出版说明

1992年11月,国家教委研究生工作办公室颁布了“关于印发《非英语专业研究生英语(第一外语)教学大纲(试行稿)的通知”(以下简称《大纲》)。这个通知指出:“为了贯彻实施学位条例,保证研究生英语教学质量,提高研究生实际应用英语水平,组织编写了《非英语专业研究生英语(第一外语)教学大纲(试行稿)》。”《大纲》颁布下达以后,从事研究生英语教学工作的教师们一方面感到今后教学工作有了基本法规,可以做到有章可循,但同时又感到美中不足,即缺少一套能全面体现大纲精神的教材,供他们使用,俾能正确贯彻大纲精神,达到大纲要求。

北京市研究生英语教学研究会1987年成立伊始,即制定了北京地区研究生英语教学大纲,为全国编写统一的研究生英语教学大纲作出了自己的贡献。国家教委的《大纲》颁布后,我研究会多数成员要求研究会组织力量,尽快编写出一套完整的研究生英语系列教材,以实际行动促进研究生英语教学改革,贯彻《大纲》精神,不断提高教学质量和研究生实际应用英语的能力。

常务理事会根据大家的意见,成立了《研究生英语》教材编委会,负责策划、研究、统筹编写工作。编委会下成立了相应的教材编写组,具体编写《精读教程》、《泛读教程》、《听说教程》和《写译教程》等。我们希望,通过这套系列教材能比较全面地贯彻《大纲》的指导思想,充实研究生英语的教学内容。

在本系列教材编写、出版过程中，我们除得到本研究会理事单位的全力支持外，还得到有关高校研究生院（部）领导的鼓励。特别是中国人民大学出版社的同志为本书的尽早出版做了大量工作，在此我们一并表示衷心的感谢。

由于时间仓促，工作条件和物质条件等诸多限制，本系列教材的缺点和错误在所难免，敬请使用本书的教师和读者指正。

五、参考范文

Increasing your vocabulary can help you in a number of ways. You will discover that knowing synonyms, for example, will decrease the amount of repetition in your compositions and make them more enjoyable to read. And if a teacher enjoys reading your paper, he may even give you a better grade. Also, an increased vocabulary will make your own reading more enjoyable. You will find it much easier to follow the ideas in your textbooks or the newspapers when you do not have to continually run to the dictionary to look up the unknown words. If you are not always stumbling over unfamiliar words, you will become more eager to read and not as discouraged when you do come across an unknown word. As a result, you will read faster and more intelligently, become more knowledgeable, and hence better informed about the world around you. Strange as it may seem, vocabulary study can make you a nobler person.

The old always assume that they know best for the simple reason that they have been around a bit longer. They don't like to feel that their values are being questioned or threatened. And this is precisely what the young are doing. They are questioning the assumptions of their elders and disturbing their complacency. They take leave to doubt that the older generation has created the best of all possible worlds. What they reject more than anything is conformity. Office hours, for instance, are nothing more than enforced slavery. Wouldn't people work best if they were given complete freedom and responsibility? And what about clothing? Who said that all the men in the world should wear drab gray suits and convict haircuts? If we turn our minds to more serious matters, who said that human differences can best be solved through conventional politics or by violent means? Why have the older generation so often used violence to solve their problems? Why are they so unhappy and guilt-ridden in their personal lives, so obsessed with mean ambitions and the desire to amass more and more material possessions? Can anything be right with the rat-race? Haven't the old lost touch with all that is important in life?

These are not questions the older generation can shrug off lightly. Their record over the past forty years or so hasn't been exactly spotless. Traditionally, the young have turned to their elders for guidance. Today, the situation might be reversed. The
