Ganglion Neuralgia, 240—Fractures of the Skull and
Facial Bones Involving the Sinuses, 244—Foreign Bodies in the Paranasal
Sinuses, 245—References, 246.

SECTION IV. THE DISEASES OF THE PHARYNX

CHAPTER 15

THE ANATOMY AND PHYSIOLOGY OF THE PHARYNX.....	247
The Anatomy of the Pharynx: The Nasopharynx, 247—The Oropharynx, 247— The Laryngopharynx, 248—The Anatomy of the Lymphatic Structures, 249— The Anatomy of the Pharyngeal Wall, 251—The Relations of the Pharynx to the Structures of the Neck, 253—The Physiology of the Pharynx, 256.	

CHAPTER 16

THE PHYSICAL EXAMINATION OF THE PHARYNX.....	258
The Nasopharynx, 258—The Oropharynx, 258—The Laryngopharynx, 261— The Physical Examination of the Neck, 261—The Radiographic Examination of the Neck, 261.	

CHAPTER 17

THE DISEASES OF THE PHARYNX.....	263
Acute Simple Pharyngitis, 263—Chronic Simple Pharyngitis, 265—Atrophic Pharyngitis, 267—Membranous Pharyngitis, 267—Diphtheria of the Pharynx, 268—Fusospirochetal Pharyngitis, 271—Acute Pharyngitis Associated with Blood Dyscrasias: Infectious Mononucleosis, 273—Acute Leukemia, 274— Agranulocytic Angina, 274—Fungous Infections of the Pharynx: Moniliasis (Thrush), 275—Sporotrichosis, 275—Blastomycosis, 276—Actinomycosis, 276— References, 277.	

CHAPTER 18

THE DISEASES OF THE PHARYNX (<i>Continued</i>).....	278
Syphilis of the Pharynx, 278—Tuberculosis of the Pharynx, 280—Lupus of the Pharynx, 281—Tuberculosis of the Tonsil and Adenoid, 282—Herpes of the Pharynx, 282—Hyperkeratosis of the Pharynx, 283—Calculus of the Tonsil, 284—Foreign Bodies in the Pharynx, 284—Nervous Disorders of the Pharynx— Motor Disorders: Spasms and Paralyzes, 286—Sensory Disorders: Anesthesia and Hypesthesia, 287—Hyperesthesia and Hyperalgesia, 288—Paresthesias, 288—References, 289.	

CHAPTER 19

THE DISEASES OF THE PHARYNX (<i>Continued</i>).....	290
Tumors of the Nasopharynx: Nasopharyngeal Fibroma, 290—Other Benign New Growths of the Nasopharynx, 292—Malignant New Growths of the Naso- pharynx, 292—Tumors of the Oropharynx, 293—Tumors of the Tonsil, 293— Tumors of the Laryngopharynx, 294—Treatment of All Malignant Tumors of the Pharynx, 295—Atresia of the Nasopharynx, 296—Nasopharyngeal Bursitis, 297—Lingual Varix, 297—Elongation of the Uvula, 298—Elongation of the Styloid Process, 299—References, 300.	

CHAPTER 20

THE DISEASES OF THE LYMPHATIC STRUCTURES OF THE PHARYNX.....	301
Acute Infection of the Lymphatic Structures, 301—Peritonsillar Abscess, 305— Infections of the Pharyngomaxillary (Parapharyngeal) Space and Neck, 308— Retropharyngeal Abscess, 312—Chronic Infection of the Lymphatic Structures, 314—Chronic Tonsillitis, 314—Tonsillectomy, 315—Chronic Adenoiditis, 323— Hyperplasia (Hypertrophy) of the Lymphatic Structures, 324—Hyperplasia of the Adenoid, 324—Adenoidectomy, 325—Hyperplasia of the Faucial Tonsils, 331—Hyperplasia of the Lingual Tonsils, 334—Hyperplasia and Chronic Infection of the Lateral Pharyngeal Folds and Pharyngeal Granulations, 335—In- fections of the Lymphatic Structures as Foci, 337—References, 337.	

SECTION V. THE DISEASES OF THE LARYNX

CHAPTER 21

THE ANATOMY AND PHYSIOLOGY OF THE LARYNX.....	PAGE 338
The Anatomy of the Larynx, 338—The Physiology of the Larynx, 343—References, 346.	

CHAPTER 22

THE PHYSICAL EXAMINATION OF THE HYPOPHARYNX AND THE LARYNX BY MIRROR LARYNGOSCOPY.....	347
The Technic of the Mirror Examination of the Hypopharynx, Larynx and Upper Trachea, 347—The Structures Seen in Mirror Laryngoscopy, 349.	

CHAPTER 23

THE DISEASES OF THE LARYNX.....	352
Acute Simple Laryngitis, 352—Acute Subglottic Laryngitis, 354—Acute Membranous Laryngitis, 356—Laryngeal Diphtheria, 358—Chronic Laryngitis, 360—Atrophic Laryngitis, 362.	

