HOW TO USE THE BOOK

We are pleased that you have most updated reference book on China's Machine Tools and Tools. It is divided into 2 volumes, 6 sections in a way to give easy access to all vital information on China's manufacturers and their products you need to assure your competitive advantages.

Do you look for a specific machine tool or tool? Start with the Alphabetical Index of Products (Section II . P. 897) The code composed of 6-digit belonging to the searched notion refers you to the List of Manufacturers by Types of Products (Section II . P. 943) You can also search the code by consulting the classified Index by Groups and Types of Products

The first two digits of the code represent the group code, such as metacutting machine, metalforming machine, foundry machinery, woodworking machine, cutting tool etc. , the middle two indicate the type within the group i. e. type code and the last two the series of the type i. e. series code. The product codes are arranged in numerical order, which appear in square frames at left upper part of the product tables.

Do you look for a specific manufacturer? Consult the Alphabetical List of Manufacturers (Section IV . P. 1533).

A number of Manufacturers are describing themselves and their products in the illustrated Selection (Section III .).

We encourage you to ask the manufacturers for further information.

使用说明

本版全书分上、下两册。

分别包括六大部分。

第Ⅰ部分——中国机床工具行业简况。

第Ⅱ部分——机床工具产品目录。

检索代码的方法有两种。一种是按产品英文名称的字母顺序检索；另一种是按产品类别检索。只要按其中一种先查到所需产品的代码，然后按此代码即可在其后部分中查到该产品的制造厂家及产品主要规格。

全部机床工具产品划分为十六大类和若干小类，分别以六位数字的代码加以区别。前两位数字表示专业代码（如金属切削机床，锻压机械，铸造机械，木工机床，切削刀具……等）；中间两位数字表示专业中产品大类（即类代码），后两位数字表示产品系列（称系列代码）。产品代码按数序排列，标在各产品目录表左上方的方框内。

在产品目录表中附有制造厂代号，利用此代号可在第Ⅳ部分查到有关该制造厂的详细通讯地址及生产的各类产品。

第Ⅲ部分——中国机床工具行业部分企业及其产品简介。

第Ⅳ部分——中国机床工具行业企业通讯录。内容包括厂名、地址、邮政编码、电话、电挂、电传、传真以及其所生产的主要产品的代码。这部分是按英文厂名字母的顺序排列的。

第Ⅴ部分——从事机床工具商品进出口贸易公司的通讯录。

第Ⅵ部分——中国机床工具行业中介机构的通讯录。

CONTENTS

目 录

I . Brief Introduction of China Machine Tool and Tool Industry	9
中国机床工具行业简况	
II . List of Manufacturers By Types of Products	943
产品目录	
III . Illustrated Selection	1531
中国机床工具行业企业介绍	
IV . Alphabetrical List of Manufacturers	1533
中国机床工具行业企业通讯录	
(按英文字母顺序排列)	
V . Machine Tool Import & Export Companies	855
从事机床工具商品进出口贸易的公司	
VI . Medium Organizations for China's Machine Tool Industry	857
中国机床工具行业中介机构	

Index of Machine Tool & Tool Types
Alphabetically Arranged in English

按英文字母顺序排列的产品代码表

A

Abrasive belt	080505
Abrasive disk	080506
Abrasive segment	080305
AC and DC switch type solenoid for driving hydraulic-valve	100505
AC contactor	100101
AC solenoid for driving hydraulicvalve	100502
Adjustable carbide groove and tongue cutter	071036
Adjustable carbide floating reamer	070336
Adjustable gear shaving cutter	070626
Adjustable hand reamer	070342
Air conditioning device	140301
Air cylinder with brake	140509
Air cylinder with switch	140504
Air cylinder with valve	140505
Air drier	140201
Air operated valve	140402
Air-hydro booster	140602
Air-hydro clamping head	140603
Air-hydro converter	140601
Air-hydro speed control cylinder	140604
Air time relay	100308
"Ajust-tru" precision chuck	090505
Aluminium level	060107
American standard twist drills with parallel shank	070381
Angle	060106
Angle digital readout	101201
Angle locking machine vice	090707
Antibreaking taps	070453
Assembled deep hole drills	070376
Automatic air switch	100404
Automatic sorting machine	050202
Automatic tool changer	160801
Automatic zero-adjustment gauge	060510

