短文写作命题趋势与应试策略

一

六级作文的六种命题形式

710分新题型的六级考试,作文是第一大题,作文从传统六级考卷的最后一跃成为新考卷的开篇,决非只是位置的转变,作文是检测考生综合运用英语语言能力的最佳题型,作文的重要性应当引起每一位六级考生的高度重视。

① 提纲作文

提纲作文是六级考试和研究生考试采用得最频繁的写作测试模式。提纲作文是一种控制性作文。此类作文是控制和约束学生漫无边际展开说明议论的一种命题方式。考生应根据所提供的题目和提纲要点对文章主题的内容和规定进行拓展,形成一篇充分表达提纲中心思想的短文,多采用议论文体。

短文提纲不仅清楚地显示了短文的段落层次,而且还明确地提出了各段的段落的依据,为写作提供了一个很好的框架。由于有了命题提纲的提示,考生不易偏题,但千万不能把所给的提纲(有时是短语,有时是句子)照搬到文章中去或把汉语提纲译成英文。因而这种题型更易于检查学生的英语表达能力。注意近年来六级考试中的这类作文题,超过了所有考试的二分之一。

写好提纲作文要注意以下几点:

- 仔细审题,细致推敲,根据提纲确定主题。
- 写好每段的主题句,扣住主题,言之有物。
- 段落扩展必须紧扣主题句。
- 切忌不可逐字逐句的翻译提纲,或把提纲照搬到文章中。

(1) 中文提纲作文

例 1:

Directions: For this part you are allowed 30 minutes to write a composition on the topic *Have a Better Command of Chinese* according to the following outline given below (given in Chinese) your composition should be no less than 150 words.

1. 大学生的语文水平普遍不高
2. 造成这种情况的原因
3. 如何提高文化水平

通过认真阅读作文要求,写作者知道这是一篇提纲作文。作文标题及所给的提纲比较明确地规定了短文的主题及扩展方向。根据提纲,我们可确定短文写成三段。

1. 语文水平不高的现状
2. 造成水平不高的原因
3. 解决措施方法

参考范文

Have a Better Command of Chinese

Nowadays the phenomenon has aroused wide concern that more and more university students have much trouble using good Chinese, either orally or in paper work. Many employers complain that many college graduates are not good at written work – some even can't write a note properly. The public can't help wondering what has happened in our education.

The answer involves many factors. The major one lies in our elementary and secondary schooling. Now a vast majority of schools adopt standard tests involving a uniform pattern—multiple choices. The consequence is serious: many students become too passive in their study. Worst of all, teachers place too much emphasis on mechanic memorizing, so that the language learning becomes a dead thing. Another factor is that our schooling neglects the application aspect. So students find it hard to put book knowledge to practical use. And our media often appear many wrong uses of Chinese, which also have a misleading effect on the young.

It is time for society to do something to correct the situation. A larger – scale reform should be carried out in our schools at different levels. Teaching theories and methods should be up – dated to meet the needs of a new age. Most important of all, students must be aware of the importance of learning Chinese well. It should be borne in mind that a good command of Chinese is of vital importance to both individuals and the future of our nation.

例 2:

Directions: For this part, you are allowed 30 minutes to write a composition "Water Pollution" based on the following outline (give in Chinese) and your writing should be no less than 150 words.

1. 大家都认为水的污染是一个严重的问题
2. 被污染的水对每个人都有害
3. 人们应该找出解决这个问题的办法

参考范文

Water Pollution

Everyone agrees that water pollution is a serious problem today. With rapid industrialization and urbanization, more waste – bearing water is discharged into rivers, lakes and oceans. The dispersed pollutants, both organic and inorganic, degrade the quality of water, and threaten its availability and usefulness.

Polluted water is a hazard to everyone. Among the common waterborne diseases are cholera, dysentery and typhoid. The epidemic of the Broad Street Pump in London in 1854 is a case in point. Besides, the smell and the sight of polluted water are physically and aesthetically repulsive.

People should find a solution to this problem. The efforts made so far include treating wastewater by physical, chemical and biological means, and enacting governmental laws to prohibit the pollution of water. Unfortunately, the complete settlement of this issue is too costly at present though it is possible in terms of technology.

(2) 英文提纲作文

例 1:

Directions: For this parts, you are allowed 30 minutes to write a composition on the topic "How to Solve Energy Crisis" according to the following outline given below (given in English). Your composition should be no less than 150 words.