CHAPTER 24

THE DISEASES OF THE LARYNX (<i>Continued</i>).....	364
Vocal Nodules, 364—Contact Ulcer, 365—Pachydermia Laryngis, 366—Leukokeratosis Laryngis, 367—Prolapse of the Laryngeal Ventricle and Saccule, 369—Affections of the Crico-arytenoid Joint, 370—References, 372.	

CHAPTER 25

THE DISEASES OF THE LARYNX (<i>Continued</i>).....	373
Abscess of the Larynx, 373—Edema of the Larynx, 374—Tracheotomy, 376—Perichondritis and Chondritis of the Larynx, 381—Stenosis of the Larynx, 383—Injuries of the Larynx, 385—Congenital Webs of the Glottis, 386—Congenital Laryngeal Stridor, 387—Reference, 388.	

CHAPTER 26

THE DISEASES OF THE LARYNX (<i>Continued</i>).....	389
Syphilis of the Larynx, 389—Tuberculosis of the Larynx, 391—Acute Miliary Tuberculosis of the Larynx, 395—Lupus of the Larynx, 396—Nervous Affections of the Larynx—Sensory Affections: Hyperesthesia, 397—Paresthesia, 397—Neuralgia, 398—Anesthesia, 398—Motor Affections: Laryngismus Stridulus, 399—Spasm of the Glottis in Adults, 400—Nervous Laryngeal Cough, 400—Spasm of the Tensors of the Vocal Cords, 401—Laryngeal Vertigo or Syncope, 402—Paralyses of Laryngeal Muscles, 402—Parakinetic Affections of the Laryngeal Muscles, 408—Associated Paralyses Seen with Laryngeal Paralyses, 409—References, 409.	

CHAPTER 27

THE DISEASES OF THE LARYNX (<i>Continued</i>).....	410
Benign New Growths of the Larynx, 410—Malignant New Growths of the Larynx: Cancer, 414—Laryngofissure, 420—Laryngectomy, 425—Sarcoma of the Larynx, 430—The Problem of the Loss of Voice after Laryngectomy, 431—References, 431—Table of Differential Diagnosis of the Common Infiltrative and Ulcerative Diseases of the Larynx, 432.	

SECTION VI. THE DISEASES OF THE TRACHEA, BRONCHI, AND ESOPHAGUS: PERORAL ENDOSCOPY

CHAPTER 28

THE ANATOMY AND PHYSIOLOGY OF THE TRACHEA, BRONCHI, ESOPHAGUS AND MEDIASTINUM. THEIR PHYSICAL EXAMINATION.....	434
The Anatomy and Histology of the Trachea, 434—The Anatomy of the Bronchi, 435—The Anatomy of the Esophagus, 438—Its Histology, 440—The Anatomy of	

the Mediastinum, 440—The Physiology of the Trachea, Bronchi and Esophagus, 441—The Physical Examination of the Tracheobronchial Tree and Esophagus: Suspension Laryngoscopy, 442—Peroral Endoscopy: General Considerations, 442—Direct Laryngoscopy, 444—Direct Tracheobronchoscopy, 447—Esophagoscopy, 450—Radiographic Examination of the Tracheobronchial Tree and Esophagus, 452—References, 453.

CHAPTER 29

THE DISEASES OF THE TRACHEA AND BRONCHI.....	454
Acute Tracheobronchitis, 454—Chronic Tracheobronchitis, 455—Tuberculosis of the Trachea and Bronchi, 456—Syphilis of the Trachea and Bronchi, 456—Stenosis of the Trachea and Bronchi, 457—Obstructive Pulmonary Atelectasis, Emphysema and "Drowned Lung," 459—Bronchiectasis, 460—Pulmonary Abscess, 462—Benign and Malignant New Growths of the Tracheobronchial Tree, 463—References, 464.	

CHAPTER 30

THE DISEASES OF THE ESOPHAGUS.....	465
Congenital Malformations, 465—Acute Esophagitis, 465—Chronic Esophagitis, 466—Ulcers of the Esophagus, 466—Injuries of the Esophagus, 467—Cicatricial Stenosis of the Esophagus, 467—Compression Stenosis of the Esophagus, 468—Diffuse Dilatation of the Esophagus, 469—Diverticula of the Esophagus, 469—Benign New Growths of the Esophagus, 472—Malignant New Growths of the Esophagus, 473—Periesophagitis and Mediastinitis, 474—References, 476.	

CHAPTER 31

FOREIGN BODIES IN THE LARYNX, TRACHEA, BRONCHI AND ESOPHAGUS.....	477
References, 482.	