Auxiliary contactor block 100303

B

Ball endmill	070267
Ball-nosed carbide helical endmill	070266
Ball screws	150101
Ball-type centre drills	070390
Bambooworking drill	071055
Bevel gear cutter	070603
Bevel gear integrated error tester type CSZ- 500	050301
Bi-metal cutting band saw	070903
Bi-metal hand hacksaw blade	070905
Black fased alumina	080106
Black silicon carbide	080107
Bore dial indicator	060402
Borer	071028
Boring head	091701
Boron carbide	080110
Brazed carbide endmill	070215
Brazed carbide face turning tool (45°) ...	070156
Brazed carbide grooving tool	070157
Brazed carbide turning tool (70°)	070154
Brazed carbide turning tool (90°, 95°)	070155
Brazed deep-hole drills	070380
Brazed natural diamond tool	070171
Brown fused alumina	080101
BT type boring and milling tool system ...	071103
Build-up gear hob	070631

C

Cable air cylinder	140506
CABS tool system of heavy duty boring and milling machine	071101
Cam starter	100202
Capacitive gete linear transducer	131141
Capped fine tooth face milling cutter	070283

Carbide bamboo and woodworking cutter	071049	Carbide parallel shank endmill with helical teeth	070295
Carbide bamboo and woodworking flat cutter	071048	Carbide rectangular threading insert for petroleum pipe	070438
Carbide bamboo mat cutter	071046	Carbide rotary tool	070244
Carbide bamboo working form milling cutter	071054	Carbide router bit	071034
Carbide brazing insert (YG)	070101	Carbide segment threading insert for petroleum pipe	070439
Carbide brazing insert (YT)	070102	Carbide self-grip cut-off tool	070153
Carbide brazing insert (YW)	070103	Carbide shaver for wood working	071003
Carbide 45°cranked external turning tool	070104	Carbide shell face milling cutter with spiral teeth	070227
Carbide cutting blade for PCB leads	070388	Carbide side and face milling cutter with straight teeth	070296
Carbide drill	070304	Carbide single edge; multi-edge reamer	070389
Carbide eject drills	070377	Carbide skiving gear hop	070611
Carbide engraving cutter (high grade) ...	071039	Carbide slotting cutter	071009
Carbide engraving cutter (luxury)	071040	Carbide slotting saw	070240
Carbide engraving cutter (super luxury) ...	071041	Carbide spiral endmills	070299
Carbide engraving cutter (super hard material)	071042	Carbide taper shank endmill with helical teeth	070216
Carbide fine-pitch gear hob	070606	Carbide taper shank endmill with spiral teeth	070217
Carbide gear hob for hardened tooth flank	070629	Carbide taper shank endmill with spiral teeth (double edge)	070218
Carbide gear shaper cutter	070630	Carbide taper shank twist drill	070309
Carbide gun drills	070349	Carbide-tipped circular sawblade for wood working	071001
Carbide insert	070106	Carbide-tipped cut-off turning tool	070109
Carbide internal chip-removal deep hole drills (type P)	070345	Carbide-tipped dovetail planing tool	070120
Carbide internal chip-removal deep hole drills (type B)	070346	Carbide-tipped gear hob	070615
Carbide internal chip-removal deep hole drills (type D)	070347	Carbide-tipped internal recessing tool	070116
Carbide machine reamer with inserted blade	070384	45°Carbide-tipped internal turning tool	070113
Carbide machine reamer with taper shank	070331	75°Carbide-tipped internal turning tool	070114
Carbide machine reamer with parallel shank	070332	90°95° Carbide-tipped internal turning tool	070115
Carbide masonry drills	070369	Carbide-tipped masonry drill	070305
Carbide milling cutter (two or three teeth)	071032	90° Carbide-tipped offset planing tool	070118