1. Current energy – consumption situation
2. Your suggestions in relation to the solution to crisis
3. Future prospect

这是一篇英文提纲作文,指令要求作文标题是“如何解决能源危机问题”,字数要求不少于150个字,英文提纲给出了各个自然段的中心思想,并让考生明确了短文的主题及扩展方向。根据提纲,我们也可确定短文以三段式结构为好。

1. the phenomenon of energy – consumption
2. the way to solve the problem
3. solar energy

参考范文

How to Solve Energy Crisis

Man is faced with a big problem—the energy crisis, which is becoming more and more serious. First, with the increase to the world's population, the demand for fuels is growing steadily. Second, the rapid development of industry and agriculture calls for an increasing amount of coal, oil and natural gas.

Confronted with the energy crisis, we should take a series of effective measures to save energy. For one thing, people all over the world should be taught to realize the severe fact that our natural resources have been fixed since the earth was created, and they can't reproduce themselves. For another, the governments of all countries are supposed to lay down the rules and regulations to restrict the amount of gas used by cars. Finally, scientific researches should be encouraged to work out efficient methods of saving fuels and to seek new sources of energy.

Personally, I believe that solar energy is a possible source of clean, inexpensive and abundant energy. It does not pollute the environment and costs only so much as the installation of solar panels to absorb the sun's rays. Consequently, I'm confident that a bright future is awaiting us because solar energy will be able to help us to solve the energy crisis.

例 2:

Directions: For this part, you are allowed 30 minutes to write a composition on the topic "Challenges" according to the following outline given below (given in English). Your composition should be no less than 150 words.

1. Everyone has to accept all kinds of challenges in his life.
2. Many reasons are included in people's preference to challenges.
3. Today we still confront many challenges.

参考范文

Challenges

Everyone has to accept all kinds of challenges in his life. There are not only physical challenges, but also social and intellectual challenges. Adventurers risk their lives in exploring the primitive areas. Athletes devote themselves to playing sports to show their skills.

Many reasons are included in people's preference to challenges. The first is curiosity. Normally people take great interest in unknown things and world. The second is the personal feeling of achievement. People often pride themselves on their abilities to go through challenges smoothly. The third is for the meaning of life. After challenges, people can know themselves better and deeply enjoy the real life.

Today we still confront many challenges. Doctors face the challenges of conquering diseases attacking human beings. Planners must produce more design and transportation. Scientists are to develop new forms of energy. All in all, we live in an age of challenges.

2 命题作文

命题作文也称标题作文,是一种常见的传统命题方法。命题作文就是出题者只给出一道作文题目,要求考生根据所给题目运用恰当文体,在规定时间内写出切题、流畅、无语法错误的文章。由于命题作文只提供题目,既没有提供主题句或关键词,也没有情景规定,因而命题作文给考生的思考空间大些,考生可以发挥想象力和独创性,运用多种文体进行写作,如议论文、说明文、描写文等。但是考生必须按照题目指定的内容和范围,确定好全文的主题思想。

写好命题作文要注意以下几点:

- 注意审题,充分理解题目要求,确定中心思想。
- 决定写作文体:记叙文、说明文、描写文还是议论文。
- 构思内容,适当选材,切忌跑题。

例 1:

Directions: For this part, you are allowed 30 minutes to write a short essay entitled *Is the Spirit of Lei Feng out of Style?*, you should write at least 150 words.

范文

Is the Spirit of Lei Feng out of Style?

There are some voices claiming that Lei Feng's spirit has gone out of style in today's society. They reason that in commodity economy people should seek more practical things, such as fame, money and the comfortable life. To them nothing is more important than those things, which is often regarded as the view of the present generation.

There are some other voices claiming that the spirit of Lei Feng still has an enormous echo in millions of Chinese people. The great soldier's story has such a strong influence on people's ideas, values and ways of life that in every field of society there arose countless "living Lei Fengs", who follow the example of Lei Feng and serve the people heart and soul.

In my opinion, the spirit of Lei Feng will never be out of date. Instead, it has been brought forward. Today more and more "Lei Fengs" are coming forth from various circles among whom "Xu Hu" has already set a good example to the whole nation. The spirit of Lei Feng—an unselfish spirit will always encourage us to go forward.

例2:

Directions: For this part, you are allowed 30 minutes to write a composition of no less than 150 words based on the following title: **How to Solve the Problem of Heavy Traffic?**

范文

How to Solve the Problem of Heavy Traffic?

Today, heavy traffic has been a headache in big cities. It makes people waste much time on the way home or to office. What's more, according to a recent survey, millions of dollars are also wasted in traffic each year. So it is necessary to solve this problem.