SECTION VII. THE DISEASES OF THE EAR

CHAPTER 32

THE ANATOMY OF THE EAR.....	483
The External Ear.....	483
The Auricula or Pinna, 483—The External Auditory Canal, 484.	
The Middle Ear.....	485
The Tympanic Cavity, 485—The Tympanic Membrane or Drum, 486—The Ossicles, 487—The Tympanic Muscles, 488—Histology of the Tympanic Mucosa, 488—The Tympanic or Mastoid Antrum, 489—The Mastoid Cells, 489—The Auditory (Eustachian) Tube, 490—The Development of the Mastoid Pneumatic Cells, 491.	
The Internal Ear.....	493
The Labyrinth, 493—The Acoustic Nerve (The Eighth Cranial Nerve), 499.	
The Anatomy of the Temporal Bone as a Whole.....	501

CHAPTER 33

THE PHYSIOLOGY OF THE EAR.....	505
The Physiology of Hearing, 505—The Physiology of Equilibrium, 506—The Hygiene of the Ear, 509—References, 510.	

CHAPTER 34

THE FUNCTIONAL AND PHYSICAL EXAMINATION OF THE EAR.....	511
The Functional Examination of the Hearing, 511—The Functional Examination of the Semicircular Canal Apparatus, 515—Observance of Spontaneous Phenomena, 515—Aural Vertigo, 517—Observance of Induced Labyrinthine Phenomena, 517—The Physical Examination of the Ear, 521—Otoscopy, 521—The Inflation of the Auditory Tube, 524—References, 526.	

CHAPTER 35

	PAGE
THE DISEASES OF THE EXTERNAL EAR, THE EXTERNAL AUDITORY CANAL AND THE TYMPANIC MEMBRANE.....	527
Diseases of the External Ear and External Auditory Canal.....	527
Dermatitis, 527—Othematoma, 529—Perichondritis, 530—Herpes Simplex and Herpes Zoster Oticus, 531—Injuries, 532—Deformities, 532—New Growths, 532—Furuncle, 533—Diffuse External Otitis, 535—Otomycosis, 536—Impaction of Cerumen in the External Auditory Canal, 537—Foreign Bodies in the External Auditory Canal, 537.	
Diseases of the Tympanic Membrane.....	538
Acute Myringitis, 538—Myringitis Bullosa, 539—Traumatic Rupture of the Tympanic Membrane, 540—References, 540.	

CHAPTER 36

ACUTE INFLAMMATION OF THE TYMPANIC CAVITY AND MASTOID CELLS.....	541
Auditory Tube Obstruction, 541—Acute Otitis Media, 542—Paracentesis (myringotomy), 548—Acute Mastoiditis, 549—Simple Mastoidectomy, 556—Acute Otitis Media and Mastoiditis in Infants and Young Children, 560—Special Forms of Acute Otitis Media and Mastoiditis: Pneumococcus III and Friedländer's Bacillus Infection, 561—Influenzal Infection, 561—Scarlet Fever and Measles Otitis, 562—Diphtheritic Infection, 563—References, 563.	

CHAPTER 37

CHRONIC SUPPURATIVE OTITIS MEDIA AND MASTOIDITIS.....	564
Chronic Simple Suppurative Otitis Media, 565—Chronic Suppurative Otitis Media with Cholesteatoma, 568—The Radical Mastoid Operation, 572.	

CHAPTER 38

THE COMPLICATIONS OF OTITIC SUPPURATION.....	576
Extracranial Complications.....	577
Infection of the Petrous Pyramid, 577—Labyrinthitis of Otitic Origin, 581—Facial Paralysis of Otitic Origin, 588—Osteomyelitis of the Temporal Bone, 589.	
Intracranial Complications.....	590
Extradural Abscess, 590—Lateral Sinus Thrombosis, 591—Otitic Brain Abscess, 594—Otitic Meningitis, 597—References, 599.	

CHAPTER 39

MISCELLANEOUS AURAL AFFECTIONS.....	601
Chronic Auditory Tube Obstruction, 601—Chronic Catarrhal Otitis Media, 601—Chronic Adhesive Otitis Media, 602—Residual Otitis Media, 604—Otosclerosis, 605—Tuberculosis of the Ear, 608—Syphilis of the Ear, 609—Malignant New Growth of the Middle Ear and Mastoid Process, 610—Reflex Otalgia, 610—References, 611.	

CHAPTER 40

MISCELLANEOUS AFFECTIONS OF THE INTERNAL EAR AND ACOUSTIC NERVE.....	612
Nerve Deafness of Known Etiology, 612—Nerve Deafness of Unknown Etiology, 613—Meningitic Neurolabyrinthitis, 614—Traumatic Affections of the Labyrinth and Acoustic Nerve, 614—Traumatic or Occupational Deafness, 615—Simulated Deafness, 616—Congenital Deafness, 617—Deafmutism, 617—Tumor of the Acoustic Nerve, 618—Ménière's Syndrome, 619—Seasickness, 620—References, 621.	

FORMULARY OF PRESCRIPTIONS FOR MEDICATIONS TO BE USED BY PATIENTS.....	623
--	-----

SYMPTOM INDEX.....	631
--------------------	-----

GENERAL INDEX.....	649
--------------------	-----