Carbide-tipped planing tool	070121	90°)	070150
45° Carbide-tipped planing tool	070119	Clamped single edge reamer (taper	
Carbide-tipped pulley grooving tool	070112	shank)	070344
75° Carbide-tipped turning tool	070107	Clamped single edge reamer (straight	
90° Carbide-tipped turning tool	070108	shank)	070343
Carbide-tipped turning tool for external		Closely-spaced longitudinal gaps	
threading	070111	rectangular electromagnetic chuck	091305
Carbide-tipped turning tool for internal		CNC system for grinding machine	120801
threading	070117	CNC system for lathe	120210
Carbide tool shank for petroleum pipe		CNC system for metaforming	
threading (external)	070442	machinery	120201
Carbide tool shank for petroleum pipe		CNC system for milling machine	121701
threading (internal)	070441	CNC system for wire-cut EDM	
Carbide toothpick cutter	071047	machine	122601
Carbide window and door milling		Coarse shank carbide twist drills for	
cutters	071064	PCB	070387
Carbide zero gear cutter	070602	Collet	070813
Carpentry's band saw	071022	Collet assembly	070812
Center rest	091901	Collet chuck	091104
Centrebit for wood working	071017	Collet holder	070811
Change-over switch	100801	Combination chuck (including pipe	
Chrome line circular grating	131220	chuck)	090508
Circular barrel cleaning machine	030411	Combination inductive synchronous	
Circular blade	071021	transducer	131111
Circuit breaker	100401	Combination tap	070418
Circular electro-magnetic chuck	091302	Combined diagram level	050504
Circular grating digital readout	132220	60°Combined drill and countersink bell	
Circular permanent-magnetic chuck	091304	type	070322
Circular sawblade grinding machine	010766	60°Combined drill and countersink plain	
Clamped carbide helical endmill	070265	type	070321
Clamped cut off tool (adjustable)	070149	Comparator	060404
Clamped external thread turning tool		Composite Cubic Boron Nitride turning	
(adjustable)	070143	tool	070169
Clamped grooving tool (adjustable)	070144	Concave milling cutter	070236
Clamped internal grooving tool		Concave milling cutter for wood	
(adjustable)	070148	working	071011
Clamped internal grooving tool	070152	Conical endmills	070297
Clamped internal thread turning tool		Contact relay	100301
(adjustable)	070147	Control transformer	101001
Clamped internal thread turning tool	070151	Conventional air cylinder	140501
Clamped internal turning tool (60°,		Conventional and NC copy turning tool ...	070178

Conventional and NC face turning tool	070179
Conventional and NC external turning tool	070177
Conventional and NC internal turning tool	070180
Conventional lapping paste	080309
Convex milling cutter	070235
Convex milling cutter for wood working	071010
Convex triangular ceramic insert	070165
Coordinate measuring machine	050104
Core drill for wood working	071018
Corner notching units	160901
Counter	100312
C punching hole equipment	160701
Creep action limit switch	100703
Creep feed grinding wheel	080407
Creepage protector	100405
Cross command switch	100902
Cross type electric hammer drill	070319
CSG cylindrical shank tool system for CNC lathes	071126
Cubic Boron Nitride	080702
Cubic Boron Nitride milling cutter	070250
Cubic Boron Nitride sintered compact	080704
Cubic Boron Nitride wheel	080807
Cubic silicon carbide	080109
Cutter for wood pin	071037
Cutting-tool presetter	050901
Cycloidal gear tester type CQB700D	050302
Cylinder and valve for power chuck	091903
Cylinder gage (plug, ring gage)	060101
Cylindrical milling cutter	070229
Cylindrical milling cutter with carbide insert	070230
Cylindrical shank percussion drill	070307
Cylindrical type electric hammer drill	070320
CZ -450 gear integrated error tester and 3001-A universal gear measuring machine	050302

