From Managing Director

The Times of India Press.

Quality printing gives prestige to your product . . . secures maximum orders . . . is an efficient salesman devoted to your interests. Sloppy printing undermines your reputation . . . weakens the confidence of your customers . . . repels instead of attracting. For profitable catalogues, folders, showcards, cartons . . . for distinguished letterheads and brochures . . . consult *The Times of India Press Bombay*. Suggestions and estimates are submitted without obligation
