The *Side by Side Interactive Activity Workbooks* are designed to serve as self-study companions to the *Side by Side Interactive* multimedia software program and the *Side by Side TV* videos. The Activity Workbooks supplement the technology-based language instruction through motivating activities that are individualized, self-paced, easy-to-use, and fun!

This volume, Activity Workbook 1B, provides up to 60 hours of supplemental practice for Level 1B (Segments 14-26) of the program. It can be used at home, in school, or in any other setting. (The total program contains 52 segments. Learners who complete one segment each week can therefore complete the program in one year.)

FEATURES OF THE ACTIVITY WORKBOOK

- SEGMENT OPENING PAGES indicate the language focus and key vocabulary in the segment and describe the scenes, songs, and other video-based lessons contained in the multimedia software program and in the videos.
- EXERCISES and ACTIVITIES help learners interact with the video-based lessons in each segment. Certain exercises and activities require use of the video material and are indicated with the symbol . Learners can choose to do these exercises and activities before, during, or after they watch the video material.
- SCRIPTS are provided at the end of each workbook segment. Learners can read along as they watch, read before to preview the material, or read later for review and practice.
- A SUMMARY PAGE provides grammar charts and highlights functional expressions featured in each segment.
- An ANSWER KEY enables learners to check their work.

The mission of *Side by Side Interactive* and *Side by Side TV* is to offer learners of English exciting, motivating, and effective language instruction through multimedia software and video. We hope that this companion Activity Workbook helps to provide a language-learning experience that is dynamic, interactive, . . . and fun!