D

DC solenoid for driving hydraulic valve ...	100503
Dead centre	090901
Deep counterbore type gear shaper cutter	070623
Deep hole drill	070317
Deep hole twist drills with parabolic flutes	070350
Depressed centre grinding wheel	080402
Depth vernier caliper	060203
Dial height gauge	060211
Dial indicator	060403
Dial indicator	060401
Dial vernier caliper	060205
Diamond cutting circular sawblade	071043
Diamond dressing wheel	080806
Diamond groovy circular saw blade and body	071060
Diamond joint block	071053
Diamond marble cutting blade	070144
75°Diamond-shape ceramic indexable insert	070163
Diamond sintered compact	080703
Digit readout micrometer	060308
Digital display rotary table	090307
Digital readout for capacitive gate dial ...	132221
Digital readout for inductive	132110
Digital readout for linear grating	132120
Digital readout for magnetic scale	132130
Digital readout for rotary inductive	132210
Digital time relay	100310
Disk type bevel gear cutter	070636
Disk-type cutter	070181
Disk type gear cutter	070635
Disk type gear sharper cutter	070622
Disk type gear shaving cutter	070620
Disk-type high precision shear	070182
Disk type rounding milling cutter	070269

Double angle cutter (inch)	070276
Double circular-arc gear hob	070613
Double-end slotting cutter	070221
Double equal-angle cutter	070246
Double-head endmill (inch)	070213
Double-head carbide-tipped turning tool	070110
Double-piston air cylinder	140510
Double-rod air cylinder	140511
Double sine permanent-magnetic chuck	091308
Double unequal-angle cutter	070245
Dovetail cutter	071015
Drill boring rods	170302
Drill chuck adapting shank	091909
Drill chuck holder	070819
Drill chuck with key	071123
Drills with shortened shank	070365
Driving centre	090902
Dry grinding cloth	080501
Dry sanding paper	080502

E

Electric hammer drills	070370
Electric 3-jaw self-centering chuck	090507
Electro-hydraulic servo valves	140904
Electro-magnet brake	100604
Electro-magnetic starter	100203
Electro-pneumatic proportional valves	140901
Electron-amplifier	101101
Electronic digital caliper	060206
Electronic digital depth gauge	060210
Electronic digital height gauge	060209
Electroplated product	080809
Electronic level	050503
Extension arbor for drill holder	070808
Extension arbor for fine-adjustable boring tool of inclined type	070816

Extension arbor for morse taper bush with tang	070805
Extension arbor for morse taper bush with tang	070814
Extension arbor for morse taper bush without tang	070806
Extension arbor for roughing boring tool of inclined type	070815
Extension arbor for shell face milling cutter	070807
Extension arbor for shell reamer	070809
Extension arbor for side and face milling cutter	070810
Extension tool shank	070804
External micrometer	060301
45° external turning tool of lever design ...	070136
90° External turning tool of lever design ...	070128
90° External turning tool of wedge clamp design	070129
60° External turning tool with carbide insert	070105
Extrusion tap	070408

F

Fabric band filter	091906
Far-infrared radiation component	080903
Fibre-reinforced resinoid cut-off wheel	080401
Filing cutter	071058
Fine-adjustable boring bar of inclined type	070828
Fine-adjustable boring head	070829
Fine-pitch gear hob	070605
Finger milling cutters	070279
Finger milling cutters with spiral flute	070281
Finger milling cutter with straight flute	070280
Finish shaver for spur bevel gears	070173
Flat auger bit	071024
Flat relieved tooth slotting cutter	070248

Flatted parallel shank endmill	070262
Flatted parallel shank endmill with "waveform" teeth (inch)	070208
Flatted reamer	070337
Floating safe tap holder	070803
Floating tap chuck holder	070820
Flow control device	140406
Fluted micrometer	060307
Follow rest	091902
Formed cutting edge carbide helical endmill (inch)	070263
Formed cutting edge carbide helical endmill	070264
Form milling cutters	070282
Forstner bit	071025
Frame mortising and tenoning cutter (two teeth)	071005
Front chip removal taps	070450
F22 type precision boring head	071112
F27A type roughing boring head	071116
F23 type semi-finishing boring head	071113
F24 type semi-finishing boring head	071114
F25 type semi-finishing boring head	071115
F21 universal boring head	071111
Full function mode CNC system	124001

G

Gage block	060105
Garnet	080111
Gear hob	070607
Gear hob for pre cold extruding	070637
Gear hob for pregrinding hobbing	070608
Gear hob for preshaving hobbing	070609
Gear hob for preskiving hobbing	070610
Gear pitch measuring machine	050306
Gear shaper cutter with helical teeth	070634
Gear shaper cutter with morse taper shank	070621
Gear tooth tangent micrometer	060304

