FOREWORD

In the almost eight years that have elapsed since the Copyright Act of 1976 became effective on January 1, 1978, a large number of major federal court decisions have been handed down construing the new Act, which eliminated the former dual system of state and federal copyright protection and preempted any common-law protection. This requires a completely new approach to this important area of the law.

The rewritten Copyright article in this volume contains a detailed analysis, based on the new Act and cases construing it, of the procedure for obtaining copyrights and of the practical aspects of instituting and defending infringement actions (including the advisability of using expert witnesses). Special attention is paid to (1) the courts' treatment of the "fair use" doctrine; (2) the copyrightability of computer programs; and (3) the effect of cable television and satellite dishes. Also discussed in detail are the Semiconductor Chip Protection Act of 1984, and criminal offenses such as piracy of audio and video tapes.

This volume also contains the first part of a completely revised article on Corporations, reflecting changes in the law in the 20 years since Volume 18 was first published. This article will be continued in Volumes 18A, 18B and 19. A more detailed analysis of its contents will be found in the Foreword to Volume 18A.

The other articles formerly appearing in Volume 18 have also been updated and rewritten. They include the articles on Contribution (which incorporates cases construing the Uniform Contribution Among Tortfeasors Act); Conversion; Cooperative Associations (including sections on the availability of financial assistance from the National Consumers Cooperative Bank and the Banks for Cooperatives, and on the tax treatment of patronage dividends); Coram Nobis (including a discussion of the Uniform Post-Conviction Procedure Act); and Coroners or Medical Examiners.

Research References at the beginning of each article and at the beginning of divisions within each article provide you with easy access to statutes, Uniform Laws, and units of the Total Client-Service Library.

Practice-oriented materials are inserted at appropriate places throughout the various articles to enhance their usefulness. Note such headings as:

- *Practice guide*
- *Form drafting guide*
- *Checklist*
- *Recommendation*
- *Caution*
- *Comment*

THE PUBLISHERS

TABLE OF PARALLEL REFERENCES

The following table shows where the subject matter of the various sections of the article in the second edition is treated in this revised edition.

The reader should always consult the volume index for detail and for matter not appearing in the earlier edition.