There are a few solutions to this problem. But the most important one is to lay down more roads so that it is able to relieve the traffic density and accelerate the flow of traffic. Secondly, more bus lines should be opened up. If there are enough roads and bus lines available, more people will take the bus and fewer will drive cars or take taxi. Then the traffic problem will certainly be alleviated. Thirdly, I think, people should be encouraged to ride bicycles. Riding bicycles cannot only help solve the traffic problem but also does good to our health. Besides, riding bicycles has no bad effect on environment.

Traffic problem will continue to exist as more and more people can afford private cars. But with your help, it may not be so serious any more.

③ 关键词作文

关键词作文是六级考试大纲中规定的备考题型之一。关键词作文的命题形式是给出标题和关键词(key words),要求考生根据所提供的题目和关键词语的提示进行写作。这类作文需要考生根据关键词提供的实际上并不连贯的信息片断通过联想来构造短文的主题及提纲,并要求将全部关键词恰到好处地运用在整个文章中,所以这类作文较难把握,写起来有一定难度。在历年六级考试作文考题中尚未出现有完全意义的关键词作文,只在1995年6月的作文题中除了题目及中文提纲之外,同时又给出了三个关键词,对考生进行提示和限制。

写关键词作文时必须注意以下几点:

- 理解题目,分析关键词属于哪方面内容,正确领会题目意图及写作要求。
- 推敲关键词,将关键词合理分段分层。
- 正确运用关键词,切忌不可遗漏,并注意文章的合理性、连贯性和切题性。

alleviate 减轻,缓解

例1:

Should Fire Crackers Be Banned

Directions: For this part, you are allowed 30 minutes to write a short essay entitled **Should Fire Crackers Be Banned?** You should write at least 150 words and you should base your composition on the outline (given in Chinese) below.

1. 有人认为放鞭炮是好事,为什么?
2. 有人认为放鞭炮是坏事,为什么?
3. 我的看法。

[Suggested key words: firecrackers 鞭炮: set off/ let off 放(鞭炮)]

Remember to write your composition neatly.

参考范文

Should Fire Crackers Be Banned

Opinions about whether **firecrackers** should be banned vary from person to person. Some people say that it is a good thing to **set off firecrackers**. To them, **setting off firecrackers** is a traditional means to celebrate our special days, particularly the Spring Festival. If **firecrackers** were banned, our festivals would become too quiet to enjoy.

Others think firecrackers should be banned. In support of their argument, they list many facts to show that fires are caused by **firecrackers**, which bring so much damage to people. At the same time, they say, **firecrackers** make noise and cause air pollution.

Personally, I am on the side of the latter argument. It is true that **firecrackers** make our festivals more enjoyable, but, I think, we can find other forms of entertainment. And also, we can enjoy the sound of **firecrackers** by listening to a tape recorder instead of setting them off. In a word, **firecrackers** should be banned for the benefit of most people!

例 2:

Directions: For this part, you are allowed 30 minutes to write a short essay entitled *On the Heat Wave of Going Abroad?* You should write at least 150 words and you should base your composition on the outline (given in Chinese) below.

Key words:

1. go abroad study immigrants college graduates a loss to China
2. come back science and technology

参考范文

On the Heat Wave of Going Abroad

Since the early 1980's, many Chinese, mostly young people, have **gone abroad** for further education or to settle down as **immigrants**. According to incomplete statistics, more than 50,000 Chinese are **studying** in the United States; other tens of thousands are in European countries, in Canada, Australia or Japan. People have conflicting views of the fact; some support and others worry.

I have the following reasons for this matter. Firstly, China has a huge population of 1.2 billion, so a hundred thousand is only a tiny part of the total. Although most of the people going abroad are **college graduates**, no doubt their leaving is **a loss to China**, the majority remains at home. Secondly, there is no denying that some people may not **come back**, but most are believed to return sooner or later. In 1986, a questionnaire was conducted concerning the Chinese students in North America, 91% of 395 questionees said they would come back. They will bring back to China western **science and technology**. In this sense, many people's studying abroad can be regarded as a long term investment.

We have no reason to make a fuss about the heat wave. Taiwan had the similar situation in the 1960's. However, its step forward was not drawn back. I am sure that it will be true of the mainland.

例 3:

Directions: For this part, you are allowed 30 minutes to write a composition of no less than 150 words on the topic *The News Media*. You are advised to arrange your ideas in three paragraphs with key words given. The following are the words and phrases you may use in your composition.