Grating linear transducer	131122
Green silicon carbide	080108
Grinding sharpener	091911
Grinding stone	080304
Ground endmills	070286
Ground extended drills with parallel shank	070378
Ground hand tap	070402
Ground parallel shank twist drills with combined edges	070351
Ground single edge endmills	070288
Ground straight shank twist drill	070341
Ground straight shank endmill	070270
Ground taper endmills with parallel shank	070287
Ground tap for radiator	070426
Gun saw	071059

H

Hand electric shaver for wood working ...	071004
Hand hacksaw blade	070904
Hand switch group	100802
Hand tap	070401
Hand tap (55° in)	070409
Hand-tight keyless chuck	071124
Heat-resistant air cylinder	140507
Heavy-duty carbide shell face milling cutter	070260
Heavy-duty front chip removal tap	070423
Heavy-duty machine tap	070405
Heavy-duty turning tool with indexable inserts, 90° lead angle	070130
Hexagonal ceramic insert	070167
High grade time relay	100309
High precision collet chuck	070801
High precision more functions rotary auxiliary	091907
High precision, precision machine vice ...	090702
High speed air cylinder	140119

High-speed power chuck	090601
Hob measuring instrument	050305
HSS electric shaver for wood working	071045
HSS hand hacksaw blade	070908
HSS inserts	070174
Hydro-pneumatic servo guiding systems	140903

I

Inch endmill	070214
Inch indexable endmill with R8 shank	070258
Inch machine taps	070456
Inch power drills for woodworking	071020
Inch round die	070433
Inch slotting endmill	070222
Inch straight shank endmill with "waveform" teeth	070210
55° Inch thread flat tangential die	070428
55° Inch thread tangential die for taper pipe	070429
Inch twist drill with 1/4 in. shank	070302
Inch twist drill with 1/2 in. shank	070303
Indexable ball endmill	070268
Indexable carbide endmills	070289
Indexable carbide Inserts for NC threading	070444
Indexable carbide modular face milling cutter	070290
Indexable carbide side and face milling cutter	070291
Indexable carbide stepped face milling cutter	070292
Indexable carbide T-slot milling cutter	070293
Indexable deep hole combined drills	070352
Indexable drill	070314
Indexable endmill with spiral teeth	070261
Indexable endmill with taper shank	070257
75° Indexable external turning tool of upper-clamping design	070131

Indexable face milling cutter	070256
90° Indexable face milling cutter	070251
Indexable face milling cutter with fine teeth	070253
Indexable face milling cutter with taper shank	070255
Indexable floating boring tool	070832
Indexable floating reamer	070329
Indexable internal turning tool 90° lead angel	070134
Indexable half side face milling cutter	070254
45°, 60° Indexable planing tool	070135
Indexable side and face milling cutter	070252
Indexable quick change milling cutters	070278
50°, 80° Indexables taper and planer tool	070138
Indexing locating face gears	092003
Inductance comparator and measuring probe	050102
Inductosyn digital readout	101202
Inner snap gauge	060517
In-process measuring instrument and units for extrnal grinding	050201
Internal caliber	060508
Internal chip-removal deep hole drill	070338
Internal chip-removal tap	070449
Internal measuring micrometer	060303
Internal micrometer	060302
Involute and helix measuring instrument ...	050303
Involute spline broach	070506
Involute spline gear shaper cutter (deep counterbore type)	070706
Involute spline gear shaper cutter (disk type)	070707
Involute spline gear shaper cutter with taper shank	070708
Involute spline hob	070704
Involute spline push broach	070507

J

3-Jaw self-centering chuck (cylindrical recess mounting)	090501
3-Jaw self-centering chuck (short-taper mounting)	090502
4-Jaw independent chuck (cylindrical recess mounting)	090503
4-Jaw independent chuck (short-taper mounting)	090504
2,4,6-Jaw self-centering chuck (cylindrical recess mounting)	090509
6 Jewel shockproof dial indicator	060509
J 4620 reversing tap holder	071119
J 41 A type tap holder	071118
JT Type boring and milling tool system	071104

