## Why should we learn English?

If you want to ask me why we should learn English, my answer will be simple and clear. Now let me enumerate (列举) the reasons one by one in the following.

In the first place, English has been an international language. If you know English, you can make a trip round the world without being misunderstood.

In the second place, most valuable books, newspapers and magazines are written in English. If you wish to get knowledge, you must learn English.

**2****Where there is a will,  
there is a way**

The key to success is not so much money but a strong will. A great man is one who has a strong will and an indomitable (不屈不挠的) spirit. In other words, if a man does not have a strong will to win the final victory, he will never succeed in his life. He is no more than a failure.

It is quite obvious that there is nothing difficult in the world. If you make up your mind to do it, you will certainly accomplish your end. That stands to reason.

3

## The Chinese New Year

I like the Chinese New Year better than any other festival. This is a time especially for rest and joy. I don't have to study. I wear good clothes and eat good food. I have a good time from morning till night. To be frank with you, I am as happy as a king.

The Chinese New Year lasts as long as fifteen days. It gives us more pleasure than we have imagined. After that, we have to resume (重新开始) our normal work.

## 4

## Choosing friends

A man who is careful in choosing friends will certainly derive benefit from them. Why? Because there are more false friends than real ones in this world. To have one real friend is better than have a hundred false ones. Friends who flatter you to your face are not true friends.

On one hand, we must make friends with those who have good character and kindness of heart. On the other hand, we should do our best to avoid keeping company with bad people.

## 5

**A good friend of mine**

I have a good friend, whose name is Hu Ying. She is an ordinary-looking girl with short hair. She is not very tall but very clever.

We study in the same class. She always studies hard. She is more diligent than any other student in our class. Every morning she comes first into the classroom and then reads aloud. In my opinion, she sets us a good example.

Not only does she work hard, but also is kind to others. Especially, when you are

in trouble, she will give you warm help. I will never forget the day when I had a bad stomachache in PE class. I was sitting on the playground, bending down painfully. Everyone did what he or she enjoyed, but Hu Ying came up to me in a hurry and asked, “What’s the matter with you?” I told her weakly about it. Without hesitation, she supported me with her hand to see the school doctor. After taking the medicine, I felt better.

Since then, we have been good friends. I have made great progress in my English study with her help.

I’m so proud that I have such a good friend.