Key words:

1. consist of, newspaper, old, still
2. the invention of radio, influence, up-to-the-minute
3. television, the most recently, means of communication, see, hear

参考范文

The News Media

The news media **consists of** radio, television and **newspapers**. Newspapers are the **oldest** form of communicating the news. Today many people **still** begin their day by reading the morning newspaper while having breakfast. Newspapers continue to influence how we view events around us.

The invention of the radio had a tremendous influence on the world. It is able to bring up-to-the-minute news to distant places in a matter of seconds. The development of the radio has made the world a smaller place.

Television, the most recently developed means of communication, allows us to see as well as hear the news. Being able to see visual images has greatly influenced humanity's perceptions of world events. We select our leaders as much by their acting ability as by their political views. Each day television changes our perceptions of life on earth.

4 情景作文

情景作文(Situational Writing)顾名思义就是要求考生根据所给定的某一特定情景进行写作,情景作文的命题形式是给出英文作文标题后,再用英文或汉语给出短文写作内容的提示,要求考生根据短文标题及所给特定的提示展开作文。考生必须注意所给的情景不是以主题句或关键词形式出现,情景是对事实的陈述,千万不要把提示当提纲,或者简单地把中文译成英文。

情景作文的命题形式分为两种:一种是主题式情景作文,即给出标题;另一种是内容式情景作文,即不给出标题,而是给出一定的情景。对于主题式情景作文,要求考生根据标题和给定情景,发挥想象,组织内容。而内容式情景作文不给标题,考生必须善于从所提供的情景中找出中心思想,明确写作目的,确定文章的标题和层次。一般来说,情景作文比提纲作文和段首句作文有更大的发挥余地。

要写好情景作文,考生要注意以下几点:

- 认真阅读情景,明确中心思想,确定文章标题和层次,按情景规定的范围和条件来写文章。
- 注意切情切景,不要自由发挥过头,或者与情景相差万里。
- 注意文章的逻辑性和连贯性。
- 情景可用英文或中文提供。切忌不可将情景提示中的句子照搬抄袭或逐字翻译。
- 情景作文的特点是文章的中心思想和信息都在提供的情景中得到暗示。

The Importance of Education

Education plays an important role in building a prosperous and powerful country. There is no doubt that countries with underdeveloped education would suffer from poverty and backwardness, as was the case of China in the nineteenth century. In recent years, science and economy are in rapid development, and our country needs lots of learned people in order to keep up with other advanced countries. Only by developing education can we realize the modernization of our country.

Education is vital to the development of each individual as well as to a country. In schools, besides learning knowledge, we can build up a strong body and receive a sound moral training. So we can get the all-round moral, intellectual and physical development and be provided with conditions to qualify us for future work.

Yet, not all people have realized the importance of education. This occurs more frequently in the countryside. Some parents think that it is unnecessary to send their children to school. To deal with the problem, we should teach people that the development of our country relies on education and should also enforce compulsory education to ensure that there will be more educated young people for the future of our country.

The Importance of The "Project Hope"

Education plays a very important role in the modernization of our country. However, because of historical factors, there are still a lot of people in China who are undereducated, especially among youngsters in rural areas. They cannot afford the expenses of schooling and need help. At the same time, China is not able to invest too much money in this matter at the present time. It is in this particular situation that the authorities carry out the "Project Hope".

This project is necessary to our country. It is an urgent measure that the government has taken. In the first place, this project will provide conditions for the youngsters to go back to school, which will contribute to their future success. Thus it will lead to the enhancement of the intellectual level in our country. Secondly, education makes it possible for people to acquire knowledge, which is useful to their future work. Hence, this project benefits the modernization of our country a lot. Finally, it can make more people educated. Therefore, it may indirectly result in the increase of the living standards of our people.

In my opinion, this project is of great importance to our country at present. And it also will have a profound effect on the future achievements in our country. I suggest that more work be done so that every child in the countryside can receive elementary education.

Preparing for an Interview

I was going to have an interview with the manager of an insurance company. I had been thinking how to make a good impression on him. I know I was a qualified secretary. In other words, I could type well and fast. But of course, appearance was also important. So I believed that I need something to look smart in the office.

On Sunday morning I went into a shop which sold women's clothes. I told the salesman what I wanted and the man picked out a coat for me to try on. I stood in front of a mirror and wanted to find out if it suited me. I was pleased with the coat and I felt satisfied with myself, too. Because I did look smart. I turned round to take another look. After that I made up my mind to buy it.

With the dress under my arm, I stepped out of the shop. I was confident that I would be the right one to be chosen as a secretary in the insurance company.