K

KCM type face milling cutter	070259
Key drill chuck with taper hole	091101
Key drill chuck with threaded hole	091102
Keyway broaches	070505

L

Ladder-shaped leadscrew	170101
Lapping flapwheel	080507
Lead screw measuring instrument	050401
Length double side caliber	060516
Level	050502
Lighting transformer	101002
Limit switch	100701
Linear ball bearing	150501
Linear inductive synchronous transducer	131112
Linear inductosyn and photoelectric pulse generator	050802
Linear magnetic scale	131131
Linear motion guide	150301
Linear roller guides	150701
Little intermediate relay	100303

Live centre	090903
Lock auger	071026
Long shank borer (Double or single teeth)	071025
Long shank machine tap	070404
Long tool shank for XD milling machine	070836
Long nut tap	070412
Low temperature electroplated diamond saw blade	071061

M

Machine and hand taps with staggered teeth	070445
Machine boring bit	071027
Machine reamer with inclination	070379
Machine tap	070403
Machine nut taps	070457
Machine tool fixture	091912
Magnesite bonded grinding wheel	080310
Magnetic rodless cylinder	140512
Main shaft parts of machine	170303
Manual control valve	140403
Manual rotary table	090302
Masonry drills	070348
Masonry drill	071027
Master switch	100901
Measuring accessory	060501
Mechanical valve	140404
Mechanically-clamped plate drill	070315
Mechanically-clamped mortising and tenoning cutter	071050
Mechanically-Clamped turning tool for external threading	070133
Mechanically-clamped woodworking form cutter	071052
Medium shank carbide twist drill for PCB	070386
Metal-cutting band saw	070902
Metal hole saw	071023

Metallographic abrasive paper	080504
Metric and inch vernier caliper	060202
Metric conical reamer	070367
Metric reamer for conical hole of taper thread	070368
Metric thread self-opening tangential die	070427
Microcrystal line fused alumina	080104
Micrometer measuring head	060513
Micro switch	100702
Milling chuck	091105
Milling inserts for spur bevel gears	070172
Mini circuit breaker with high breaking	100402
Miniature air cylinder	140502
Mirror finish carbide turning tool	070170
Model ZY combined pressing plate	070837
Modular die with 8mm slots	60301
Modular die with 12mm slots	60302
Modular die with 16mm slots	60303
Modular face milling cutter	070284
Morse taper bush without tang	070818
Morse taper bush with tang	070817
Morse taper reamer	070326
Morse taper reamer with taper shank	070335 070328
Morse taper shank endmills	070277
Mortise and tenon joint milling cutter	071019
Mortising and tenoning cutter	071051
Motor-driven time relay	100308
Mounted wheel	080306
Multi-disk electro-magnetic clutch	100602
Multi-function quick-change turret	091205
Multi-ring rack type cutter	070633
Multispindle drill head	091904
Multi-threaded extended gear hob	070632

N

NC box of single axis	092004
NC carbide milling cutter	070274

NC dividing head	090201
NC machine tooling system for boring and milling	092005
NC pneumatic direct dividing head	090202
NC rotary table	090401
NC self-centering steady rest	092001
NC turret	092002
Non-lubricated air cylinder	140503
Novikov gear hob	070612
Nut tap	070413

O

One-fourth concave (arc) milling cutter ...	071013
One-fourth convex (arc) milling cutter	071012
Oilstone grinding wheel	080408
Other direction control device	140405
Optical dividing head with projection readout	050701
Optical grating measuring system for linear measurement	050801
Optical rotary table (Hor. , Vert. -Hor. , Tilting)	090306
Other indicators	060511
Other machine vice	090703
Other micrometer	060309
Other vernier caliper	060207
Outside caliper	060507

P

Pallet changer	090402
Parallel shank core drill	070311
Parallel shank counterbore with guide pillar	070371
Parallel shank countersink	070357
Parallel shank 90° countersink with guide pillar	070373
Parallel shank dovetail slot milling cutter	071062
